**The Chicago of Fiction** James A. Kaser, 2011 The importance of Chicago in American culture has made the city's place in the American imagination a crucial topic for literary scholars and cultural historians While databases of bibliographical information on Chicago centered fiction are available they are of little use to scholars researching works written before the 1980s In *The Chicago of Fiction A Resource Guide* James A Kaser provides detailed synopses for more than 1 200 works of fiction significantly set in Chicago and published between 1852 and 1980 The synopses include plot summaries names of major characters and an indication of physical settings An appendix provides bibliographical information for works dating from 1981 well into the 21st century while a biographical section provides basic information about the authors some of whom are obscure and would be difficult to find in other sources Written to assist researchers in locating works of fiction for analysis the plot summaries highlight ways in which the works touch on major aspects of social history and cultural studies i e class ethnicity gender immigrant experience and race The book is also a useful reader advisory tool for librarians and readers who want to identify materials for leisure reading particularly since genre juvenile and young adult fiction as well as literary fiction are included

**Mystery Women, Volume Three (Revised)** Colleen Barnett, 2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of

Lewis** William Gray,1998 The works of C S Lewis have a wide appeal to a variety of audiences Lewis is probably most famous for the best selling *The Chronicles of Narnia* although William Nicholson s *Shadowlands* will have led many readers to Lewis s own account of his tragic bereavement in *A Grief Observed* However *Shadowlands* represents only a small part of Lewis s controversial life and omits much that is crucial to an understanding of this fascinating and in some ways tormented personality Lewis enjoyed to the chagrin of his academic colleagues a tremendous success as a popular theologian He was also a successful science fiction writer And last but by no means least he was a brilliant and original academic in the field of English Studies This book weaves together the very different elements in the complex phenomenon of C S Lewis and relates the central concerns of Lewis s life and work to current thinking about postmodernism psychoanalysis and the idea of a new Humanism      **Plays for Our American Holidays: Plays for patriotic days: for Lincoln's birthday, Washington's birthday, Flag day, Memorial day, Independence day, Thomas Jefferson day and Armistice day** Robert Haven Schauffler,Anne Putnam Sanford,1928      *The Fellowship* Philip Zaleski,Carol Zaleski,2015-06-02 A stirring group biography of the Inklings the Oxford writing club featuring J R R Tolkien and C S Lewis      The Fugitive Poets William Pratt,1991 Anthology of the finest modern Southern poets including Warren Ransom Tate Davidson      **The Dark Corners of the Lindbergh Kidnapping** Michael Melsky,2018-06-13 This book will follow the same path as volume one by continuing to explore the dark corners of the Lindbergh kidnapping All the topics throughout this volume will be ones that were never properly examined or evaluated anytime in the past And the facts revealed cause the historical account to become very unlikelyif not impossibleas a result As with the first it is an unorthodox stylea book that may not transition from one chapter to the next as is typical There may be places where I repeat certain information and or mention different versions which may not always match up I do this intentionally so the reader will have all of the information necessary to draw a personal conclusion I have been very fortunate to be able to access a number of sources that are either not well known or privately held Each of these has enhanced my knowledge of the case and I have

tried very hard to communicate the essential findings of each of these to you in this book In this regard my book is unique and should offer new information to anyone who reads it including the most seasoned researchers **What Do I Read**
