*Educational Policies and Youth in the 21st Century* Sharon L. Nichols, 2016-07-01 As our student population diversifies rapidly there is a critical need to better understand how national regional and or local policies impact youth in school settings In many cases educational policies constructed with the goal of helping youth often have the unintended consequence of inhibiting youth s potential This is especially the case when it comes to youth from historically underrepresented groups Over and over educational legislation aimed at improving life for youth has had the negative effect of eroding opportunities for our most vulnerable and often times less visible youth The authors of this book examine the schooling experiences of Hispanic African American Indigenous poor and LGBT youth groups as a way to spotlight the marginalizing and shortsighted effects of national education language immigration and school reform policies Leading authors from across the country highlight how educational policies impact youth s development and socialization in school contexts In most cases policies are constructed by adults implemented by adults but are rarely informed by the needs and opinions of youth Not only are youth not consulted but also policymakers often neglect what we know about the psychological emotional and educational health of youth Therefore both the short and long term impact of these policies have but limited effects on improving students school performance or personal health issues such as depression or suicide In highlighting the demographic and cultural shifts of the 21st century this book provides a compelling case for policymakers and their constituents to become more sensitive to the diverse needs of our changing student population and to advocate for policies that better serve them

**Stars, Cars and Crystal Meth** Jack Sutherland, 2016-03-15 Jack Sutherland the narrator and protagonist of this memoir has you might say led a charmed life in the face of seeming damnation A confirmed alcoholic in his early teens by his twenties he was PA and bodyguard to the Hollywood stars most notably Michael Stipe Ru Paul and Mickey Rourke His work took him to exotic destinations around the world and bizarre encounters and requests It also led him back to a smorgasbord of lethal addictions alcohol marijuana ecstasy and perhaps most damaging of all crystal meth and the crazed chem sex that characterises its use On the shores of death s coastline a nine stone skeleton in a frame that once boasted the shape and tone of a bodybuilder Jack is saved By his father one of the literary world s most esteemed personalities John Sutherland A son s memoir told through the prism and prose of a father will surely take its place among the classics of contemporary addiction and recovery stories like *A Portrait of an Addict as a Young Man* and *Another Bullshit Night in Suck City* *Stars Cars Crystal Meth* lifts the lid on the shadow world of the Hollywood PA with grim but ultimately inspiring honesty

**Sudden Strangers** Aaron Fricke, Walter Fricke, 2016-06-14 This is a story about Walter Fricke and Aaron Fricke father and son heterosexual and gay respectively on all counts It has taken six years to complete this book During that time there were periods when it was worked on steadily and times when the material was abandoned as hopeless The book changed as our father son relationship changed and each transformation of the book reflected the transformations in our relationship It is neither the same book nor the same relationship that we started with six years ago This was a book that had to be lived not simply written The final product is the story of an evolving father son relationship a story of two people with different ways of looking at the world and of the hurdles we needed to overcome to respect each other

Lesbian & Gay Youth Caitlin Ryan, Donna Futterman, 1998 Provides guidelines for the care and counseling of lesbian gay bisexual and transgendered youth and features a review of information and research on lesbian and gay health identity development and peer and family issues

**Homoplot** Esther Saxey, 2008 Homoplot analyses the lesbian gay and bisexual coming out story in fiction and autobiography from the late 1960s to the present day These stories are recognised as an invaluable record of lesbian gay or bisexual life However this book illuminates their equally vital role as active tools in the arduous project of creating gay lesbian and bisexual identities constructing the identities they seem to describe Homoplot shows how a popular twist of the plot or a single common character trait can be a powerful intervention into sexual politics Approaching these texts with the tools of queer criticism the book celebrates their success

but also illuminates their chief problem how the need to create concrete sexual identities has often narrowed the range of queer experiences represented Despite the ongoing popularity of coming out stories this is the first book length study of the genre Homoplot surveys hundreds of examples including in depth readings of authors such as Jeanette Winterson Dorothy Allison Rita Mae Brown Oscar Moore Paul Monette and Aaron Fricke and provides an incisive account of the genre s defining features The book is essential reading for anyone considering queer literature or lesbian gay and bisexual identity in the twentieth century and beyond Researchers and students considering life history and autobiography will also benefit from its analysis of feminist and queer politics
