Referendum The People Decide Public Policy:

The Referendum Joseph F. Zimmerman, 2001-07-30 Examines and evaluates 16 types of referenda and offers model provisions to make them more effective

Constitutional Ratification Without Reason Jeffrey A. Lenowitz, 2022 This volume analyses constitutional ratification procedures examines their nature origins history and especially the potential justifications for their use The author offers a comprehensive demonstration of how constitution making recommendations can be evaluated and tested from a normative and theoretical perspective

The Encyclopedia of Civil Liberties in America David Schultz, John R. Vile, 2015-04-10 Driven by the growing reality of international terrorism the threats to civil liberties and individual rights in America are greater today than at any time since the McCarthy era in the 1950s At this critical time when individual freedoms are being weighed against the need for increased security this exhaustive three volume set provides the most detailed coverage of contemporary and historical issues relating to basic rights covered in the United States Constitution The Encyclopedia of Civil Liberties in America examines the history and hotly contested debates surrounding the concept and practice of civil liberties It provides detailed history of court cases events Constitutional amendments and rights personalities and themes that have had an impact on our freedoms in America The Encyclopedia appraises the state of civil liberties in America today and examines growing concerns over the limiting of personal freedoms for the common good Complete with selected relevant documents and a chronology of civil liberties developments and arranged in A Z format with multiple indexes for quick reference The Encyclopedia of Civil Liberties in America includes in depth coverage of freedom of speech religion press and assembly as outlined in the first amendment protection against unreasonable search and seizure as outlined in the fourth amendment criminal due process rights as outlined in the fifth sixth seventh and eighth amendments property rights economic liberties and other rights found within the text of the United States Constitution Supreme Court justices presidents and other personalities focusing specifically on their contributions to or effect on civil liberties concepts themes and events related to civil liberties both practical and theoretical court cases and their impact on civil liberties

The Initiative, Second Edition Joseph F. Zimmerman, 2014-10-08 Examines the origins spread and effectiveness of the initiative The initiative is the product of the populist movement which in the late nineteenth century sought to increase voter control of what were viewed as unrepresentative state and local governments Today twenty four states allow registered voters to place proposed state laws on the referendum ballot and eighteen states authorize voters to place proposed state constitutional amendments on the referendum ballot by collecting a specified number of valid voter signatures Numerous local governments have a charter provision or a state law provision allowing voters to employ the popular lawmaking device In The Initiative Second Edition Joseph F Zimmerman traces the origin and spread of the initiative in the United States The initiative has been a controversial device since first being introduced in South Dakota in 1898 with arguments both in support and in opposition Zimmerman examines and evaluates both the legal foundation of the initiative

and the arguments against its use He then concludes with a chapter that develops model constitutional statutory and local government charter provisions to assist jurisdictions and their voters contemplating adoption of the initiative or amendment of already existing constitutional statutory and charter initiative provisions *Exploring Initiative and Referendum Law* Beth Williams, 2013-10-18 Researching ballot measures can be one of the most daunting types of legal research Exploring Initiative and Referendum Law Selected State Research Guides offers legal researchers an easy to use guide that provides thorough overviews of I R initiative and referendum laws within twenty three states This unique resource provides state specific guidance about both forms of I R law those state laws permitting I R and those state laws enacted as a result of the I R process Any legal researcher beginning a project or needing to know just where to go for the right resources will get helpful general and specific information on practical research strategies and resources Up to now finding the literature to research the state specific history of a law passed by initiative or referendum has been extremely difficult This book fills this gap by providing top researchers with brief overviews of the individual state processes while providing important primary and secondary sources including Web sites The guide s chapters are separated alphabetically by state for fast and easy reference Annotated bibliographies of books articles and Web sites are provided along with instructions about what documents one can expect to find on the Web and how to use free databases Because of this useful volume s unique focus the book may well become an essential resource for law librarians attorneys law faculty law students and Political Science scholars This book was published as a special issue of Legal Reference Services Quarterly *The Federal Nation I* Morgan, P. Davies, 2008-12-08 This volume gathers contributors from both the US and UK to provide a comparative examination of federalism in the Bush era a period of huge change in national politics but also one of significant shifts in US federalism in relation to social and socioeconomic issues Handbook on the Politics of Small States Godfrey Baldacchino, Anders Wivel, 2020-03-28 Comprehensive and timely this Handbook identifies the key characteristics challenges and opportunities involved in the politics of small states across the globe today Acknowledging the historical legacies behind these states the chapters unpack the costs and benefits of different political models for small states **The Government and Politics of New York State** Joseph F. Zimmerman, 2008-03-27 In this updated edition of his classic text Joseph F Zimmerman offers a balanced presentation of the institutions and political processes of the Empire State He begins with an overview of the state and offers chapters on federal state and interstate relations state local relations the constitution political parties elections and interest groups the state legislature the governor the fourth branch the departments and agencies of the executive branch the judiciary and state finance including state local fiscal relations Zimmerman emphasizes the legal foundations of the state as they influence greatly the behavior of leading public officers and interest groups Most importantly constitutional restrictions on the state legislature and local governments are examined as well as the ingenious ways by which several restrictions upon the state legislature have been circumvented **The People's Mandate** J. Patrick

Boyer,1992 A mood of anger with the political system has been stirring across Canada yet rather than turning away from the system many Canadians are actually seeking a greater say in matters that affect them they want to become more effective participants in the political process In this timely book Patrick Boyer examines the important role that direct democracy through the occasional use of referendums plebiscites and inniatives can play in concert with our existing institutions of representative democracy This concept is not alien to our country says Boyer pointing to the two national plebiscites on prohibition of alcohol in 1898 and conscription for overseas military service in 1942 some sixty provincial plebiscites on everything from sovereignty association to abortion medicare to women s suffrage prohibition to ownership of power companies and several thousand at the municipal level Direct voting is an important instrument in a truly democratic society Boyer argues and it has a more important rold in the current reformation of Canada than some in the comfortable growing governing classes want to admit In addition to clarifying an issue it is an educational tool as the plebiscite campaign becomes a national teach in Canadians can become participants rathe rthan mere spectators in the major changes and transcending issues that affect the future of our country The People s Mandate is a helpful guide to understanding the distinctions between plebiscites and referendums in a purely Canadian context It addresses some of the concerns about this unparliamentary practice and makes a powerful and logical statement about democracy In sum Boyer believes it is essential to govern with the trust of the people

Young V. Old Susan Macmanus,2018-02-12 Arguing that an inter generational war is brewing in the United States this book paints a picture of the ageing of America and what it means for politics and policy questions including social security health care crime jobs social welfare defence and foreign affairs Differences between older and younger citizens are examined in the light of voting and registration patterns ideological and party preferences and varieties of political activism Contemporary media and new technologies are highlighted as sources of disparities and bridges between the generations how they watch politics how they prefer to solve social problems and how inter generational understanding may be improved through communication and education

Comparative Politics Daniele Caramani,2008 Comparative Politics provides a comprehensive introduction to political systems around the world It covers methods and theories the nation state institutions actors and processes policies and recent changes

Interstate Water Compacts Joseph F. Zimmerman,2012-12-01 This groundbreaking work is the first to devote itself to interstate and federal interstate compacts pertaining to controversies including the abatement of water pollution apportionment of river waters economic development flood control inland fisheries marine fisheries and restoration to rivers of anadromous fish such as salmon and shad The process for entering into interstate and federal interstate compacts is explained in detail as is the exercise of original jurisdiction by the US Supreme Court to resolve intractable interstate controversies involving interpretation of provisions of compact water apportionment and water pollution abatement Provided by publisher

The Strategic Use of Referendums M. Walker,2003-08-02 The strategic use of referendums by leaders often confers legitimacy but it may also reflect the power

struggle between leaders groups and institutions and in doing so not provide a democratic result for the citizenry of a country

Participatory Constitutional Change Xenophon Contiades, Alkmene Fotiadou, 2016-10-04 This book explores the recent trend of enhancing the role of the people in constitutional change It traces the reasons underlying this tendency the new ways in which it takes form the possibilities of success and failure of such ventures as well as the risks and benefits it carries To do so it examines the theoretical aspects of public participation in constitutional decision making offers an analysis of the benefits gained and the problems encountered in countries with long standing experience in the practice of constitutional referendums discusses the recent innovative constitution making processes employed in Iceland and Ireland in the post financial crisis context and probes the use of public participation in the EU context New modes of deliberation are juxtaposed to traditional direct democratic processes while the reasons behind this re emergence of public involvement narratives are discussed from the aspect of comparative constitutional design The synthetic chapter offers an overview of the emerging normative and comparative issues and provides a holistic approach of the role of the people in constitutional change in an attempt to answer when where and how this role may be successfully enhanced The work consists of material specifically written for this volume and authored by prominent constitutional scholars and experts in public participation and deliberative processes

Towards Consensus? Peter Aimer, 2013-11-01 Based on a nationwide survey of voters this is a study of the historic 1993 New Zealand general election and referendum It seeks to explain why New Zealanders made the choices they did an extremely narrow majority for the National Party and a decision to shift to MMP representation

The SAGE Handbook of Governance Mark Bevir, 2010-12-14 The study of governance has risen to prominence as a way of describing and explaining changes in our world The SAGE Handbook of Governance presents an authoritative and innovative overview of this fascinating field with particular emphasis on the significant new and emerging theoretical issues and policy innovations The Handbook is divided into three parts Part one explores the major theories influencing current thinking and shaping future research in the field of governance Part two deals specifically with changing practices and policy innovations including the changing role of the state transnational and global governance markets and networks public management and budgeting and finance Part three explores the dilemmas of managing governance including attempts to rethink democracy and citizenship as well as specific policy issues such as capacity building regulation and sustainable development This volume is an excellent resource for advanced students and researchers in political science economics geography sociology and public administration Mark Bevir is a Professor of Political Science at the University of California Berkeley

Congressional Record United States. Congress, 1995

The Public Louis Freeland Post, 1905

The Public, 1905

Contemporary Politics, Communication, and the Impact on Democracy Palau-Sampio, Dolors, López García, Guillermo, Iannelli, Laura, 2021-11-12 The loss of credibility of traditional media and democratic institutions points to the important challenges for the democratic system Social networks have allowed new political and social actors to disseminate

their messages which has raised diversity However it has also lowered the standards for the circulation of messages and has increased disinformation and hate speech Contemporary Politics Communication and the Impact on Democracy addresses communication and politics and the impact on democracy This book offers a valuable contribution regarding the challenges and threats faced by traditional and stable democracies while disinformation polarization and populism have a main role in the present hybrid communicative scenario Covering topics such as digital authoritarianism emotional and rational frames and political conflict on social media this is an essential resource for political scientists communication specialists analysts policymakers politicians critical media scholars graduate students professors researchers and academicians
