

Strong and Intellectual

Nancy Hanks Lincoln (1784-1818)

The mother of Abraham Lincoln, the nation's 16th president, was a seamstress who was described as "intellectually inclined," with a strong personality. A poem titled "Nancy Hanks" was published as a tribute to her in 1933 and set to music in 1941. The West Virginia House of Delegates officially recognized her birth site in 2009. She also has a Hollywood connection: Actor Tom Hanks is her third cousin four times removed. Nancy died when Lincoln was 9 years old.

prowess of John Adams and Abraham Lincoln it is hard to imagine them as children It is even more difficult to envision the parents of our leaders especially the larger than life idols of our political past Our greatest presidents have entered the Oval Office armed with overwhelming ambition intellect and political savvy But were these characteristics evident in childhood The Raising of a President is a groundbreaking look at the parents of the American presidents full of never before seen facts and anecdotes as well as psychological profiles based on Wead s findings He analyzes the types of families into which our presidents were born and sheds a fascinating light on how their destinies were shaped during childhood Using countless presidential correspondences and letters as well as notes from hours of his own private conversations and interviews with six presidents and first ladies Wead focuses specifically on the early life of our first president George Washington John Adams John Quincy Adams and the making of our nation s first political empire the humble beginnings of our greatest president Abraham Lincoln the privileged upbringing of Franklin Delano Roosevelt the ambitious rise of John Fitzgerald Kennedy and the quiet dynasty led by George H W Bush and his son George W Bush Throughout The Raising of a President readers will find that the circumstances and events that would destroy most children were often the very things that sparked greatness in our nation s future leaders These are the stories of the presidents parents but in a truer sense they are the stories of the presidents themselves from a perspective that is long overdue
