CONNECTED ONCE AGAIN Lonely No More The Astonishing Power of Inner Bonding takes the reader on a spiritual journey of self discovery and personal transformation exploring the often conflicting relationship between the false beliefs of the ego wounded self how those false beliefs leave a person lonely and disconnected and how to achieve true spiritual connection Through engaging narratives and practical exercises this book offers valuable insights into achieving a balanced fulfilling relationship with both the self and the Divine Throughout the book I explore various spiritual principles and misconceptions that often hinder individuals from accessing the ever present love and wisdom that is here for all of us By debunking common myths I equip readers with the tools and knowledge needed to break free from limiting beliefs and foster spiritual growth Here s a sampling of what you will learn The difference between getting and sharing love The difference between self responsibility and self sacrifice The difference between our true soul self and our ego wounded self A road map for healing loneliness by promoting self awareness inner healing and personal responsibility Healing other related conditions like anxiety depression shame addictions and relationship problems The opposite of loneliness is not a never ending blissful happy problem free state It is feeling alive and connected once again The ability to feel deeply to express the gamut of one s emotions in a healthy way and to connect to yourself others and life overall to address challenges and triumphs in a way that says yes to life is the goal of this book **Shaman** Ya'Acov Darling Khan,2020-03-31 This shamanic journey of self discovery healing and empowerment shares teachings and practices to help you rediscover your inner shaman and find spiritual connection in modern life Shamans are no longer isolated healers in faraway places Their spirit has returned and is infusing the work of teachers artists and activists leaders in business and people throughout all areas of our societies We all have an inner shaman and this book is for you if you recognize there s untapped power inside you that you want to learn how to harness want to feel a deeper connection to your own nature your ancestors your community and the intelligence of life itself care about the future of life on our planet and wish to redress the balance between humanity and nature know your purpose is to co create a world that is built on justice and sustainability There is a shaman in you who was born to play a powerful role in our collective awakening for our future on Earth Children before God John McNeill,2017-11-09 This work seeks to delineate a theological framework into which biblically informed imagery and language of children in relation to God can be placed McNeill s aim is to offer a work of positive construction within the general Reformed tradition The book shows that John Calvin has much to offer in this respect but by examining the imagery and language of children in his works it is shown that Calvin is not adequately biblically informed in this area McNeill argues that Jonathan Edwards provides a theological tool that enables a construal of children more in keeping with biblical language and imagery The book then offers a general critique of current child development theories in which providential activity in child development is more or less ignored By adopting Calvin s theological framework to understand children before God it is argued that the integration of child development and divine providence becomes a distinct possibility This work should be of interest to those working in biblical

childhood Calvin and Edwards studies as well as to the more general practitioner working with children in church and society
