readers by helping shed new and illuminating light on the writing and will help close the gap that sadly still exists between Thomas's critical and popular receptions. Close textual analysis of poems that have to date received only scant critical attention e.g. Today this insect The Notebooks have received only scant critical attention and have been subordinated to a purely minor role. Here however the Notebooks are re-visited and re-evaluated because the text of these four manuscript exercise books provides us with a highly significant and revealing document.

Discovering Dylan Thomas John Goodby, 2017-03-31 Discovering Dylan Thomas is a companion to Dylan Thomas's published and notebook poems. It includes hitherto unseen material contained in the recently discovered fifth notebook alongside poems, drafts and critical material including summaries of the critical reception of individual poems. The introductory essay considers the task of editing and annotating Thomas: the reception of the Collected Poems and the state of the Dylan Thomas industry and the nature of Thomas's reading influences, allusions and intertextuality. It is followed by supplementary poems including juvenilia and the notebook poems. The Woman Speaks original versions of Grief, thief of time and I followed sleep and Jack of Christ all of which were omitted from the Collected Poems. These are followed by annotations beginning with a discussion of Thomas's juvenilia and the relationship between plagiarism and parody in his work. Poem by poem entries offer glosses, new material from the fifth notebook, critical histories for each poem and variants of poems such as Holy Spring and On a Wedding Anniversary including a magnificent previously unpublished first draft of A Refusal to Mourn. The closing appendices deal with text and publication details for the collections Thomas published in his lifetime, the provenance and contents of the fifth notebook and errata for the hardback edition of the Collected Poems.

Modernism from the Margins Chris Wigginton, 2020-10-01 Modernism from the Margins is an accessible and challenging account of the 1930s writing of two of the most popular authors of the time. Locating the work of Louis MacNeice and Dylan Thomas historically, the book questions standard accounts of the period as Auden dominated and offers an inclusive and theoretical account of the engagement of

both writers with the varieties of Modernism It is the first reading at length of either MacNeice's or Thomas's work in the light of literary theory and one of only a handful of texts to look at the writing of the 1930s in these terms This book is an important contribution to contemporary discussions of both of these writers and of the general issues of modernism postmodernism literary identity and cultural identity it raises

Twentieth-Century British Authors and the Rise of Opera in Britain Dr Irene Morra, 2013-04-28 This book is the first to examine in depth the contributions of major British authors such as W H Auden and E M Forster as critics and librettists to the rise of British opera in the twentieth century The perceived literary values of British authors as much as the musical innovations of British composers informed the aesthetic

development of British opera Indeed British opera emerged as a simultaneously literary and musical project Too often operatic adaptations are compared superficially to their original sources This is a particular problem for British opera which has become increasingly defined artistically by the literary sophistication of its narrative sources The resulting collaborations between literary figures and composers have crucial implications for the development of both opera and literature Twentieth Century British Authors and the Rise of Opera in Britain reveals the importance of this literary involvement in operatic adaptation to literature and literary studies to music and musicology and to cultural and theoretical studies
