Nabil Kanso Othello Paintings:

Othello Nabil Kanso, 1996 With 58 color plates this volume offers a fresh perspective providing direct access to a visual exploration of the constellation of works in Nabil Kanso's Othello series of paintings. The scope and treatment of the subject created an aura of the forbidden when the work was shown in Atlanta in 1985. Through this body of work expressing personal visions and feelings, the sequence of images links the cycle of work to a unified ensemble that reveals its spirit and the internal characteristics of its subject whose complexity and simplicity fluctuates between a tenderness and a cruelty that grips the senses and heightens the visual awareness of the emotional meaning expressed in the work. Book jacket The Split of Life Nabil Kanso, 1996 The book presents a vast expanse of materials both aesthetic and human encompassing a twenty-year period in Nabil Kanso's art. The work is organized in seven parts embodying the interweaving motifs/forces that have shaped the vista of THE SPLIT OF LIFE series. The selection includes the mammoth paintings on Vietnam, Hiroshima, South Africa, Lebanon, America, Slavery, the Holocaust. The magnitude of Kanso's paintings places you in the midst of a beautiful, a violent cage in which a vast purgatory is reduced to the pupil of the eye. Brutal brushstrokes, intense colors blend with the subject matter. World chaos such mastery is admirable for the size of the canvases is more than big; it is heroic. Hugo Figueroa, Panorama. A compulsive being substantiated by a beautiful faculty whose genius is the fact of the great truth. Ildebrando Rossi, Critica. A tapestry of souls painted, rhythms of naked spirits climbing an interminable Jacob's ladder in a metaphorical conflagration which repulses then sucks us all in. Steve Seaberg, Art Paper. It explores key moments across the artist's transnational career by foregrounding his longest running internationally toured exhibition, the Journey of Art for Peace 1985-1993. More specifically, it traces the historical trajectory of his 10' x 28' mural scale painting Lebanon from the circumstances of its production at the height of the Lebanese Civil War in 1983 through its short-lived exhibition history with the Split of Life series in the few years that followed. The book scaffolds an understanding of the artist as an activist and works toward offering distinctly spatial readings of his painterly practice of which the act of bearing witness is highlighted as permeating the entirety of his oeuvre. It concludes with a contemporary recontextualization of Lebanon in the country's current social, political, and cultural climate and emphasizes the artist's work as essential to the theorization of larger traditions of political and protest art. The first of its kind and the result of a research fellowship wherein the author was invited to be the first to work through the artist's unpublished archive, this book lays the groundwork for scholarship on the art of Nabil Kanso, an essential yet hitherto unstudied pioneer of the neo-expressionist art movement of the 1960s. It draws extensively on primary source material including personal notes, diaries, sketchbooks, correspondences, paintings, watercolors, photographs, recorded interviews, and the like. To best animate that source material within the context

of this publication each chapter is prefaced with short narrative anecdotes inspired by the artist's personal notes to better ground the subsequent research and scholarship in the artist's own terms and experiences Born in Beirut Kalso like many of his generation would seek sought refuge abroad from political instability in his home country It is through this intrinsic proximity to yet physical distance from the cycles of violence and corruption in Lebanon that Kalso would go on to create his grandest greatest mural scale series This book more than anything explores the artist's oeuvre as an attempt to bear witness and offer testimony to those moments an inclination that would see the artist grapple with some of the most ferocious crimes against humanity committed throughout his lifetime As such this book pairs close readings of Kalso's art and personal practice with both historical and contemporary context meant to animate the relevance of his vast yet never before seen artistic archive
