Bilingual Lexicography from a Communicative Perspective Heming Yong,Jing Peng,2007 This stimulating new book as the premier work introducing bilingual lexicography from a communicative perspective is launched

to represent original thinking and innovative theorization in the field of bilingual lexicography It treats the bilingual dictionary as a system of intercultural communication and bilingual dictionary making as a dynamic process realized by sets of choices characterizing the overall nature of the dictionary It examines the dictionary and dictionary making by using a model of lexicography which stresses the three way relationship of compiler dictionary context and user and incorporates them into a unified coherent framework Throughout the study special focus is on English and Chinese bilingual lexicography It will serve not only as a valuable guide to those interested in dictionary compilation and theoretical inquiries but also as a textbook for undergraduate and postgraduate courses in bilingual lexicography Cognitive Processing of the Chinese and the Japanese Languages C.K. Leong,Katsuo Tamaoka,2013-03-09 The area of cognitive processing of Chinese and Japanese is currently attracting a great deal of attention by leading cognitive psychologists They aim to find out the similarities and differences in processing the morphosyllabic Chinese and Japanese syllabary as compared with alphabetic language systems Topics under the processing of Chinese include the use of phonological codes in visual identification of Chinese words the constraint on such phonological activation recognition of Chinese homophones Chinese sentence comprehension and children's errors in writing Chinese characters Topics under the processing of Japanese include the automatic recognition of kanji within an interactive activation framework On reading and Kun reading of kanji characters processing differences between hiragana and kanji the effect of polysemy on katakana script and the writing behavior of Japanese and non Japanese speakers The interactive activation model provides the phonologic orthographic links in processing both language systems The present volume should add greatly to our understanding of this topic Many of the contributors are internationally known for their experimental psychological work **FAIRCHILD BOOKS DICTIONARY OF INTERIOR DESIGN.
