Diane C Donovan The Midwest Book Review **Reframing women's health** Alice J. Dan,1994 **Women's Health and Medicine: Transforming Perspect** Alice J. Dan,Sue V. Rosser,2003-06 A vital collection of essays on women s health and women s health studies edited by leaders in the field *Revisioning Women, Health and Healing* Adele E. Clarke,Virginia Olesen,2013-11-12 This engaging collection examines the implications and representations of race class and gender in health care offering new approaches to women s health care Subjects covered range from reproductive issues to AIDS

Representing the Other Sue Wilkinson,Celia Kitzinger,1996-07-16 This innovative collection addresses a challenging issue in contemporary feminist theory and practice whether and how we should represent members of groups to which we do not ourselves belong The discussions identify key concerns related to representation and difference Contributors draw on personal experiences of speaking for and about Others in their research professional practice writing or political activism Problems of representing Others with ethnic or cultural backgrounds different from one s own are highlighted and the discussions extend to representations of children prostitutes infertile women fat women gay men with HIV AIDS and people with disabilities The Impact of Women in Congress Debra L. Dodson,2006-05-18 While existing literature provides compelling evidence that women in public office make a difference the relationship between descriptive and substantive representation of women in political institutions long the domain of men is neither simple nor certain Embracing New Institutionalists warnings of the dangers of studying behaviour in an institutional vacuum this book uses two strikingly different yet consecutive congresses the Democratically controlled 103rd Congress elected during the Year of the Woman and the Republican controlled 104th Congress elected during the Year of the Angry White Male as laboratories to explore the complexity of the relationship between women s presence and impact In depth interviews with hundreds of staff lobbyists and women members of Congress along with other quantitative and archival data are the foundation for case studies of three highly visible policy areas reproductive rights women s health and health care policy important to women but with strikingly different outcomes across the two Congresses The inquiry is quickly moved beyond the simple question Do women make a difference Dodson confronts the contested issues surrounding difference which often lurk beneath the surface the probabilistic rather than deterministic relationship between descriptive and substantive representation of women the contested legitimacy of women representing women and the disagreement about what it means to represent women The analysis moves the literature toward a better integrated understanding of how gendered forces at the individual institutional and societal levels combine to reinforce and redefine gendered relationships to power in the public sphere The results can be generalized over time and across settings are meaningful even in periods when the answer to the question of whether women make a difference seems to be more frequently no than yes and point to strategies that may bolster the impact of women s presence for substantive representation of women **Women and Alcohol** Jan Howard,1996 **Medical Sociology: Social structures and health** Graham Scambler,2005 **Comparing Social Policies** Misa Izuhara,2003-02-26 This title

provides a background to the development of post war social policy in Britain and Japan It analyses five specific policy areas looking at the development process of policy and practices current issues and future directions Health Care Ethics Eileen E. Morrison,Rachel Ellison,2025-01-07 Focused on today s critical issues from an ethical standpoint Health Care Ethics Critical Issues for the 21st Century Fifth Edition brings together the insights of a diverse panel of leading experts in the fields of bioethics long term care and health administration and more to examine the key issues for individuals organizations and society The early chapters of this thought provoking book offer readers a solid understanding of healthcare ethics They cover the fundamental principles and theories that underpin healthcare ethics Later chapters shift the focus to the pressing issues of our time such as autonomy the patient s right to choose health inequities health inequality COVID 19 and ethical decision making These chapters also introduce the ethical theories their application and the principles that guide them

The Blackwell Companion to Medical Sociology William C. Cockerham,2008-05-12 The Blackwell Companion to Medical Sociology is a comprehensive collection of twenty six original essays by leading medical sociologists from all over the world The articles are organized both topically and by region to provide thorough coverage of the concerns issues and future directions of the discipline This invaluable resource is the most informed complete and up to date reference on transnational medical sociology available today Covers both substantive areas in medical sociology and regional perspectives located in the Americas Europe the Middle East Asia and Africa First comparative perspective to provide a comprehensive view of the field

A Career and Life Planning Guide for Women Survivors Patricia Murphy,2020-07-24 This book aims to assist women survivors of abuse in creating and directing their own vocational plans whether or not these efforts take place in state departments of rehabilitation and work and welfare programs such as the JOBS program arising out of the Family Services Act **Women, Medicine, Ethics and the Law** Susan Sherwin,Barbara Parish,2020-09-10 This title was first published in 2002 A collection of articles focused on women within a general study of medicine ethics and the law Topics covered include areas where the institutions of medicine ethics and the law intersect in women s reproductive and sexual lives the impact of legal policies and dominant ethical beliefs on many aspects of women s health and the health practices and policies of bioethics and health law The editors recognise that it is important not to lose sight of social differences other than gender such as race ethnicity class age sexuality religion level of physical and mental ability and family relationships In their approach they seek to consider the lives and experiences of women as primary Hence they focus on the question of how women s encounters with the health care system are structured by gender and other socially significant dimensions of their lives rather than the question of how women differ from the male norm **Health Care Ethics** Eileen E. Morrison,Rachel Ellison,2025-01-07 Focused on today s critical issues from an ethical standpoint Health Care Ethics Critical Issues for the 21st Century Fifth Edition brings together the insights of a diverse panel of leading experts in the fields of bioethics long term care and health administration and more to examine the key issues for individuals organizations and society The early

chapters of this thought provoking book offer readers a solid understanding of healthcare ethics They cover the fundamental principles and theories that underpin healthcare ethics Later chapters shift the focus to the pressing issues of our time such as autonomy the patient s right to choose health inequities health inequality COVID 19 and ethical decision making These chapters also introduce the ethical theories their application and the principles that guide them Gender, Economy and Culture in the European Union Simon Duncan,Birgit Pfau-Effinger,2012-09-10 Providing a comprehensive analysis of comparative gender difference in the EU this book addresses a spectrum of gender issues From employment and households to culture sexuality and male violence the book transcends any economy culture divide This wide coverage is placed within a conceptual view of structured gender cultures which vary spatially and historically Individual chapters are written around this common theme by an expert board of international contributors drawn from a variety of intellectual and disciplinary backgrounds allowing the reader to compare between chapters and read across them **Women's Health and Wellness Across the Lifespan** Ellen Olshansky,2014-10-07 Women s Health and Wellness Across the Lifespan offers the innovative approach to care that today s patients often demand combining traditional medicine and alternative approaches It covers women s wellness care and specific issues during puberty through young adulthood midlife and old age In addition it provides information essential to enabling your patients to achieve their full health potential covering wellness for special populations physical activity and nutrition oral health herbal medicine and pharmacologic approaches methods to promote healing healthy sleep and peaceful dying **Traffic in Asian Women** Laura Hyun Yi Kang,2020-08-14 In Traffic in Asian Women Laura Hyun Yi Kang demonstrates that the figure of Asian women functions as an analytic with which to understand the emergence decline and permutation of U S power knowledge at the nexus of capitalism state power global governance and knowledge production throughout the twentieth century Kang analyzes the establishment suppression forgetting and illegibility of the Japanese military comfort system 1932 1945 within that broader geohistorical arc Although many have upheld the comfort women case as exemplary of both the past violation and the contemporary empowerment of Asian women Kang argues that it has profoundly destabilized the imaginary unity and conceptual demarcation of the category Kang traces how Asian women have been alternately distinguished and effaced as subjects of the traffic in women sexual slavery and violence against women She also explores how specific modes of redress and justice were determined by several overlapping geopolitical and economic changes ranging from U S guided movements of capital across Asia and the end of the Cold War to the emergence of new media technologies that facilitated the global circulation of comfort women stories Minding the Body Ellyn Kaschak,2014-01-27 Support and empower women who are coping with the pain fear and stigma of serious disease Being diagnosed with cancer chronic fatigue syndrome or fibromyalgia is a traumatic event that takes place at a time when the patient is already feeling physically and often emotionally drained Minding the Body combines feminist and social constructionist approaches to offer an intimate look into the ways a therapist can help clients cope with the pain fear and

stigma of serious disease Minding the Body offers an alternative to the reductive view of the mind body connection and also examines the potential for growth that such experiences often allow The essays gathered here show how an effective therapist can help the client deal with the painful and difficult emotions that exacerbate illness while learning the emotional and spiritual lessons illness can teach Minding the Body presents both theoretical views and personal accounts of illness including scholarly discussions of the issues involved in autoimmune disorders a therapist s personal experience of chronic fatigue syndrome a personal and professional exposition of a woman s struggles with injury illness and managed care co written by client and therapist suggestions for understanding the social construction of illness and treating disease from a social constructivist point of view narratives reflecting on the change and growth of therapists diagnosed with cancer and other serious illnesses By looking at illness in the context of mind body society and medical establishment Minding the Body will help therapists doctors nurses counselors and clients deal with the grief disappointment and frustration of chronic and life threatening illness

The Psychological and Social Impact of Illness and Disability Arthur E. Dell Orto, Paul W. Power, 2007-04-02 The newest edition of The Psychological and Social Impact of Illness and Disability continues the tradition of presenting a realistic perspective on life with disabilities and then improves upon its predecessors with the inclusion of illness as a major influence on client care needs Articles included represent the best of developing concepts theory research and intervention approaches Classic articles kept from previous editions round out a diversity of viewpoints that will enrich student understanding of what is important in beginning rehabilitation practice Further broadening the scope of this edition is the inclusion of personal perspectives and stories from those living with illness or disabilities These stories offer a glimpse into what it is like to cope day to day with these issues and direct examples of how effective current care models and rehabilitation theories can be Relevant expert articles plus insightful narratives combine to offer a bridge between theory and reality and guide students and professionals in rehabilitation practice closer to their goal of enhancing the quality of life for all individuals
