Sex Ed for the Stroller Set Laura Hancock, Karen Rayne, 2023-07-25 National Parenting Product Award Winner 2023
Sex Ed for the Stroller Set gives parents practical tools to proactively teach young children about sexuality and the confidence to use these tools. When adults bring intention and thoughtfulness to providing sexual health education to their young children, they can establish healthy attitudes toward sexuality and prepare their children and themselves for sexual topics that will arise in later years. While there are many books on sexual health written for parents of teens and young adults, there are very few written for parents of young children. But the early years are crucial to sexual health, and what parents do and say is of the utmost importance. This book, written for parents or other primary caregivers who are raising a child under the age of six, shows how to provide essential information about sexuality, bodies, and behavior in age-appropriate but thorough and accurate language. It helps parents prepare for conversations that might make them uncomfortable by supplying not only the necessary information but also specific phrases and words they can use when speaking to their young children, while also helping parents process their own anxieties around sex. A parent is their child's best sex ed teacher. By providing reliable, straightforward information about sexuality, parents can establish open, honest relationships with their children, help protect them from harm, and set them up for healthy, fulfilling, and pleasurable sex lives and relationships as adults.

Explore with Monitor Harvey Grady, Julie Grady, 2009. Explore life's greatest mysteries as Monitor addresses the questions we most want answered: Who are we? What is our place in the universe? How do we connect with Soul? What distracts us from realizing our Divinity? How can we work with our Subconscious Selves to achieve harmony in our subconscious mind and attain clear, reliable communication with our High Self and Soul?

Diving in the Inner Ocean Dominic C. Liber, 2021-08-10. Unlock your hidden potential with this practical and approachable introduction to self-directed inquiry, the main meditative practice of the Diamond Approach. Much like the ocean, each of us has inner depths, an entire world beneath the surface of everyday living, pulsing with beauty, life, and mystery. The secret depths of our inner worlds are the very things that we spend our lives searching for: love, support, belonging, meaning, joy, and freedom. Through a contemplative practice known as diamond inquiry, you can begin to directly explore your conscious experience, just like a diver exploring a reef. You'll discover wondrous treasures and terrifying sights alike, as well as infinite expanses and limitless potential and freedom. Diamond inquiry combines the depth of meditation with the power of understanding and psychological insight. Guided by your own curiosity, you use a variety of questions to explore your present moment experience as it unfolds, deepens, and transforms. This method was developed by A. H. Almaas, founder of the Diamond Approach, though the practice is ideal for anyone who wants to explore their inner world. Dominic C. Liber introduces this powerful tool along with step-by-step exercises to develop your understanding. Through this simple yet profound practice, in time every situation will become a doorway to realizing and actualizing deep insight and transformation.
