Narrative Performances A Study Of Modern Greek Storytelling Pragmatics And Beyond New Series:

Narrative Performances Alexandra Georgakopoulou, 1997-01-01 Conversational narratives provide valuable resources for the discursive construction and invoking of personal and sociocultural identities As such their sociolinguistic and cultural analysis constitute a high priority in the agenda of discourse studies This book contributes to the growing line of discourse analytic research on the dynamic relations between narrative forms and functions and their immediate and wider communicative contexts The volume draws on a large corpus of spontaneous conversational stories recorded in Greece where everyday storytelling is a central mode of communication in the community's interactional contexts and thus a rich site for a meaningful enactment of social stances roles and relations The study brings to the fore the stories text constitutive mechanisms and explores the ways in which they situate the narrated experiences globally by invoking sociocultural knowledge and expectations and locally by making them sequentially and interactionally relevant to the specific conversational contexts The stories micro and macro level analysis richly illustrated with narrative transcripts throughout leads to the uncovering of a global mode of narrative performance which is based on a closed set of recurrent devices It is argued that the choice or avoidance of this mode is at the heart of the stories re constitution of a self an other and a sociocultural world The numerous cases of intergenerational narrative communication adults children shed additional light on the performance's contextualization aspects and contribute to the cross cultural understanding of the dynamics of oral performances Besides students and researchers of discourse analysis sociolinguistics anthropological linguistics narrative analysis and Greek studies this book will also appeal to all those interested in communication and cultural studies *Asian Folklore Studies*, 1963 *Studies in Political Humour* Villy Tsakona, Diana Elena Popa, 2011 If politics is a serious matter and humour a funny one this volume investigates how and why the boundaries between the two are blurred politics can be represented in a humorous manner and humour can have a serious intent It shows how political humour can be manipulated in public debates or become an integral part of postmodern art **Anthropological Linguistics**, 1998 Forthcoming Books Rose Arny, 2001-06 American Book Publishing Record, 1997-05 **Discursive Pragmatics** Jan Zienkowski, Jan-Ola Östman, Jef Verschueren, 2011-06-16 The ten volumes of Handbook of Pragmatics Highlights focus on the most salient topics in the field of pragmatics thus dividing its wide interdisciplinary spectrum in a transparent and manageable way While the other volumes select specific philosophical cognitive grammatical social cultural variational or interactional angles this 8th volume focuses on theories and phenomena at the level of discourse but leaving aside conversational interaction It provides the reader with pragmatics oriented information on discourse analysis critical discourse analysis and critical linguistics as well as text linguistics and appraisal theory while introducing other specific approaches to discourse through concepts such as polyphony intertextuality genre and nonciation Furthermore topics such as public discourse narrative figures of speech cohesion and coherence pragmatic markers manipulation and humor are all

dealt with in separate chapters The binding idea explained in the introduction is that discursive pragmatics may serve as a platform for a diversity of perspectives on discourse as they have emerged not only in the language sciences but also in the humanities and social sciences in general

The Routledge Pragmatics Encyclopedia Louise Cummings, 2010-04-05

Pragmatics has grown considerably in its relatively short history from its original disciplinary influences in philosophy and linguistics into a multidisciplinary field that encompasses a range of theoretical and empirical concerns The Routledge Pragmatics Encyclopedia captures the diversity of these intellectual interests in a comprehensive single volume edition The Routledge Pragmatics Encyclopedia covers concepts and theories that have traditionally been associated with pragmatics but also recent areas of development within the field scholars who have had a significant influence on pragmatics interdisciplinary exchanges between pragmatics and other areas of enquiry and all major research trends Extensive cross references between entries along with suggestions for further reading at the end of entries ensure that the interested reader can pursue additional study of chosen topics With over 200 entries written by leading academics from around the world The Routledge Pragmatics Encyclopedia captures the rich complexity of pragmatics in an accessible manner This reference will be relevant to students of pragmatics as well as to established scholars in the field

Beyond Misunderstanding Kristin Bührig, Jan D. ten Thije, 2006-05-09 This book challenges two tacit presumptions in the field of intercultural communication research Firstly misunderstandings can frequently be found in intercultural communication although one could not claim that intercultural communication is constituted by misunderstandings alone This volume shows how new perspectives on linguistic analyses of intercultural communication go beyond the analysis of misunderstanding Secondly intercultural communication is not solely constituted by the fact that individuals from different cultural groups interact Each contribution of this volume analyses to what extent instances of discourse are institutionally and or interculturally determined These linguistic reflections involve different theoretical frameworks e g functional grammar systemic functional linguistics functional pragmatics rhetorical conversation analysis ethno methodological conversation analysis linguistic anthropology and a critical discourse approach As the contributions focus on the discourse of genetic counseling gate keeping discourse international team co operation international business communication workplace discourse internet communication and lamentation discourse the book exemplifies that the analysis of intercultural communication is organized in response to social needs and therefore may contribute to the social justification of linguistics

Our Lives are But Stories Esther Schely-Newman, 2002 A rich analysis of how four Tunisian Israeli women tell the stories of their lives and a look at the implications for our own understanding of stories and the behavior of communication Our Lives Are But Stories explores the crucial role of personal storytelling in the lives of a unique generation of women Jewish women who left the Muslim country of Tunisia to settle in the newly created Israeli state To this day the older generation of Tunisian Israelis continues to rely on storytelling as a form of education entertainment and socialization But for

women this art has taken on new dimensions especially as they seek to impart their values to the young Here Esther Schely Newman expertly interweaves the personal accounts of the private lives of four Tunisian Israeli women to analyze the rich complexities of communication She considers how various approaches to narration reflect storytelling as a cultural phenomenon and highlights the need to understand stories in the contexts in which they are told The four narrators grew up in a culture in which women s stories were confined to the private sphere were usually told to other women and were supposedly fiction or at least metaphors masking their real lives Forced migration to farming communities in Israel and the shock of being uprooted created new identities for women and new outlets for storytelling Women narrators increasingly began to tell more openly of their personal lives Schely Newman organizes her narrators accounts by the themes of childhood marriage motherhood immigration and old age and considers a wide range of factors that shape the narration including audience intent choice of language and Jewish Muslim culture The result is a fascinating blend of analysis narration and history

The Narrative Construction of Identities in Critical Education A. Archakis,V. Tsakona,2012-11-13 Based on approaches from discourse analysis and sociolinguistics this study proposes an analytical model focusing on the linguistic and discursive

means narrators use to construct a variety of identities in everyday stories This model is further exploited in language teaching to cultivate students cultural sensitivity and critical literacy Expect the Unexpected Stefano Cotrozzi, 2010-04-29

This monograph on biblical linguistics is a highly specialized pragmatic investigation of the controversial question of foregrounding the deviation from some norm or convention in Old Testament narratives The author presents and examines the two main sources of pragmatic foregrounding events or states deviating from well established schemata structures of reader expectation that can be manipulated by the narrator to highlight specific chunks of discourse and evaluative devices which are used by the narrator to indicate to the reader the point of the story and direct its interpretation Cotrozzi critiques the particular evaluative device known as the historic present a narrative strategy that employs the present tense to describe past event He tests two main theories that support this device by using a cross linguistic model of the historical present drawing upon a variety of languages Cotrozzi ultimately refutes these theories with a thorough examination and detailed refutation He concludes with a study of a particular Hebraic verb as a particular marker of represented perception a technique whereby the character s perceptions are expressed directly from its point of view *Subject Guide to Books in Print* ,1991 Cumulative Book Index ,1998 A world list of books in the English language *Books in Print* ,1991 152 [Anonymus AC02333341],1998 **Sprachliche Indexikalität männlicher Geschlechtsidentitäten** Oksana Khrystenko, 2025-06-30 Die vorliegende Studie stellt ein Desiderat dar indem eine kontrastive Untersuchung von Männlichkeit en in ausschließlich männlichen Studenten und Handwerkergruppen zweier Sprachen Kulturen und Länder Österreich Ukraine vorgenommen wird Im Fokus der Untersuchung steht die Frage mit welchen sprachlichen Mitteln in männlichen Gesprächen direkt bzw indirekt auf die Geschlechtsidentitäten verwiesen wird und welche Positionierungen die an die für die Männlichkeiten unterschiedlicher kultureller Räume besonders salienten Werte geknüpft sind besonders häufig realisiert werden Auf Basis eines Korpus von 61 Stunden authentischer Interaktionen von ukrainischen und österreichischen Handwerkern und Studenten in rein männlichen Gruppen erfolgt die kontrastive Untersuchung der Geschlechtsindexikalität von Männlichkeiten **Choreonarratives** ,2021-05-31 Choreonarratives a collection of essays by classicists dance scholars and dance practitioners explores the uses of dance as a narrative medium Case studies from Greek and Roman antiquity illustrate how dance contributed to narrative repertoires in their multimodal manifestations while discussions of modern and contemporary dance shed light on practices discourses and ancient legacies regarding the art of dancing stories Benefitting from the crossover of different disciplinary historical and artistic perspectives the volume looks beyond current narratological trends and investigates the manifold ways in which dance can acquire meaning disclose storyworlds ranging from myths to individual life stories elicit the narratees responses and generate powerful narratives of its own Together the eclectic approaches of Choreonarratives rethink dance s capacity to tell enrich and inspire stories Contributors are Sophie M Bocksberger Iris J Bährle Marie Louise Crawley Samuel N Dorf Karin Fenbäck Susan L Foster Laura Gianvittorio Ungar Sarah
