Reformed Church Roots:

The Dutch Reformed Church in the American Colonies Gerald Francis De Jong, 1978 The Dutch Reformed Church in the American Colonies remains the best study of the early years of the Reformed Church in North America De Jong s careful account takes the readers on a fascinating journey from the establishment of a Dutch church at a mill in New Amsterdam to the early years of an indigenous American denomination Along the way we become acquainted with issues in the colonial period that are pertinent in the twenty first century for the Reformed Church in America church multiplication leadership training discipleship regional tensions adaptation to cultural changes worship and liturgy De Jong helps us to see that in many respects the more things change the more they remain the same The Rev Dennis N Voskuil Ph D President and De Witt Professor of Church History Western Theological Seminary Holland Michigan The reissue of De Jong s classic study is very welcome Though of course there has been other important work on various aspects of the colonial Dutch Reformed experience in the thirty years since the book s first appearance still it remains the standard comprehensive account a careful and thorough work that shows a mastery of the sources and sticks close to them The Rev John Coakley Ph D L Russel Feakes Professor of Church History New Brunswick Theological Seminary New Brunswick New Jersey

The Patristic Roots of Reformed Worship Hughes Oliphant Old, 2023-12-29

The first part of this work describes the development of Reformed Worship from 1500 1542 The story begins with liturgical reforms of the Christian Humanists in Alsace continues through the establishment of the first Protestant worship services in the Swiss cities of Zurich and Basel joins with the currents of French evangelical thought flowing from Meaux and finally reaches Geneva with the publication of Calvin's first psalter Reformed worship is presented as the fruit of an inner church liturgical renewal

movement begun well before the Reformation which was then cultivated by the Rhineland Protestant Reformers In order that we might be clear about how patristic literature affected this process we turn next to discover what the Reformers knew about the church fathers We show evidence of the impressive patristic knowledge of such men as Zwingli Brucer Hedio Oecolampadius and Calvin An extensive bibliography of patristic editions known and used by the Reformers concludes the second part of the book Finally we analyze each element of Reformed worship to show its development and to indicate its scriptural and particularly its patristic roots The Prayer of Confession the Prayer of Intercession the Communion Invocation and the Benediction are studied to show their liturgical purpose How the Reformers understood their use of the lectionary the sermon psalmody and hymnody is presented in the light of their understanding of the practice of the ancient church
