Reformed Confessions Theology From Zurich To Barmen:

Reformed Confessions Jan Rohls, 1998 *Reformed Confessions of the Sixteenth Century* Arthur C.

Cochrane, 2003-01-01 Reformed Confessions of the Sixteenth Century makes available a number of confessional documents that are not easily accessible elsewhere Arthur Cochrane's introduction to the work and to each confession indicates each document's importance and its theological emphases A new introduction by Jack Rogers focuses on developments in the study of Reformed Confessions since the first appearance of Cochrane's book in 1966 Perpetually Reforming: A Theology of Church Reform and Renewal John P. Bradbury, 2013-04-25 This volume offers a constructive theology of how the church is

perpetually reformed and renewed within the context of life in the world **Confessional Theology?** Rothney S.

Tshaka, 2010-04-16 Christian confessions are usually seen as statements of faith which has no relationship with politics The result is a tendency to view these documents as theological but not political This study discusses this misconception but adds that although these documents are not to be perceived as political per se that they can nonetheless not ignore the political contexts from which they emerge Two confessional documents are discussed to illustrate the point viz the Barmen Theological Declaration 1934 in Nazi Germany as well as the Belhar Confession 1986 during apartheid South Africa The findings of the study is that the theology of Karl Barth and therefore the Belhar Confession establishes an unavoidable link between Christian confessions and politics The word confession is used here in relation to Barth's interpretation of our responsibility to speak about God because of the fact that we are Christian and also our inability to speak about God as if God is known in God's entirety to us Seen in this way confessional theology is opposed to tendencies that give the impression that we are able to speak about God as if we know Him in His entirety Five characteristics in the theology of Barth are investigated These characteristics illustrate the degree to which theology is related to politics It also points to the fact that politics was never a marginal factor in the theological reflections of Barth The study suggests that the theology of Barth remains relevant because it interprets the Word in a manner that does not ignore the contexts in which this interpretation of the Word takes place The study furthermore suggests that the entire theology of Barth can be construed as confessional theology It arrives at this end and makes very clear that confessional theology differs fundamentally from confessionalism but that confessional theology always calls for those who espouse it to embody that which is confessed To uphold the characteristics of confessional theology in the theology of Barth it is agreed that his theology continued to play significant roles in different theological contexts It is because of this view that it is argued that the theology of Barth had a great influence on the Belhar Confession The debate around the Belhar Confession brings further important questions about the theological situation in South Africa today In the end it is suggested that confessional theology is a significant theological method which can safeguard theology from the claws of theologised politics Confessional theology can thus make a significant contribution to the current theological debates in democratic South Africa *More Presbyterian Questions, More Presbyterian Answers, Revised*

edition Donald K. McKim, 2017-09-20 Presbyterians often have questions about Presbyterian theology and beliefs that are basic to Christian faith itself Featuring a unique question and answer format More Presbyterian Questions More Presbyterian Answers is an expansion of the best selling Presbyterian Questions Presbyterian Answers It is an accessible and concise treatment that provides a sampling of these questions on important topics and brief but complete answers from a distinguished Presbyterian theologian Fully updated for the changes to the Presbyterian new Form of Government this revised edition also includes updated entries and six new questions and answers **Presbyterian Beliefs, Revised Edition**

, 2017-09-22 This book is a clear introduction to the major beliefs of Presbyterians Donald McKim describes in easy to understand language what Presbyterians believe about key Reformed theological topics The revised edition has been updated to include recent changes in the new Form of Government and the Confession of Belhar among others Ideal for personal and group study in churches Presbyterian Beliefs includes ten unique case studies and questions for considering how to apply Presbyterian beliefs to church and daily life **Evangelical Calvinism** Myk Habets, Bobby Grow, 2012-06-08 In this exciting volume new and emerging voices join senior Reformed scholars in presenting a coherent and impassioned articulation of Calvinism for today's world Evangelical Calvinism represents a mood within current Reformed theology The various contributors are in different ways articulating that mood of which their very diversity is a significant element In attempting to outline features of an Evangelical Calvinism a number of the contributors compare and contrast this approach with that of Federal Calvinism currently dominant in North American Reformed theology challenging the assumption that Federal Calvinism is the only possible expression of orthodox Reformed theology This book does not however represent the arrival of a new Calvinism or even a neo Calvinism if by those terms are meant a novel reading of the Reformed faith An Evangelical Calvinism highlights a Calvinistic tradition that has developed particularly within Scotland but is not unique to the Scots The editors have picked up the baton passed on by John Calvin Karl Barth Thomas Torrance and others in order to offer the family of Reformed theologies a reinvigorated theological and spiritual ethos This volume promises to set the agenda for Reformed Calvinist discussion for some time to come Font of Pardon and New Life Lyle D. Bierma, 2021-06-15 Font of Pardon and New Life is a study of the historical development and impact of John Calvin's doctrine of baptism both adult or believer baptism and infant baptism Did Calvin intend to teach a kind of baptismal forgiveness and regeneration that is did he believe that the external sign of baptism actually conveys the spiritual realities it signifies If baptism does serve in some way as an instrument of divine grace for Calvin what then are the roles of the Word the Holy Spirit divine election and individual faith Are spiritual blessings conferred only in adult believer baptism or also in the baptism of infants Did Calvin's teaching on baptismal efficacy remain constant throughout his lifetime or did it undergo significant change What impact did it have on the Reformed confessional tradition that followed him Lyle D Bierma approaches these questions by examining Calvin's writings on baptism in their entirety proceeding chronologically through Calvin's life and writings including his

Institutes commentaries on the Bible catechisms polemical treatises and consensus documents Bierma concludes that Calvin understood baptism as a means or instrument of both assurance and grace His view underwent some change and development over the course of his life but not to the extent that some in the past have suggested The overall trajectory of his baptismal theology was one of increasing clarity and refinement of basic themes already present in incipient form in the Institutes of 1536

Selected to Serve Earl S. Johnson,2000-01-01 Selected to Serve is a user friendly basic text for Presbyterian officer training It covers a variety of topics such as the call to serve as an officer questions officers often ask various sections of the Presbyterian Book of Order ordination vows ethics of church officers and guidelines for growing a church

One Church in Christ Troy J. Onsager,2023-09-25 This book is devoted to understanding the confessional foundations of church unity in the earlier theology of Karl Barth This book follows Barth s academic and ecclesiastical career from the years 1921 to 1938 as he moves from a nonconfessional pastor in Switzerland prior to his first teaching post in Gottingen to articulating in his first volume of Church Dogmatics the critical and essential authority of the church s confession in its public witness at the start of his final teaching post in Basel During these years each academic placement and public ecclesiastical assignment is crucial for understanding the development of Barth s confessional theology in order to make sense of his mature dogmatic understanding of the authority of the church s confession in CD I 2

Christ the Mediator of the Law Byung-Ho Moon,2006-07-01 This study seeks to give an account of the truth scope and validity of Calvin s Christological understanding of the law in the light of his concept of Christus mediator legis It sets out the key points of the intellectual origins of Calvin s theology of the law especially his study of law Christ s mediation of the law in the Old and New Testaments and the relationship between the duplex office and the triplex use of the law A comparative study between Calvin and contemporary Reformers Luther Bucer Melanchthon and Bullinger and Servetus is made in order to point up the unique feature of the coherence between Christology and soteriology in Calvin s theology of the law

Reshaping Protestantism in a Global Context Volker Küster,2009 The regional contributions from Africa and Asia show how the old European made denominational differences fade in the light of African Instituted Churches or Pentecostalism Reshaping Protestantism is not a backward oriented project of reconstructing the original but makes use of the inner protestant pluralism to cope with globalization and changing religious landscapes Who reads through the different articles can only come to the conclusion Yes there is a contribution to be expected from mainline Protestantism in all its variety

Recruiting the Ancients for the Creation Debate Andrew J. Brown,2023-10-05 A careful and unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine

Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown s guide will interest both scholars of historical theology and anyone invested in the creation debate **Material Eucharist** David Grumett,2016 This work surveys and identifies the most important liturgical and theological texts from the biblical Patristic medieval Reformation and modern periods in order to understand how the Eucharist has shaped and been shaped by texts ritual and doctrine Beyond Evangelicalism Steven Knowles,2016-12-05 A prolific author and thinker Stanley J Grenz was a respected and influential figure not only within evangelicalism but in the wider theological world Amongst the many issues tackled by him it is perhaps his revisioning of evangelical theology in the light of the postmodern challenge that has caused the biggest stir in the theological world Advocating a nonfoundationalist methodology Grenz attempts to re position evangelical theology in line with postmodern concerns This work examines the main traits of postmodern thought that would seem to directly challenge how evangelical theology is traditionally done An examination of the seminal influences on Grenz will be traced in order to understand more fully the position he takes A rigorous critique and assessment of his theological methodology will follow with the conclusion that his work goes beyond evangelicalism This will be the first book length treatment on Grenz s work on theological methodology and therefore will break new ground in this important area of study

The Apostles' Creed Jonathan F. Bayes,2010-09-09 Throughout the centuries churches all over the world have confessed their faith in the words of The Apostle s Creed The Creed is a brilliant summary of the essence of biblical truth But as this book shows the Creed is not just a dry statement of abstract doctrines It is an expression of passion As they composed the Creed the earliest Christians were giving voice to their passion for the God who has made himself known in the person of Jesus Christ The Creed stands as an invitation to believers of every generation to that same passionate commitment which has marked our predecessors in the faith This book expounds the Creed phrase by phrase and seeks at every point to apply its teaching to the life of believers in the world of today Taking the Creed as his starting point and framework Jonathan Bayes presents a wide ranging account of Christian theology His reflections on the Creed lead to some challenging and stimulating meditations on various aspects of biblical teaching **The Son of God Beyond the Flesh** Andrew M. McGinnis,2014-07-31

The so called extra Calvinisticum the doctrine that the incarnate Son of God continued to exist beyond the flesh was not invented by John Calvin or Reformed theologians If this is true as is almost universally acknowledged today then why do scholars continue to fixate almost exclusively on Calvin when they discuss this doctrine The answer to the why of this scholarly trend however is not as important as correcting the trend This volume expands our vision of the historical functions and christological significance of this doctrine by expounding its uses in Cyril of Alexandria Thomas Aquinas Zacharias

Ursinus and in theologians from the Reformation to the present Despite its relative obscurity the doctrine that came to be known as the Calvinist extra is a possession of the church catholic and a feature of Christology that ought to be carefully appropriated in contemporary reflection on the Incarnation **Calvinus sacrarum literarum interpres** Herman J. Selderhuis, 2008-05-21 Dieser Band k nnte zu einem Wegweiser f r die k nftige Richtung der Calvinforschung sicher aber mitbestimmend f r die Reformationsforschung im Allgemeinen werden Seine Beitr ge reflektieren die neuesten Forschungen zu Biographie und Theologie Johannes Calvins 1509 1564 Die Calvinforschung hat in den vergangenen Jahren durch neue Archivfunde die wiederbelebte Erforschung der Briefe und Kommentare Calvins sowie deren Neueditionen und neue theologische Fragestellungen viele fruchtbare Impulse erhalten Der vorliegende Band wirft neues Licht auf die Calvin und Reformationsforschung *Beyond Foundationalism* Stanley James Grenz, John R. Franke, 2001-01-01 Grenz and Franke provide a methodological approach for doing theology in the postmodern world They call for a theological method that moves beyond the Enlightenment way of ordering and understanding information foundationalism They propose a theological method that takes seriously the Spirit tradition and contemporary culture while stressing trinitarian structure community and eschatology *The Kuyper Center Review, Volume 2* John Bowlin, 2011 Includes papers presented at conferences sponsored by the Abraham Kuyper Center for Public Theology at Princeton Theological Seminary over the last two years Introduction
