Ovid Vi Tristia Ex Ponto Loeb Classical Library

**Eric Jan Sluijter, Rembrandt
Harmenszoon van Rijn**

Ovid Vi Tristia Ex Ponto Loeb Classical Library:

Reach without Grasping Louis A. Ruprecht Jr., 2021-11-17 Anne Carson b June 21 1950 in Toronto Canada is one of the most versatile of contemporary classicists poets and translators in the English language In Reach without Grasping Louis A. Ruprecht Jr explores the role played by generic transgressions on the one hand and by embodied spirituality on the other throughout Carson s ambitious literary career Where others see classical dichotomies soul versus body classical versus Christian Carson sees connection Like Nietzsche before her Carson decries the images of the Classics as merely bookish and of classicists as disembodied intellects She has brought religious bodily erotics back into the heart of the classical tradition

The Letter Collection of Peter Abelard and Heloise Peter Abelard, Héloïse, 2013-08-22 The letters of Abelard and Heloise contain a vivid account of one of the most celebrated love affairs in the western world that raised questions about love marriage and religious life in the Middle Ages This much needed new edition of the Latin text contains English translation a full introduction extensive annotation and detailed indexes

Textiles and Textile Imagery in Early Medieval English Literature Maren Clegg Hyer, 2025-04-22 Identifies and analyses a wide range of textile metaphors and imagery from peace weaving in Beowulf to word crafting in Elene Textile metaphors or metaphors involving the process and product of cloth making occur widely in literary traditions around the world The same phenomenon holds true among the peoples of early medieval England As close observers of a long and culturally significant textile tradition pre Conquest English writers drew upon their close familiarity with spinning and weaving to create a wide range of metaphorical textile images in both Old English and Anglo Latin literature This book examines early medieval English textile imagery in close detail situating it within its cultural and material contexts and addressing the ways in which lived experience informed these metaphors whether inherited invented or both It explores imagery linked to themes of creation peace death magic and fate in a comprehensive variety of texts including Beowulf and Elene Anglo Latin letters and riddles the Exeter Book riddles prognostics penitentials hagiographic and homiletic texts medical collections and glosses Overall it demonstrates how an understanding of this important body of textile metaphors alters and shapes the ways in which we read the literature of this period

The Roman Gladius and the Ancient Fighting Techniques Fabrizio Casprini, Marco Saliola, 2023-01-06 The backbone of the Roman army was the infantry armed with a javelin or pilum and sword or gladius This study investigates not just the weapon itself and its design and manufacture but how the sword was originally conceived and how it was employed on the battlefield as an expression of the Roman state The authors start examining the early swords employed across the Italian Peninsula during the Bronze Age and how these evolved into the gladius which itself changed in the period of Monarchy with the introduction of the cross hilt During Rome s Consular period the gladius changed again and over time both the length of the blade and its width were altered Relying exclusively on historical and archaeological evidence *The Roman Gladius and the Ancient Fighting Techniques* shows how the Roman army developed into a highly disciplined body

and how fundamental the gladius was to its method of fighting It also shows how the combat techniques of the Romans evolved as did those of their enemies The training methods and tactics of the Roman infantry are fully explored and its performance at some of the great battles of the monarchical and consular periods are examined as the area under Roman rule fluctuated with victory or defeat For the Roman people the gladius was the object that better than any other showed their identity since it was a weapon that accompanied the history of the Roman people from its earliest days changing in shape and design as it was adapted to the varying social political and military needs The Roman Gladius and the Ancient Fighting Techniques is the most comprehensive study of this hugely important weapon which also provides the reader with a complete overview of Roman society which in this first volume is treated until the end of the Consular period The book is richly illustrated throughout with drawings and photographs of original weapons and equipment *Rethinking the Republic of Letters* Koen Scholten, 2025-10-01 This book offers a revisionist look at the historiography of the Republic of Letters and the community of learning in early modern Europe It suggests a new approach conceptualising the learned world as a web of imagined communities in which the members do not know all their peers These communities formed through distinct memory cultures and the representation of and identification with collective identities *Rethinking the Republic of Letters* looks at early modern biographical dictionaries vitae eulogies letters travelogues and funerary monuments of early modern learned men to trace the re formation of these communities It thereby offers a novel perspective on early modern learned communities the many Republics of Letters *Ovid with an English Translation* Publius Ovidius Naso, 1953 *Rembrandt and the Female Nude* Eric Jan Sluiter, Rembrandt Harmenszoon van Rijn, 2006 Rembrandt s extraordinary paintings of female nudes Andromeda Susanna Diana and her Nymphs Dana Bathsheba as well as his etchings of nude women have fascinated many generations of art lovers and art historians But they also elicited vehement criticism when first shown described as against the grain anticlassical even ugly and unpleasant However Rembrandt chose conventional subjects kept close to time honored pictorial schemes and was well aware of the high prestige accorded to the depiction of the naked female body Why then do these works deviate so radically from the depictions of nude women by other artists To answer this question Eric Jan Sluiter in *Rembrandt and the Female Nude* examines Rembrandt s paintings and etchings against the background of established pictorial traditions in the Netherlands and Italy Exploring Rembrandt s intense dialogue with the works of predecessors and peers Sluiter demonstrates that more than any other artist Rembrandt set out to incite the greatest possible empathy in the viewer an approach that had far reaching consequences for the moral and erotic implications of the subjects Rembrandt chose to depict In this richly illustrated study Sluiter presents an innovative approach to Rembrandt s views on the art of painting his attitude towards antiquity and Italian art of the Renaissance his sustained rivalry with the works of other artists his handling of the moral and erotic issues inherent in subjects with female nudes and the nature of his artistic choices **Medieval Mythography, Volume Two** Jane Chance, 2019-11-15 The second

volume in Jane Chance's study of the history of medieval mythography from the fifth through fifteenth centuries focuses on the time period in Western Europe between the School of Chartres and the papal court at Avignon. This examination of historical and philosophical developments in the story of mythography reflects the ever increasing importance of the subjectivity of the commentator. Through her vast and wide ranging familiarity with hitherto seldom studied primary texts spanning nearly one thousand years, Chance provides a guide to the assimilation of classical myth into the Christian Middle Ages. Rich in insight and example, dense in documentation and compelling in its interpretations, *Medieval Mythography* is an important tool for scholars of the classical tradition and for medievalists working in any language.

The Tragedy of Coriolanus William Shakespeare, 2020-08-05. Intended for a wide audience, Jan Blits's edition of Shakespeare's *The Tragedy of Coriolanus* differs from other such editions by focusing upon ancient sources to highlight the play's setting during the founding of the Roman Republic. In doing so, it sheds new light on both the action of the play and the historical and political significance of its setting.

Second Corinthians and Paul's Gospel of Human Mortality Richard I. Deibert, 2017-01-30. How does Paul's bodily mortality both collapse his apostolic authority in Corinth and yet confirm his gospel? Richard I. Deibert explores the vital relationship between Paul's experience of death and his theology of death. Back cover.
