Palgrave Advances In Continental Political Thought:

Palgrave Advances in Continental Political Thought T. Carver, J. Martin, 2005-10-27 An accessible higher level introduction to a key selection of continental European thinkers from Spinoza to Žižek Covering classical exponents of the tradition such as Hegel and Marx moderns like Gramsci and Habermas and postmoderns like Lacan and Deleuze the volume introduces the main ideas of each thinker and reflects on their enduring theoretical relevance The impressive breadth and contemporary angle make this a unique up to date collection that will be invaluable to students and teaching staff alike

Reasonableness in Liberal Political Philosophy Shaun Young, 2014-02-04 Previously published as a special issue of the Critical Review of Social and Political Philosophy this collection offers a thought provoking critique of the role of the concept of reasonableness in liberal political theory focusing on the proposed relationship between reasonableness and the establishment and preservation of a just and stable liberal polity The essays explore the explicit and implicit use of the idea of reasonableness presenting an analysis that incorporates normative and empirical observations and employs a number of different analytical approaches including liberalism feminism environmentalism Marxism and communitarianism This unique book provides in a single volume a critique that engages not only a vast array of issues but also a diversity of critical perspectives It not only rectifies a deficiency in the existing scholarship but also addresses the issues of socio political justice and stability offering new insightful critiques that respond to the increasingly complex circumstances and conflicts that confront life in contemporary pluralistic societies Reasonableness in Liberal Political Philosophy will be a valuable resource for those interested in liberal political theory and its potential usefulness in helping to secure a just and stable polity

Palgrave Advances in Development Studies J. Haynes, 2005-04-21 Palgrave Advances in Development Studies aims to provide readers with an understanding of the disparate theories concerning development their assumptions and the intellectual forces underpinning them In thirteen specially commissioned essays leading contributors from the field of Development Studies present the relevant material to analyze and evaluate current debates about development together with the intellectual tools to judge contemporary arguments concerning development across the world and the ability to relate theories of development to contemporary policy issues

Palgrave Advances in International Environmental Politics M. Betsill, K. Hochstetler, D. Stevis, 2005-10-31 Palgrave Advances in International Environmental Politics provides a state of the art review of the major theoretical approaches and substantive debates of the field The first section reviews the historical development of international environmental politics as well as the theoretical and methodological approaches used in its study The following chapters each review the trajectory of a key research area within international environmental politics and elaborate on current approaches and debates Case studies in each chapter illuminate the main theoretical questions that emerge from the review

Palgrave Advances in European Union Studies A. Bourne, M. Cini, 2005-10-31 Palgrave Advances in European Union Studies breaks new ground in offering advanced readers an insight into the state of the discipline in EU

studies It comprises theoretical and empirical essays which deal with how the European Union has been and continues to be studied providing an invaluable tool for academics post graduate students and advanced undergraduates who are keen to understand this increasingly diverse field of study Aristotle and Natural Law Tony Burns,2011-12-29 A new approach to understanding the relationship between Aristotle s political philosophy And The natural law tradition **Political Theory, Science Fiction, and Utopian Literature** Tony Burns,2010-02-19 Ursula K Le Guin s *The Dispossessed* is of interest to political theorists partly because of its association with anarchism and partly because it is thought to represent a turning point in the history of utopian dystopian political thought and literature and of science fiction Published in 1974 it marked a revival of utopianism after decades of dystopian writing According to this widely accepted view *The Dispossessed* represents a new kind of literary utopia which Tom Moylan calls a critical utopia The present work challenges this reading of *The Dispossessed* and its place in the histories of utopian dystopian literature and science fiction It explores the difference between traditional literary utopia and novels and suggests that *The Dispossessed* is not a literary utopia but a novel about utopianism in politics Le Guin s concerns have more to do with those of the novelists of the 19th century writing in the tradition of European Realism than they do with the science fiction or utopian literature It also claims that her theory of the novel has an affinity with the ancient Greek tragedy This implies that there is a conservatism in Le Guin s work as a creative writer or as a novelist which fits uneasily with her personal commitment to anarchism **Basic Income, Disability Pensions and the Australian Political Economy** Jennifer Mays,2019-12-03 Global developments in basic income have reinvigorated political debates on the necessity of progressing to universal basic income implementation Basic income is a powerful strategy for addressing poverty gaps and growing inequality This book provides new insights and strategies from an Australian political economy perspective to respond to implementation challenges and distributive justice The book positions the disability dimension and disability pensions in relation to basic income to explore strategies for strengthening universal provisions It illustrates the need for socially just conditions and adequate financing to underpin redistribution as a way of safeguarding the sustainability of basic income *Karl Marx's Grundrisse* , Taking Ideology Seriously Gayil Talshir,Mathew Humphrey,Michael Freeden,2018-10-24 Recent years have witnessed a resurgence of the end of ideology thesis not as a theoretical stance but as a reaction to what appears to have been the decline of major ideological families such as socialism in a changing world order Globalization as well as internal national fragmentation of belief systems have made it difficult to identify ideology in its conventional formats Previously published as a special issue of *The Critical Review of International Social and Political Philosophy* this volume challenges the notion that we are living in a post ideological age It offers a theoretical framework for exploring some of the new manifestations of ideologies and combines this with a series of case studies relating to recent ideational phenomena such as populism environmentalism and Islamic fundamentalism The contributors reassess some typologies such as the left right axis as an explanatory device and use ideology research to bring

together different scholarly perspectives including party political analysis the history of ideas post Marxism and movement politics
