Right To Die

Henry R. Glick

Right To Die:

Freedom to Die Derek Humphrey, Mary Clement, 2000-04-17 *The Right to Die* John E. Ferguson, 2007 Presents divergent views on euthanasia laws and legislation in the United States **The Right to Die** Derek Humphrey, Ann Wickett, 1990 The Inevitable Katie Engelhart, 2022-08-09 A riveting incisive and wide ranging book about the Right to Die movement and the doctors patients and activists at the heart of this increasingly urgent issue Finalist for the New York Public Library's 2022 Helen Bernstein Book Award for Excellence in Journalism A remarkably nuanced empathetic and well crafted work of journalism Brooke Jarvis The New Yorker More states and countries are passing right to die laws that allow the sick and suffering to end their lives at pre planned moments with the help of physicians But The Inevitable moves beyond margins of the law to the people who are meticulously planning their final hours far from medical offices legislative chambers hospital ethics committees and polite conversation Further still it shines a light on the people who help them loved ones and sometimes clandestine groups on the Internet that together form the euthanasia underground Katie Engelhart a veteran journalist focuses on six people representing different aspects of the right to die debate Two are doctors a California physician who runs a boutique assisted death clinic and has written more lethal prescriptions than anyone else in the U S an Australian named Philip Nitschke who lost his medical license for teaching people how to end their lives painlessly and peacefully at DIY Death workshops The other four chapters belong to people who said they wanted to die because they were suffering unbearably of old age chronic illness dementia and mental anguish and saw suicide as their only option Spanning North America Europe and Australia The Inevitable offers a deeply reported and fearless look at a morally tangled subject It introduces readers to ordinary people who are fighting to find dignity and authenticity in the final hours of their lives

Terminal Choices Robert N. Wennberg, 1989 A discussion of the moral religious legal and personal issues surrounding euthanasia suicide and the right to die **The Right to Die** Howard Ball, 2017-01-26 This book provides a comprehensive and contemporary examination of the right to die issues facing society now that vast improvements in public health care and medicine have resulted in people not only living longer but taking much longer to die often in great pain and suffering In 1900 the average age at which people died in America was 47 years of age the primary causes of death were tuberculosis and other respiratory illnesses In the 21st century as a result of better health care and working conditions as well as advances in medical technology we live much longer as of 2016 about 80 years A much larger proportion of Americans now die from chronic diseases that generally appear at an advanced age such as heart disease cancer or chronic obstructive pulmonary disease COPD Should this fundamental change in human lifespan alter how society and government view right to die legislation What are the pros and cons of giving a mentally competent person who is terminally ill and in great pain the right to end his or her life The Right to Die A Reference Handbook provides a complete examination of right to die issues in the United States that dissects the complex arguments for and against a person's liberty to receive a physician's assistance to

hasten death It covers the legal aspects and the politics of the right to die controversy analyzes the battles over the right to die in state and federal courts and supplies primary source documents that illustrate the political medical legal religious and ethical landscape of the right to die Additionally the book examines how members of our society typically die has changed in the past 150 years and how the practice of medicine has evolved over that time explains why the right to die is strongly opposed by many religious groups as well as members of the medical profession considers the slippery slope argument against doctor assisted suicide and identifies the reasons that the disabled the poor the elderly and infirm and some members of ethnic racial and religious minority groups typically fear physician assisted death **The Right to Die** Tamara

Thompson,2014-06-06 We all die but should we have the ability to choose when Death is part of life but not everyone agrees on the details What if you have painful terminal illness Is it okay to seek suicide if a doctor assists Do you have a right to end your own life Is doing so a violation of God s or a greater power s plan This anthology engages this dilemma from diverse perspectives grounding abstract and moral discussions in real life events such as Oregon s right to die law Students will analyze the various facets of this controversial subject with decisive interpretations from religion medicine law and philosophy **The Right to Die** Melvin I. Urofsky,Philip E. Urofsky,2020-11-25 First Published in 1996 The key issue in all

right to die matters is who decides Who will decide whether life support should be terminated Who will decide if a person is competent to make life and death decisions The law is quite clear that in cases of conscious competent adults the individual is free to make all decisions relating to his or her care and future This volume is a collection of writings and case studies around the topics of personal choice AIDS and informed consent due process and the right to die *The Right to Die* Alan Meisel,1989 **The Right to Die** Anne Wallace Sharp,Robert Taylor,2009-04-03 Doctor assisted suicide is legal in Oregon Washington Colorado California Washington D C and Vermont As of January 2016 991 patients have died by taking legally backed drugs under supervision in Oregon according to CNN This timely edition examines issues surrounding the right to die The book takes a critical look at topics such as euthanasia assisted suicide the refusal of medical treatment and life sustaining treatment **The Right to Die** Rebecca Stefoff,2009 Argues both sides of the debate on assisted suicide and euthanasia The Good Euthanasia Guide Derek Humphry,2005 The Good Euthanasia Guide is a where to and why book which complements the how to of Final Exit It contains an annotated list of every right to die group in the world and a unique account of the assisted suicide laws in almost every country a filmography and a bibliography Dr Jack Kevorkian s life and work are reported in three chapters The Right to Die Margaret C. Jasper,2000 Publisher Description **Right to Die with Dignity** Raphael Cohen-Almagor,2008-05-01 Few issues are more divisive than the right to die One camp upholds death with dignity regarding the terminally ill as autonomous beings capable of forming their own judgment on the timing process of dying The other camp advocates sanctity of life regarding life as intrinsically valuable believes that it should be sustained for as long as possible Is there a right answer Here is a balanced approach viewing the dispute from public policy

international perspectives Offers a compelling interdisciplinary study in med law religion ethics Delineates a distinction between active passive euthanasia discusses legal measures that have been invoked in the U S abroad Makes a plea for voluntary physician assisted suicide Illus **Dying Right** Daniel Hillyard, John Dombrink, 2002-06-01 Dying Right provides an overview of the Death With Dignity movement a history of how and why Oregon legalized physician assisted suicide and an analysis of the future of physician assisted suicide Engaging the question of how to balance a patient s sense about the right way to die a physician s role as a healer and the state s interest in preventing killing Dying Right captures the ethical legal moral and medical complexities involved in this ongoing debate **Right To Die?** John Wyatt, 2015-11-10 The case for assisted suicide can seem so compelling Surely it can t be wrong to help desperate people to kill themselves Don t we have a right to take our own lives in certain circumstances There are no trite or easy answers John Wyatt helps us to navigate the arguments with hearts and heads engaged and above all with our Bibles open There are practical and compassionate alternatives to assisted suicide and as many who have gone before us have found the end of our lives on this earth may turn out to be a strange and wonderful opportunity for growth and internal healing *Euthanasia and the "right to Die"* Renée C. Rebman, 2002 An objective examination of both sides of the issue of euthanasia **Life, Death, and the Law** Maureen Harrison, Steve Gilbert, 1997 Contains plain English versions of the original legal texts of nine right to die decisions reached in America s courts beginning with the landmark case of Karen Quinlan in 1976 which established the right to refuse or withdraw life sustaining treatment and continuing through the U S Supreme Court s 1997 determination on two right to physician assisted suicide cases **The Right to Die** Henry R. Glick, 1992 Harry R Moody Brookdale Center on Aging Hunter College **The Right to Die?** Roland Chia, 2009
