Exploring Marx's *Capital*

*Philosophical, Economic and
Political Dimensions*

Jacques Bidet

Translated by David Fernbach

Foreword to the English Edition

by Alex Callinicos

Marxs Capital

David Harvey

Marx's Capital:

How to Read Marx's Capital Michael Heinrich, 2021-08-23 An accessible companion to Karl Marx's essential Capital. With the recent revival of Karl Marx's theory a general interest in reading Capital has also increased. But Capital, Marx's foundational nineteenth-century work on political economy, is by no means considered an easily understood text. Central concepts such as abstract labor, the value form, or the fetishism of commodities can seem opaque to us as first-time readers, and the prospect of comprehending Marx's thought can be truly daunting. Until that is, we pick up Michael Heinrich's *How to Read Marx's Capital*. Paragraph by paragraph, Heinrich provides extensive commentary and lucid explanations of questions and quandaries that arise when encountering Marx's original text. Suddenly, such seemingly gnarly chapters as *The Labor Process* and *The Valorization Process*, and *Money* or *The Circulation of Capital* become refreshingly clear, as Heinrich explains just what we need to keep in mind when reading such a complex text. Deploying multiple appendices referring to other pertinent writings by Marx, Heinrich reveals what is relevant about Capital and why we need to engage with it today. *How to Read Marx's Capital* provides an illuminating and indispensable guide to sorting through the cultural detritus of a world whose political and economic systems are simultaneously imploding and exploding. [Marx, Capital, and the Madness of Economic Reason](#)

David Harvey, 2017-10-05 Karl Marx's Capital is one of the most important books written in the modern era. In this book, David Harvey provides a concise distillation of his famous course on Capital. Marx's Capital and the Madness of Economic Reason not only provides an accessible window into Harvey's unique approach to Marxism but also demonstrates how and why Capital remains a living, breathing document with an outsized influence on contemporary social thought. **An Introduction to the Three Volumes of Karl Marx's Capital**

Michael Heinrich, 2004 The global economic crisis and recession that began in 2008 had at least one unexpected outcome: a surge in sales of Karl Marx's Capital. Although mainstream economists and commentators once dismissed Marx's work as outmoded and flawed, some are begrudgingly acknowledging an analysis that sees capitalism as inherently unstable. And of course, there are those like Michael Heinrich who have seen the value of Marx all along and are in a unique position to explain the intricacies of Marx's thought. Heinrich's modern interpretation of Capital is now available to English-speaking readers for the first time. **A Companion To Marx's Capital, Volume 2**

David Harvey, 2013-12-17 The biggest financial crisis since the Great Depression shows no sign of coming to a close, and Marx's work remains key in understanding the cycles that lead to recession. For nearly forty years, David Harvey has written and lectured on Capital, becoming one of the world's most foremost Marx scholars. Based on his recent lectures and following the success of his companion to the first volume of Capital, Harvey turns his attention to Volume 2, aiming to bring his depth of learning to a broader audience, guiding first-time readers through a fascinating and hitherto neglected text. Whereas Volume 1 focuses on production, Volume 2 looks at how the circuits of capital—the buying and selling of goods—realize value. This is a must-read for everyone concerned to acquire a fuller understanding of Marx's political

economy Karl Marx's 'Capital': A Guide to Volumes III Kenneth Smith, 2021-03-31 This guide uniquely presents the three volumes of Capital in a different order of reading to that in which they were published placing them instead in the order that Marx himself sometimes recommended as a more user friendly way of reading Dr Smith also argues that for most of the twentieth century the full development of the capitalist mode of production CMP has been undermined by the existence of a non capitalist third world which has caused the CMP to take on the form of what Marx called a highly developed mercantile system rather than one characterized by an uninterrupted circuit of industrial capital of the kind he expected would develop

A Guide to Marx's 'Capital' Anthony Brewer, 1984-03 The Guide aims to contribute to a better understanding of Marx's masterpiece Capital **A Guide to Marx's 'Capital' Vols III** Kenneth Smith, 2012-11-15 This book provides a comprehensive guide to all three volumes of Karl Marx's Capital with advice on further reading and points for further discussion Recognizing the contemporary relevance of Capital in the midst of the current financial crisis Kenneth Smith has produced an essential guide to Marx's ideas particularly on the subject of the circulation of money capital This guide uniquely presents the three volumes of Capital in a different order of reading to that in which they were published placing them instead in the order that Marx himself sometimes recommended as a more user friendly way of reading Dr Smith also argues that for most of the twentieth century the full development of the capitalist mode of production CMP has been undermined by the existence of a non capitalist third world which has caused the CMP to take on the form of what Marx called a highly developed mercantile system rather than one characterized by an uninterrupted circuit of industrial capital of the kind he expected would develop While the guide can be read as a book in its own right it also contains detailed references to Volumes I III so that students seminars and discussion groups can easily make connections between Smith's explanations and the relevant parts of Capital **Marx's Capital after 150 Years** Marcello Musto, 2019-09-23 Faced with a new crisis of capitalism many scholars are now looking back to the author whose ideas were too hastily dismissed after the fall of the Berlin Wall During the last decade Marx's Capital has received renewed academic and popular attention It has been reprinted in new editions throughout the world and the contemporary relevance of its pages is being discussed again Today Marx's analyses are arguably resonating even more strongly than they did in his own time and Capital continues to provide an effective framework to understand the nature of capitalism and its transformations This volume includes the proceedings of the biggest international conference held in the world to celebrate the 150th anniversary of Capital's publication The book is divided into three parts I Capitalism Past and Present II Extending the Critique of Capital III The Politics of Capital It contains the contributions of globally renowned scholars from 13 countries and multiple academic disciplines who offer diverse perspectives and critical insights into the principal contradictions of contemporary capitalism while pointing to alternative economic and social models Together they reconsider the most influential historical debates on Capital and provide new interpretations of Marx's magnum opus in light of themes rarely associated with Capital such as

gender ecology and non European societies The book is an indispensable source for academic communities who are increasingly interested in rediscovering Marx beyond 20th century Marxism Moreover it will be of great appeal to students as well as established scholars interested in critique of capitalism and socialist theory *Marx's Capital: An Unfinishable Project?*, 2018-04-10 For almost 150 years scholars have been debating how to interpret Marx's seminal work Capital while they had access to just some of Marx's economic manuscripts This changed in 2013 with the publication of all the known economic writings of Marx and Engels in the Marx Engels Gesamtausgabe MEGA One can now reconstruct the lines of intellectual development and one can also explore in detail how Friedrich Engels went about compiling volumes II and III of Capital from the vast legacy of manuscripts that Marx left behind after his death in 1883 It should be possible now to develop a more comprehensive and accurate picture of Marx as an economic theoretician This volume of essays aims to initiate this process Contributors are Christopher J Arthur Matthias Bohlender Timm Gra mann Jorge Grespan Gerald Hubmann Heinz D Kurz Marcel van der Linden Kenji Mori Fred Moseley Lucia Pradella Geert Reuten Regina Roth and Carl Erich Vollgraf

Essays on Marx's Capital Geert Reuten, 2024-05-13 In this book Geert Reuten presents 21 of his previously published essays on the three volumes Marx's Capital dating from 1991-2019 The essays largely take the form of a summary of Marx's text a Volume or its Parts or Chapters followed by an appreciation and when required a reconstruction The book thus offers an overview of each of the three volumes of Capital including their interconnection as well as a focus on specific Parts of Capital Throughout the general overviews and more focused analyses Reuten emphasises Marx's systematic dialectical method and his monetary value form analysis Marx's Capital after 150 Years Marcello Musto, 2019-09-23 Faced with a new crisis of capitalism many scholars are now looking back to the author whose ideas were too hastily dismissed after the fall of the Berlin Wall During the last decade Marx's Capital has received renewed academic and popular attention It has been reprinted in new editions throughout the world and the contemporary relevance of its pages is being discussed again Today Marx's analyses are arguably resonating even more strongly than they did in his own time and Capital continues to provide an effective framework to understand the nature of capitalism and its transformations This volume includes the proceedings of the biggest international conference held in the world to celebrate the 150th anniversary of Capital's publication The book is divided into three parts I Capitalism Past and Present II Extending the Critique of Capital III The Politics of Capital It contains the contributions of globally renowned scholars from 13 countries and multiple academic disciplines who offer diverse perspectives and critical insights into the principal contradictions of contemporary capitalism while pointing to alternative economic and social models Together they reconsider the most influential historical debates on Capital and provide new interpretations of Marx's magnum opus in light of themes rarely associated with Capital such as gender ecology and non European societies The book is an indispensable source for academic communities who are increasingly interested in rediscovering Marx beyond 20th century Marxism Moreover it will be of great appeal to students

as well as established scholars interested in critique of capitalism and socialist theory *Capital* Karl Marx,1981 From the Publisher Capital one of Marx s major and most influential works was the product of thirty years close study of the capitalist mode of production in England the most advanced industrial society of his day This new translation of Volume One the only volume to be completed and edited by Marx himself avoids some of the mistakes that have marred earlier versions and seeks to do justice to the literary qualities of the work The introduction is by Ernest Mandel author of Late Capitalism one of the only comprehensive attempts to develop the theoretical legacy of Capital *An Introduction to Marx's 'Capital'*

Ranganayakamma, Karl Marx s Capital is a work that discusses scientifically not only economic and political issues but also the entire process of development of human society Capital consists of 4 volumes The title of the first volume is Process of Production of Capital This contains 8 parts and a total of 21 chapters The title of the second volume is Process of Circulation of Capital This contains 3 parts The total number of chapters is 21 The title of the third volume is Process of capitalist production as a whole This contains 7 parts The total number of chapters is 52 The fourth volume is in the form of three separate volumes each one of which is called a part The common title of all the three parts is Theories of Surplus Value All the three parts contain a total of 24 chapters Each one of these 3 parts has an Addendum All these as a whole constitute Capital This book is an introduction to Marx s Capital *The Logic of Marx's Capital* Tony Smith,1990-01-01 Beginning with value and commodity at the start of Volume I in Marx s major work and progressing step by step to the end of Volume III Smith establishes in detail that Capital is a systematic theory of socio economic categories ordered according to dialectical logic At each stage in his analysis of the theory Smith makes Marx s arguments more accessible He also considers in depth the objections to Marx s employment of dialectical logic that have been formulated by Hegelians especially those presented in Klaus Hartmann s Die Marxsche Theorie Smith presents a persuasive case against this whole range of Marx criticisms many of which have also been proposed from non Hegelian standpoints **Exploring Marx's Capital** Jacques

Bidet,2007-01-01 This volume originally published in French under the title Que faire du Capital offers a new interpretation of Marx s great work It shows how the novelty and lasting interest of Marx s theory arises from the fact that as against the project of a pure economics it is formulated in concepts that have simultaneously an economic and a political aspect neither of these being separable from the other Jacques Bidet conducts an unprecedented investigation of Marx s work in the spirit of the history of science exploring it as a process of theoretical development Traditional exegesis reads the successive drafts of Capital as if they were complementary and mutually illuminated one another In actual fact like any scientist Marx only wrote a new version in order to correct the previous one He started from ideas borrowed from Ricardo and Hegel and between one draft and the next it is possible to see these being eliminated and restructured This labour moreover was never fully completed The author thus re assesses Marx s entire system in its set of constitutive categories value market labour power classes working class exploitation production fetishism ideology He seeks to pin down the difficulties that these

encountered and the analytical and critical value they still have today Bidet attaches the greatest importance to Marx's order of exposition which assigns each concept its place in the overall system and makes the validity of the construction depend on the pertinence of its initial presuppositions This is particularly the case with the relationship between market mechanism and capitalism and thus also between the market and socialism This book is an English translation of Jacques Bidet *Que faire du capital Philosophie economie et politique dans La Capital de Marx* published by Presses Universitaires de France Paris 2000

A Reader's Guide to Marx's Capital Joseph Choonara, 2019-07-19 p This book carefully guides the reader through each chapter of the first volume of Capital It sets Marx's arguments in context and explains their relevance today and it offers insights into Marx's method highlighting key concepts running through the book It also offers pointers to wider works that can provide further illumination

A Companion to Marx's Capital David Harvey, 2010-03-01 My aim is to get you to read a book by Karl Marx called Capital Volume 1 and to read it on Marx's own terms The biggest financial crisis since the Great Depression has generated a surge of interest in Marx's work in the effort to understand the origins of our current predicament For nearly forty years David Harvey has written and lectured on Capital becoming one of the world's most foremost Marx scholars Based on his recent lectures this current volume aims to bring this depth of learning to a broader audience guiding first time readers through a fascinating and deeply rewarding text *A Companion to Marx's Capital* offers fresh original and sometimes critical interpretations of a book that changed the course of history and as Harvey intimates may do so again David Harvey's video lecture course can be found here davidharvey.org/reading-capital

Marx's Capital and Hegel's Logic, 2014-04-17 This book provides a wide ranging and in depth reappraisal of the relation between Marx's economic theory in Capital and Hegel's Logic by leading Marxian economists and philosophers from around the world The subjects dealt with include systematic dialectics the New Dialectics materialism vs idealism Marx's inversion of Hegel Hegel's Concept logic universality particularity singularity Hegel's Essence logic essence appearance Marx's levels of abstraction of capital in general and competition and capital as Hegelian Subject The papers in this volume were originally presented at the 22nd annual meeting of the International Symposium on Marxian Theory at Mount Holyoke College in August 2011 The twelve authors are divided between seven economists and five philosophers as is fitting for the interdisciplinary subject of the relation between Marx's economic theory and Hegel's logic Contributors are Chris Arthur Riccardo Bellofiore Roberto Fineschi Gaston Caligaris Igor Hanzel Juan Igo Carrera Mark Meaney Fred Moseley Patrick Murray Geert Reuten Mario Robles Tony Smith and Guido Starosta

Understanding Marx's Capital: A reader's guide Adam Booth, Rob Sewell, 2019-07-11 Marx's Capital was a book that revolutionised political economy and for the first time opened our eyes to the real workings of capitalism It was however met with a wall of silence from the mainstream economists and the establishment Despite this Capital became regarded in the workers movement as the Bible of the working class The aim of this book written by authors from the International Marxist Tendency is to help guide readers through the pages of volume

one of Capital to bring out the main themes and ideas contained within it and to discuss the relevance of this great Marxist classic in terms of understanding the crisis ridden world around us today and most importantly how we can radically transform it A Guide to Marx's 'Capital' Vols I-III ,2012-11-15

Adopting the Tune of Phrase: An Emotional Symphony within **Marxs Capital**

In a global used by screens and the ceaseless chatter of instant transmission, the melodic elegance and emotional symphony produced by the written term frequently diminish into the background, eclipsed by the persistent sound and disruptions that permeate our lives. Nevertheless, situated within the pages of **Marxs Capital** a marvelous fictional treasure overflowing with fresh feelings, lies an immersive symphony waiting to be embraced. Constructed by an outstanding musician of language, that fascinating masterpiece conducts viewers on a mental trip, well unraveling the hidden songs and profound impact resonating within each cautiously crafted phrase. Within the depths of this moving evaluation, we shall discover the book is main harmonies, analyze its enthralling publishing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.

Marxs Capital Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Marx's Capital PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need.

Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Marxs Capital PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Marxs Capital free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Marxs Capital Books

What is a Marxs Capital PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Marxs Capital PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Marxs Capital PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Marxs Capital PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Marxs Capital PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many

free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
