Rattling Chains:

Monsters John Michael Greer, 2021-10-31 An Investigator's Guide to Magical Beings that takes you on a harrowing journey into the realm of monsters and the reality of the impossible. Monsters brings together folklore, Western magical philosophy, and field experience. This book is required reading for both active and armchair monster hunters. Between these covers, you will find a chilling collection of fiendish facts and folklore, such as why true vampires are the least attractive, five different kinds of ghosts, the magical origins of the werewolf legends, hidden connections between faery lore and UFOs, and where dragons are found today. This is an essential field guide to monsters, from angels to zombies, with advice on monster investigation and magical self-defence. This latest edition not only has a new chapter on tulpas, but the chapters on vampires and chimeras are significantly expanded with new material. Plus, the section on monster investigation has been thoroughly updated with details on new technology and the approach of the media to monster hunting. *Awesome Tales from the Fringe*. J. Aussem, 2016-06-20 THERE'S NO TELLING WHAT MIGHT HAPPEN ON THE FRINGE UNTIL Suddenly you may find yourself in a situation from which you cannot escape on the Fringe. Beware! Who knows? Except you. Your fate may be unknown. Be careful as you tread. Someone may or may not be able to come to your rescue. You may become a character in a horrible story, your own tale. That no one knows about. You realize to your horror and astonishment that you shouldn't have stepped over the Edge. But if you're adventurous enough, come and walk the line of the Fringe with the characters of these chilling tales. Some of those have crossed over into the unknown. For example, meet Rick Misfort, who finds himself locked up in a Medieval Torture Chamber, or Chester van Stillmort, who's frozen in a Cryogenic Deep Freeze and can't get out. Or how you'll discover that you cannot deplane off of Flight 136. Only Ms. Faith Foundered can see the Green Ghost Gremlins who are running all about taking apart the plane and bringing it down. You may also find yourself up against the likes of a lady named Gretchen, who you didn't realize is a Witch. Or you may find yourself beyond help, like Duke Skywatcher, who soon finds himself aboard an alien spaceship, soon to be whisked away and never heard from again. Or risky and unpredictable time travel with Chico Hernandez in his time machine. It all remains a mystery, who or what you may soon find on the Fringe.

Ghosted Alice Vernon, 2025-09-11 A social, historical, and scientific exploration of ghost hunting and why our fascination with the paranormal is as timeless as the ghosts we hope to find. The history of ghosts is ancient, but the history of active ghost hunting is relatively recent, and investigations into the paranormal have developed hand in spirit with scientific discoveries, from radio waves to smartphone apps. Now more than ever, we want to find our own ghosts. Is it to help process grief? Become influencers? Or ease our fears of death? *Ghosted* follows the story of paranormal investigations from the Victorian era to the modern day, examining how our fascination with ghost hunting has changed alongside technology and culture. Where we once gathered around tables, observing and recording every movement of the medium, we now take electronic equipment and app-laden phones around haunted locations to catch ghosts digitally. Where theatres and concert halls held

sold out performances by conjurers recreating the tricks of fraudulent mediums we now delight in picking apart and exposing the evidence presented on reality television programmes In this book Alice Vernon embarks on a journey to encounter a ghost travelling to some of the UK's most haunted locations and encouraging readers to interrogate their own scepticism and belief *Ghosted* examines what we are looking for why we are looking for it and why have we never given up the ghost

The Gates of Hell David Henderson,2024-10-17 This book is mostly a collection of true stories about demonic beings frightening torturing and creating chaos among humans The first reason I authored this book was because I simply enjoy this topic Yes I am a bit odd I find topics that are strange mysterious and diabolical to be interesting The second reason is because we are in a spiritual battle and I find many Christians that I know seem to be almost oblivious to this fact My hope in this book is to make you more aware of the battle going on around us and that we can and should be ready to defend and battle Satan and his demonic army Our struggle is not against flesh and blood but against the rulers against the authorities against the powers of this dark world and against the spiritual forces of evil in the heavenly realms Ephesians 6 12
