Integration Branch, 2006 **Canada: The State of the Federation, 2012** Loleen Berdahl, André Juneau, Carolyn Hughes Tuohy, 2015-07-03 Regional resource disparities and the tensions they generate are a perennial Canadian topic This edition of *Canada The State of the Federation* presents essays on regions resources and the resiliency of the Canadian federal system Contributors consider questions such as to what extent do Canada's natural resource industries benefit the Canadian economy Do Canada's federal institutions hinder or promote the ability of the economy to respond to global economic shifts Do current intergovernmental structures allow for constructive dialogue about national policy issues In responding to these and related questions many of the authors touch on energy issues Others consider the importance of functional institutions in a federal or multilevel context as an essential requirement for the effective resolution of issues Together the volume raises questions about the relationship of state and society the importance of identity trust and moral legitimacy for the operation of our federal institutions and the extent to which federal institutions are reinforced or placed under stress by societal structures The theme of this volume was triggered by Richard Simeon the outstanding scholar of federalism who passed away in October 2013 and it is dedicated in his honour **Canadian Foreign Investment Screening Procedures and the Role of Foreign Investment in the Canadian Economy** United States.
