## Reel And Rout:

**The Rime of the Ancient Mariner** Samuel Taylor Coleridge, 1890      Voices from the Shore Max Bush, 2005 Joel and his best friend of many years Lucas are awaiting friends to attend a senior year spring break beach party Joel seems abnormally tense as he and Lucas discuss their fears and hopes for the future When Trisha Holly Rick Laura and Joel's girlfriend Beth arrive it's clear that friendship dreams and concerns about the future after graduation are on the minds of everyone Beth confronts Joel about their relationship and as Joel's anxiety level rises we begin to understand that he is hearing voices These Voices insistently torment Joel resulting in him being admitted into an adolescent acute care psychiatric hospital There Joel meets other young people who are also struggling with who they are and their changing worlds Tom shows Joel the ward and introduces him to Coby a streetwise young woman whose rough exterior covers a caring heart and to Julie a delicate young woman who repeatedly mistakes Joel for a lost friend As each character seeks to clarify their future they prepare to say goodbye to their familiar lives and hello to a world of new opportunities Told with humor honesty and directness Voices From the Shore celebrates the anxieties triumphs and glories of young adults struggling with understanding their changing dreams and with the responsibility for realizing them Publisher's website      Poems from Coleridge and Byron Samuel Taylor Coleridge, 1899      Coleridge and Shelley Sally West, 2016-05-23 Sally West's timely study is the first book length exploration of Coleridge's influence on Shelley's poetic development Beginning with a discussion of Shelley's views on Coleridge as a man and as a poet West argues that there is a direct correlation between Shelley's desire for political and social transformation and the way in which he appropriates the language imagery and forms of Coleridge often transforming their original meaning through subtle readjustments of context and emphasis While she situates her work in relation to recent concepts of literary influence West is focused less on the psychology of the poets than on the poetry itself She explores how elements such as the development of imagery and the choice of poetic form often learnt from earlier poets are intimately related to poetic purpose Thus on one level her book explores how the second generation Romantic poets reacted to the beliefs and ideals of the first while on another it addresses the larger question of how poets become poets by returning the work of one writer to the literary context from which it developed Her book is essential reading for specialists in the Romantic period and for scholars interested in theories of poetic influence      The Canadian Teacher ... A Flash of Golden Fire Thomas Elsner, 2025-05-01 In the early twentieth century C G Jung survived an intense encounter with the unconscious He did this by giving expression to his inner world in the paintings and dialogues found in the Red Book Yet Jung felt alone in this work unable to find a precedent or cultural parallel until he discovered alchemy This ancient

protoscience became the bridge Jung had been seeking between the remote past and the present Yet between the downfall of alchemy in the eighteenth century and Jung's Red Book in the twentieth it seems that there was a gap in the tradition According to Jungian analyst and author Thomas Elsner Samuel Taylor Coleridge's great visionary poem The Rime of the Ancient Mariner is another link in that golden chain In Elsner's analysis Coleridge's nineteenth century night sea journey can today be understood as a symbolic self portrait of the collective unconscious a self portrait that like the Red Book finds its historical context and continuity in the alchemical tradition Continuing the highly esteemed works arising from the Fay Lecture Series sponsored by the Jung Center Houston Elsner's A Flash of Golden Fire The Birth Death and Rebirth of the Modern Soul in Coleridge's The Rime of the Ancient Mariner promises to further extend the understanding and appreciation of Jungian principles for practitioners analysts others interested in Jungian theory and practice the psychological dimensions of Romantic poetry and the evolution of Western consciousness *British anthologies, ed. by E.
