the tribe of the Cohanim and one of the mummies must be that of Nefertiti the wife of the monotheist pharaoh Akhenaten. From this they deduce the identity of Moses from the Bible and then follow clues for the route taken by the Israelites from Egypt to the Promised Land. Along the way they are able to discover rational explanations for the ten plagues and the parting of the Red Sea. These observations are not welcomed by the extreme orthodox community of Jews intent on rebuilding the temple in Jerusalem and ultimately end up in a battle on the Temple Mount. For this the army of the modern Israelites find common purpose with the Palestinian militias to protect the ground that is holy to both Muslims and Jews.
