The Best of C. M. Kornbluth Cyril M. Kornbluth, 2022-08-16 Cyril M Kornbluth's *The Best of C M Kornbluth* serves as a compelling anthology that encapsulates the author's unique contributions to the science fiction genre. With a blend of dark satire and incisive social commentary, these stories reflect the anxieties and aspirations of mid 20th century America. Kornbluth's prose is notable for its sharp wit and deeply human concerns, often exploring themes such as corporate control, technological dystopia, and the ramifications of societal progress. This collection presents a rich tapestry of narratives that challenge conventional norms, inviting readers to ponder the ethical implications of innovation and the future of humanity. Kornbluth, a prominent figure in the Golden Age of Science Fiction, drew upon his experiences working in advertising and his keen observations of societal dynamics to create his impactful narratives. His collaborations with other notable writers, along with his ability to merge humor with unsettling truths, have cemented his place in literary history. Born in 1923, Kornbluth's upbringing in a politically aware family further influenced his critical worldview, allowing him to weave complex ideas into engrossing tales. Readers seeking a thought-provoking exploration of human nature and societal evolution will find *The Best of C M Kornbluth* an essential addition to their literary repertoire. This anthology not only showcases Kornbluth's distinctive voice but also serves as a mirror reflecting our contemporary fears and ambitions. For fans of speculative fiction and those curious about the intersections of technology and humanity, Kornbluth's works remain as relevant today as they were upon their first publication.

Delivered from Distraction Edward M. Hallowell, M.D., John J. Ratey, M.D., 2005-12-27 If you read only one book about attention deficit disorder, it should be *Delivered from Distraction*. Michael Thompson, Ph.D., New York Times bestselling co-author of *Raising Cain*. In 1994, *Driven to Distraction* sparked a revolution in our understanding of attention deficit disorder. Widely recognized as the classic in the field, the book has sold more than a million copies. Now, a second revolution is under way in the approach to ADD, and the news is great. Drug therapies, our understanding of the role of diet and exercise, even the way we define the disorder, all are changing radically. And doctors are realizing that millions of adults suffer from this condition, though the vast majority of them remain undiagnosed and untreated. In this new book, Drs. Edward M. Hallowell and John J. Ratey build on the breakthroughs of *Driven to Distraction* to offer a comprehensive and entirely up-to-date guide to living a successful life with ADD. As Hallowell and Ratey point out, attention deficit disorder is a highly misleading description of an intriguing kind of mind. Original, charismatic, energetic, often brilliant people with ADD have extraordinary talents and gifts embedded in their highly charged but easily distracted minds. Tailored expressly to ADD learning styles and attention spans, *Delivered from Distraction* provides accessible, engaging discussions of every aspect of the condition, from diagnosis to finding the proper treatment regime. Inside, you'll discover whether ADD runs in families, new diagnostic procedures, tests and evaluations, the links between ADD and other conditions, how people with ADD can free up their inner talents and strengths, the new drugs and how they work, and why they're not for everyone, exciting advances in nonpharmaceutical therapies, including changes in
