Teaching Young Children Tricia David, 1999-03-30 Tricia David starts the book off with a commitment to the importance of relationships The impact of emotional aspects of a school or nursery situation has long been neglected in the UK as is amply demonstrated by the list of criteria for judging the quality of teaching drawn from OfSTED criteria Amen to that Times Educational Supplement Friday Magazine Teaching Young Children is essential reading for early years teacher trainers and anyone working with young children from birth to eight years old It is an excellent companion volume to one of David s other books Young Children Learning David s many contributions to the literature in early years education has focused on the ways in which societies treat and educate young children Teaching Young Children is an evidence based book which raises important questions concerning the lives of young children and answers them in terms of the values underlying our society David and her colleagues at the Centre for International Studies in Early Childhood have written a compelling book Teaching Young Children is a valuable resource and a must read for those who care about the lives of our youngest citizens International Journal of Early Years Education Teaching Young Children will help students and experienced practitioners to reflect on their own practice observe what is happening in their own and others settings consider ways of developing their pedagogy in the light of evidence from research and their own systematic explorations thus promoting evidence based practice Several chapters consider thinking and practice concerning young children learning in a range of curriculum areas language the arts mathematics physical education IT design and technology science and geography Other chapters deal with assessment the professional development of educators and teachers inspections play special educational needs and evaluating policy and practice Written by experienced practitioners from the centre for International Studies in early childhood Teaching Young Children shows that in the earliest years of childhood all children should experience the delight which can be part of effective pedagogy pedagogy which takes account of the child s individuality and development in the context of changing socio cultural constructions of childhood

Developing School Provision for Children with Dyspraxia Nichola Jones, 2005-10-03 A wealth of ideas and opinions providing usable ways forward for colleagues in mainstream to best support their pupils with DCD I can wholeheartedly recommend it Afasic News This book has pulled together the expertise of a number of well known professionals We like the way Nichola Jones sets the scene and outlines the child s main difficulties in the education environment T his is a very practical book offering plenty of ideas in an area where teachers often have less confidence to put a programme in place SATIPS This is an accessible overview of issues pertaining to the inclusion of children and young people wit Dyspraxia developmental co ordination disorder DCD Nichola Jones has drawn together contributions form a wider range of experts in the Dyspraxia field and produced a coherent account of how the needs of children can be met in ways that move beyond a focus solely based on individual interventions SENCO Update This is both an interesting and very useful book for any primary practitioner It also

provides enough references and ideas to encourage professionals to investigate and learn more about Dyspraxia developmental coordination disorder This is a book that will fit perfectly on your bookshelf Special Needs Coordinators file Nichola Jones shows how to plan a whole school approach to including children with dyspraxia and developmental coordination disorder in this short and accessible guide It offers those in managerial and supervisory roles within schools and special education support services clear guidance on successful models of provision that have worked successfully in schools and LEAs By focusing on the key aspects of service delivery and drawing on well known specialists within the field the book includes sections on planning strategically for inclusive practice assessment handwriting gross motor programmes adapting the PE curriculum supporting parents working with other agencies listening to the children involved SENCOs class teachers LEA advisers and support agencies will find it an invaluable guide to successful inclusive practice *Young Children Learning* Tricia David,1999-03-10 I particularly enjoyed Judith Roden s chapter *Young Children Are Natural Scientists* especially her thoughts on children s drawings which puncture some popular assumptions Times Educational Supplement Friday Magazine This expertly argued and fascinating book seeks to redress the balance it places the child firmly at the centre of the educational process and examines in detail the many and varied factors such as health and physical development play stress and early intervention which affect the way in which the young child learns and develops *Who Minds* Tricia David an internationally recognized expert in early years education has brought together 11 tutors from Canterbury Christ Church University College to encourage debate and disagreement It has some absorbing and helpful contributions which both bring forward the debate in early years education and also may cause readers to reappraise their own practice possibly as a result of disagreeing with one or other contributors *International Journal of Early Years Education* *Young Children Learning* brings together current thinking on young children s learning with ideas about the curriculum for children aged 0 to eight years old Areas covered in this book include play health and physical development early intervention stress children understanding their worlds bilingualism children s spiritual development national identity young children as natural scientists assessing learning the needs of parents children and teachers and childhood in changing societies Written by experienced practitioners from the centre for International Studies in early childhood *Young Children Learning* shows that in the earliest years of childhood all children should experience the delight which can be part of effective pedagogy pedagogy which takes account of the child s individuality and development in the context of changing socio cultural constructions of childhood *Primary School Physical Education* Anne Williams,2012-11-12 This book aims to put right the fact that there is a dearth of texts written specifically for primary school teachers which provides information about key issues and current research evidence in ways which are comprehensible to a non specialist and which guide practice The ability to use research evidence to improve and inform practice is now a requirement for the award of QTS Dyslexia Gavin Reid,2013-04-02 The main purpose of this new edition is to incorporate the most recent theoretical and practical research in the field of dyslexia

and literacy and present it in a user friendly format for Practitioners It refers to the most recent government reports on literacy and dyslexia in a number of countries such as USA UK Canada New Zealand and Australia Each chapter has a summary at the start and at the end key points and points to consider are looked at
