Unvarnishing Reality Derek C. Maus, 2012-10-15 Unvarnishing Reality draws original insight to the literature politics history and culture of the cold war by closely examining the themes and goals of American and Russian satirical fiction As Derek C Maus illustrates the paranoia of nuclear standoff provided a subversive storytelling mode for authors from both nations including Thomas Pynchon Robert Coover John Barth Walker Percy Don DeLillo Kurt Vonnegut Jr Vasily Aksyonov Yuz Aleshkovsky Alexander Zinoviev Vladimir Voinovich Fazil Iskander and Sasha Sokolov Maus surveys the background of each nation's culture language sociology politics and philosophy to map the foundation on which cold war satire was built By highlighting common themes of utopianism technology and propaganda Maus effectively shows the ultimate motive of

satirists on both sides was to question the various forces contributing to the cold war and to expose the absurdity of the continuous tension that pulsed between the United States and the Soviet Union for nearly half a century. Although cold war literature has been studied extensively, few critics have focused so keenly on comparisons of satirical fictions by Russian and American writers that condemn and subvert the polarizing ideologies inherent in superpower rivalry. Such a comparison reveals thematic and structural similarities that transcend specific national and cultural origins. In considering these works together, Maus locates a thoroughgoing humanistic refutation of the cold war and its operative doctrines as well as a range of proposed alternatives. Just as the cold war combatants ultimately reconciled in 1991 with the fall of the Soviet Union, Maus seeks to bring these two literary canons together now. Their thematic scope transcends cultural differences and, as Maus demonstrates, these writers saw that there was not only the atomic bomb to fear but also the dangers of complete national militarization and the constant polarizing threat of emergency. Thus their cold war critiques still resonate today and invite further comparative studies such as this one.
