Schneider,2021-01-12 They called themselves Vampires Dragons and Egyptian Kings They were divided by race ethnicity and neighborhood boundaries but united by common styles slang and codes of honor They fought and sometimes killed to protect and expand their territories In postwar New York youth gangs were a colorful and controversial part of the urban landscape made famous by West Side Story and infamous by the media This is the first historical study to explore fully the culture of these gangs Eric Schneider takes us into a world of switchblades and slums zoot suits and bebop music to explain why youth gangs emerged how they evolved and why young men found membership and the violence it involved so attractive Schneider begins by describing how postwar urban renewal slum clearances and ethnic migration pitted African American Puerto Rican and Euro American youths against each other in battles to dominate changing neighborhoods But he argues that young men ultimately joined gangs less because of ethnicity than because membership and gang violence offered rare opportunities for adolescents alienated from school work or the family to win prestige power adulation from girls and a masculine identity In the course of the book Schneider paints a rich and detailed portrait of everyday life in gangs drawing on personal interviews with former members to re create for us their language music clothing and social mores We learn what it meant to be a down bopper or a jive stud to fish with a beautiful deb to the sounds of the Jesters and to wear gang sweaters wildly colored zoot suits or the Ivy League look He outlines the unwritten rules of gang behavior the paths members followed to adulthood and the effects of gang intervention programs while also providing detailed analyses of such notorious gang related crimes as the murders committed by the Capeman Salvador Agron

Schneider focuses on the years from 1940 to 1975 but takes us up to the present in his conclusion showing how youth gangs are no longer social organizations but economic units tied to the underground economy Written with a profound understanding of adolescent culture and the street life of New York this is a powerful work of history and a compelling story for a general audience Number 4 Bobby Orr Kevin Vautour,2019-03-14 Bursting upon the National Hockey League scene in the fall of 1966 amid enormous hype and expectations Robert Gordon Bobby Orr would go on to exceed all predictions of greatness Displaying All Star level ability from the start it was his talent as a play maker and scorer that utterly revolutionized the game of hockey At the same time Orr helped revive a tired long suffering Boston Bruins team leading them to their first Stanley Cup in twenty nine years at the age of twenty two Orr and company would drink from the Cup again two years later as he continued to cement his legacy with MVP Awards and Norris Trophies The unforgettable sight of him rushing the puck up ice with blond hair flying was a thing of sheer athletic beauty But Orr s fragile knees plagued him throughout his career ultimately forcing him to retire before the age of thirty But in his ten years with the Bruins the remarkable body of work and the greatness he achieved prompt many hockey historians to regard him as the all around greatest most skillful player in history Number 4 Bobby Orr is the most ambitious in depth look at Orr and the Bruins greatest decade Library of Congress Subject Headings Library of Congress,2013 **Behind the Net** Stan Fischler,2016-10-04 In Behind the Net first published in 2013 and now for the first time in paperback and newly updated Stan Fischler includes a collection of short zany but true tales that have taken place over more than a half century of hockey watching An easy read for fans of all ages with photos to accompany the anecdotes this book offers a unique perspective into the NHL from one of today s most prolific hockey writers Different from the typical NHL game stories this book details everything from the hilarious to the absurd Fischler details the time that Bill Mosienko scored three goals in 21 seconds Rene Fernand Gauthier accepted a challenge to shoot the puck in the ocean Sam LoPresti faced 83 shots on goal in one game And 98 more unique stories So lace up your skates and hit the ice with Behind the Net a comprehensive collection sure to entertain any hockey fan regardless of team allegiances Skyhorse Publishing as well as our Sports Publishing imprint are proud to publish a broad range of books for readers interested in sports books about baseball pro football college football pro and college basketball hockey or soccer we have a book about your sport or your team Whether you are a New York Yankees fan or hail from Red Sox nation whether you are a die hard Green Bay Packers or Dallas Cowboys fan whether you root for the Kentucky Wildcats Louisville Cardinals UCLA Bruins or Kansas Jayhawks whether you route for the Boston Bruins Toronto Maple Leafs Montreal Canadiens or Los Angeles Kings we have a book for you While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home You Should Have Been There Richard Norton,2016-01-15 So many people have told me I should write a book because I almost always could

come up with a true story for most any situation happening So I am succumbing to all the prompting and writing down the many stories I have stored in me It s impossible to just sit down and write everything at once I have to wait until an event happens that triggers my memory For instance when I was in the army I recorded many of the happenings of army life that I thought funny or unusual Stories I write will mostly be about other people that happened into my life and not necessarily about me but I was there an observer as much as a participant I ve relied on the opinions of generous friends who think my stories are worthwhile I m fortunate to have crossed paths with many luminaries and have been exposed to lots of humanity both good and bad I went from high school into army intelligence for three years during the Korean War After being discharged I attended Wayne State University for one year and sold cars for a short while Then I went to the Chrysler Engineering Institute I graduated from Chrysler and became a body design engineer After a while big layoffs got me looking for employment again and I went to work as a mechanical engineer for several years at companies that were into the space programs I drifted into acting and modeling and was one of the most working models around Detroit I was in over one hundred movies and TV commercials in that career for nineteen years and worked all over the country In 1980 I moved to the Palm Beach area in Florida and after a short time engineering again was hired as a salesman at one of the largest art galleries in the world I spent sixteen years at the gallery and then retired as part owner In retirement now I occupy my time painting golfing and cruising around the waters in my boat This book is about the unusual happenings in my varied life and of the many famous people I met and worked with Every story is true and written as best I can recollect 100 Things
