Controvich, 2023-05-08 With the centennial of the First World War rapidly approaching historian and bibliographer James T Controvich offers in *The United States in World War I A Bibliographic Guide* the most comprehensive up to date reference bibliography yet published Organized by subject this bibliography includes the full range of sources vintage publications of the time books pamphlets periodical titles theses dissertations and archival sources held by federal and state organizations as well as those in public and private hands including historical societies and museums As Controvich's bibliographic accounting makes clear there were many facets of World War I that remain virtually unknown to this day Throughout Controvich's bibliography tracks the
