And in Our Time Antony Shuttleworth, 2003 This book brings together essays which in diverse ways not only revise existing views on thirties writing but also provide ways of accounting for its critical neglect The essays examine from a variety of theoretical and critical perspectives a body of work that reflects the true diversity of the literary and cultural contexts of the thirties and includes studies on the work of Louis MacNeice Frank Sheed Christopher Dawson Alick West Christopher Caudwell Stevie Smith Storm Jameson Phyllis Bottome Ivy Compton Burnett Graham Greene Eric Ambler George Orwell Christina Stead Randall Swingler and Ralph Fox

Marxism in Our Time Isaac Deutscher, 1971

In Our Time Verity Burgmann, 1985-01-01 For many Australian working men and women in the closing days of the nineteenth century SOCIALISM IN OUR TIME was no mere slogan The deepening economic depression cut living standards increased class conflict and tested the newborn trade unions to breaking point In this climate the message of socialist agitators made sense of the experience of the most vulnerable capitalism was doomed socialism was not only inevitable it was imminent This is the story of a crucial time in the political history of Australia told from the perspective of the agitators and their followers By uncovering state by state the hitherto ignored faith and work of the tribunes of the people and the organisations created by their working class supporters In Our Time challenges the accepted versions of the social and political ferment which gave rise to the labour movement and its parliamentary expression the Labor parties

Human Rights In Our Time Marc F. Plattner, 2019-03-04 In the past decade human rights as a component of U S foreign policy has been the subject of intense debate First brought to the forefront by President Carter it has also turned out to be one of the most controversial aspects of foreign policy during the Reagan administration Policymakers who attempt to cope with human rights issues are immediately confronted with questions not only about the basic purposes of U S foreign policy but also about the essential nature of our political system they are compelled to reflect upon the interrelationship between domestic public opinion and the pursuit of U S interests abroad The complexity of human rights issues is reflected in the diverse contributions to this book The authors examine the philosophical foundations of human rights the lessons of history that are relevant to today's concerns and contemporary policy A concluding essay provides a critical analysis of the arguments made by the authors

Great Speeches Of Our Time Hywel Williams, 2014-08-12 Let each know that for each the body the mind and the soul have been freed to fulfill themselves These powerful words spoken by Nelson Mandela in his inaugural address as the new president of South Africa are taken from just one of the forty important and thought provoking speeches in this collection Ranging from 1945 to the present day they provide an important insight into the modern world Inspirational speeches by Winston Churchill Mikhail Gorbachev Martin Luther King Barack Obama and many others are supplemented with biographies of each speaker as well an exploration of their words significance and an historical account of the consequences of their oratory This is a history of the recent and

contemporary world told through the speeches that shaped it *Reflections on the Revolution of Our Time* Harold Laski, 2017-07-05 Harold J Laski saw World War Two as a period of revolutionary change as profound as any in the modern history of the human race In his view the period's inner nature was as significant in its essentials as those which saw the fall of the Roman Empire the birth in the Reformation of capitalist society or as in 1789 the final chapter in the dramatic rise of the middle class to power All of these were not revolutions made by thinkers though some of them may have foreseen its coming but of ordinary people who shaped the large outlines of the direction of these changes Laski held that revolutions of our time have been rooted in all that goes to give its present character to our society We can recognize its advent and prepare for it in that event we might build a civilization richer and more secure than any of which we so far have knowledge Or we may choose to resist its onset in which case it will appear to some future generation that our age has sought rather to sweep back the tides of the ocean than to oppose the decrees of men The curse of our social order is its persistent inequalities Either we must find ourselves able to co operate in their removal or we shall move rapidly to conflict about them Laski argues that the middle class must co operate with workers in essential revisions as the aristocracy was wise enough to do a century ago over the Reform Bill or violent revolution will be unleashed by means that transforms the ends of either party to the conflict in view This is the choice that lies before us Just how accurate or wide of the mark Laski was is brilliantly articulated in the critical introduction by Sidney A Pearson Jr Politics, Ethics and Culture in Our Time Harry Redner, 2023-01-30 Global capitalism is effecting changes in human life as momentous as those that occurred during the Neolithic Revolution the Axial Age 700 300 BC and the modern era post 1500 when industrial capitalism state power and science reshaped the civilized world The transformation is paradoxical however Science and technology ensure material progress but the market promotes cultural obsolescence and erodes belief in the Enlightenment ideals that inspired the quest for progress In Western democracies liberty and equality are proving irreconcilable citizens becoming demoralized fraternity fractured meanwhile despotic Eurasian states are recycling old faiths and concocting neo imperialist ideologies These contradictions must be confronted if the cultural values that sustain civilized life are to be conserved Menace of Our Time Aaron J. Leonard, 2025 Beginning at the turn of the century and ending only with communism's collapse the US government and major elements in the wider society undertook an unrelenting effort to suppress and criminalize domestic communism This book tracks those efforts from the state laws of the twenties that imprisoned the fledgling communist leadership the efforts by police and local authorities against communists as they fought for unions racial equality and the unemployed the trials and imprisonment of communist leaders mid century the extra legal efforts of the Counterintelligence Program COINTELPRO in the sixties and the ongoing relentless attention by the FBI afterward This is a long overdue book about the most extensive repressive effort ever undertaken by US authorities against a political organization that however problematic was largely operating within the scope of constitutionally mandated freedoms Provided by publisher **Trotsky,**

Trotskyism and the Transition to Socialism Peter Beilharz, 2019-11-19 First published in 1987 Trotskyists have long dominated the revolutionary tradition on the Western left Written from a critical socialist standpoint this book provides an analysis of Trotskyism and argues that Trotskyism is increasingly irrelevant as a means of achieving socialism It argues that as the realisation grows that the revolutionary tradition and the authoritarianism which necessarily result from it are wrong the importance of the problem of the transition to socialism increases It argues that on this point Trotskyism is weak that Trotskyism's proposals for socialist transition are largely rhetorical and that its democratic impulse is weak It supports this argument by showing that Trotsky's philosophy of history implicit in his writings which the author characterises as evolutionary and necessitarian coupled with a failure to grasp the moral basis of the socialist case has a disabling effect on Trotsky's account of the transition to socialism and on his explanation of Stalinism Moreover it argues that Trotsky's intellectual and political heirs have been unable to escape from the contradictions inherent in his thought **A**

Revolutionary for Our Time Leo Zeilig, 2022-03-22 Walter Rodney was a scholar working class militant and revolutionary from Guyana Strongly influenced by Marxist ideas he remains central to radical Pan Africanist thought for large numbers of activists today Rodney lived through the failed though immensely hopeful socialist experiments in the 1960s and 1970s in Tanzania and elsewhere The book critically considers Rodney's contribution to Marxist theory and history his relationship to dependency theory and the contemporary significance of his work in the context of movements and politics today The first full length study of Rodney's life this book is an essential introduction to Rodney's work *In Our Time* Susan Brownmiller, 2000-11-07 There once was a time when the concept of equal pay for equal work did not exist when women of all ages were girls when abortion was a back alley procedure when there was no such thing as a rape crisis center or a shelter for battered women when sexual harassment had not yet been named and defined If conditions are right Susan Brownmiller says in this stunning memoir if the anger of enough people has reached the boiling point the exploding passion can ignite a societal transformation *In Our Time* tells the story of that transformation as only Brownmiller can A leading feminist activist and the author of *Against Our Will* the book that changed the nation's perception of rape she now brings the Women's Liberation movement and its passionate history vividly to life Here is the colorful cast of characters on whose shoulders we stand the feminist icons Betty Friedan Kate Millett Germaine Greer and Gloria Steinem and the lesser known women whose contributions to change were equally profound And here are the landmark events of the era the consciousness raising groups that sprung up in people's living rooms the mimeographed position papers that first articulated the new thinking the abortion and rape speak outs the daring sit ins the underground newspaper collectives and the inventive lawsuits that all played a role in the most wide reaching revolution of the twentieth century Here as well are Brownmiller's reflections on the feminist utopian vision and her dramatic accounts rendered with honesty and humor of the movement's painful internal schisms as it struggled to give voice to the aspirations of all women Finally Brownmiller addresses that

Kelly,2023-03-29 Modern pundits give Donald Trump little credit for anything even though he is clearly *The Greatest Man in Our Time* I would say it is because the bulk of the news media simply do not like him as he does not want to have anything to do with a Marxist agenda Before Trump set the world on fire from 2017 to 2020 the five highest rated presidents according to a C SPAN survey for example were Abraham Lincoln George Washington Franklin D Roosevelt Theodore Roosevelt and Dwight D Eisenhower I do not contest the fact that they showed greatness in office but when you look at all of Trump s accomplishments and the complexity of our times the 45th president deserves much more consideration That s why I wrote this book You may never choose to invite Donald John Trump over the house for breakfast or even a holiday gathering but looking back at his four years in office whether you like him or not most Americans admit those were some of the most prosperous and warless years we have had in our lifetimes We have the chance again to have the Greatest Man in Our Time as President in a few more years Let s do our best to assure it After you read this book I hope you feel as comfortable as I do to place Donald J Trump on the top of this venerable stack of great presidents With all of the flack Trump received as president there are clearly a number of Americans who would not cast their vote for Best President his way under any circumstance But there are a lot who would I am glad you are reading this book as it will help you know what a great man and a great president we can have again as our leader
