Reinventing World War II Barbara A. Biesecker,2024-08-09 By the 1970s World War II had all but disappeared from US popular culture But beginning in the mid eighties it reemerged with a vengeance and for nearly fifteen years World

War II was ubiquitous across US popular and political culture. In this book Barbara A. Biesecker explores the prestige and rhetorical power of the Good War, revealing how it was retooled to restore a new kind of social equilibrium to the United States. Biesecker analyzes prominent cases of World War II remembrance, including the canceled exhibit of the Enola Gay at the National Air and Space Museum in 1995 and its replacement, Steven Spielberg's *Saving Private Ryan*, Tom Brokaw's *The Greatest Generation*, and the United States Holocaust Memorial Museum. Situating these popular memory texts within the culture and history wars of the day and the broader framework of US political and economic life, Biesecker argues that, with the notable exception of the Holocaust Memorial Museum, these reinventions of the Good War worked rhetorically to restore a strong sense of national identity and belonging fitted to the neoliberal nationalist agenda. By tracing the links between the popular retooling of World War II and the national state fantasy, and by putting the lessons of Foucault, Derrida, Lacan, and their successors to work for a rhetorical political analysis of the present, Biesecker not only explains the emergence and strength of the MAGA movement but also calls attention to the power of public memory to shape and contest ethnonational identity today. This book will interest rhetoricians and historians as well as students and scholars in the fields of US politics and communication studies.

**Rethinking Northern Ireland** David Miller, 2014-09-25

*Rethinking Northern Ireland* provides a coherent and critical account of the Northern Ireland conflict. Most writing on Northern Ireland is informed by British propaganda, unionist ideology, or currently popular ethnic conflict paradigm, which allows analysts to wallow in a fascination with tribal loyalty. *Rethinking Northern Ireland* sets the record straight by reembedding the conflict in Ireland in the history of an literature on imperialism and colonialism. Written by Irish, Scottish, and English women and men, it includes material on neglected topics such as the role of Britain, gender, culture, and sectarianism. It presents a formidable challenge to the shibboleths of contemporary debate on Northern Ireland. A just and lasting peace necessitates thorough re-evaluation, and *Rethinking Northern Ireland* provides a stimulus to that urgent task.
