Reading Shaver's Creek Ian Marshall,2018-02-16 What does it mean to know a place What might we learn about the world by returning to the same place year after year What would a long term record of such visits tell us about change and permanence and our place in the natural world This collection explores these and related questions through a series of reflective essays and poems on Pennsylvania s Shaver s Creek landscape from the past decade Collected as part of The Ecological Reflections Project a century long effort to observe and document changes to the natural world in the central Pennsylvanian portion of the Appalachian Forest these pieces show how knowledge of a place comes from the information and perceptions we gather from different perspectives over time They include Marcia Bonta s keen observations about how
