PARIS, Monday, Oct. 29.—President de Gaulle won the referendum battle in his homeland, halting, nevertheless, but not crushing, widespread hopes of support for his replacement with a more liberal leader.

In the face of complete unofficial returns early this morning, 46.76 per cent of the valid ballots cast were in favor of the President's proposal to elect his successor by popular vote instead of by the two-round college of electors ("college") specified in the present Constitution.

But, with abstentions running at about 34 per cent of the electorate, General de Gaulle had only a minority—about 46 per cent—of the registered voters backing him.

Total of Voting  
Of 21,078,676 registered voters, 21,064,032 went to the polls and

UNITED NATIONS, N.Y., Oct. 28.—U. Thant, the Acting Secretary General, said today to Cuba Tuesday with his top assistants to discuss arrangements for a United Nations observance on the dismantling of the two missiles and the halting of the building of bases.

Mr. Thant plans to stop in Cuba only long enough to visit President Fidel Castro's acceptance of the Thant plan to halt missile bases in August and to urge President Khrushchev's agreement to dismantle the missiles in compliance with the plan. According to reliable sources, since the Acting Secretary General makes these arrangements, he will press to obtain authorization from the Security Council for the inspection program.

WASHINGTON, Oct. 28.—President Khrushchev agreed today to halt the construction of Soviet bases in Cuba and to dismantle Soviet missile bases, both under United Nations supervision. In a message to President Kennedy, the Soviet leader said that he already had ordered the dismantling of the two missiles and the halting of the building of bases.

The war said to have been done in return for the agreement offered to a later date by Mr. Khrushchev yesterday to President Kennedy. The letter expressed the United States readiness to lift the naval quarantine of Cuba and join with other nations of the Western Hemisphere in providing assistance against an invasion of the island.

By E. M. KENNEDY  
Senior Editor of the New York Times  
WASHINGTON, Oct. 28.—President Kennedy and Premier Khrushchev reached apparent agreement today on a formula to end the crisis over Cuba and to begin talks on making tomorrow a relief area.

President Khrushchev pledged the Soviet Union to stop work on its missile sites in Cuba, to dismantle the weapons and to cease them and take them home. All this would be done under supervision of United Nations representatives.

President Kennedy, for his part, pledged the lifting of the United States blockade when the United Nations had taken the "necessary measures," and that the United States would no longer Cuba.

**The Other Missiles of October** Philip Nash, 1997 Shedding important new light on the history

of the Cold War Philip Nash tells the story of what the United States gave up to help end the Cuban missile crisis of 1962 By drawing on documents only recently declassified he shows that one of President Kennedy s compromises with the Soviets involved the removal of Jupiter missiles from Italy and Turkey an arrangement concealed from both the American public and the rest of the NATO allies Nash traces the entire history of the Jupiters and explores why the United States offered these nuclear missiles which were capable of reaching targets in the Soviet Union to its European allies after the launch of Sputnik He argues that despite their growing doubts both Eisenhower and Kennedy proceeded with the deployment of the missiles because they felt that cancellation would seriously damage America s credibility with its allies and the Soviet Union The Jupiters subsequently played a far more significant role in Khrushchev s 1962 decision to deploy his missiles in Cuba in U S deliberations during the ensuing missile crisis and in the resolution of events in Cuba than most existing histories have supposed
