Look It Up The Prehistoric World:

Ancestral Images Stephanie Moser, 2018-09-05 Pictorial reconstructions of ancient human ancestors have twin purposes to make sense of shared ancestry and to bring prehistory to life Stephanie Moser analyzes the close relationship between representations of the past and theories about human evolution showing how this relationship existed even before a scientific understanding of human origins developed How did mythological religious and historically inspired visions of the past in existence for centuries shape this understanding Moser treats images as primary documents and her book is lavishly illustrated with engravings paintings photographs and reconstructions In surveying the iconography of prehistory Moser explores visions of human creation from their origins in classical early Christian and medieval periods through traditions of representation initiated in the Renaissance She looks closely at the first scientific reconstructions of the nineteenth century which dramatized and made comprehensible the Darwinian theory of human descent from apes She considers as well the impact of reconstructions on popular literature in Europe and North America showing that early visualizations of prehistory retained a firm hold on the imagination a hold that archaeologists and anthropologists have found difficult to shake

Journey to Birth As a Sci Fi Adventure Dr. Vernon Walter Schroeter DC, 2022-10-03 Do you want to relive your journey to birth in a way that does not look like the inside of the human body but rather like a princess journeying through a monster filled world Now thanks to an entirely new type on writing that never existed before and was developed by Dr Schroeter you can Here s how it works First Dr Schroeter turns the inside of the human body into analogies that look so identical to an entertaining book no one knows it is anything but an entertaining book thereby making it just as entertaining as any other entertaining book Then at the end in an entertaining fashion when the reader learns the monster filled world was all real and actually about their journey to birth it creates a wow factor that raises the entertainment level while at the same time educating Also when all that knowledge comes rushing in that too creates a wow factor that raises the entertainment level Dr Schroeter s new type of writing works for all forms of entertainment and was created to make a better world for all Imagine if as many people who saw Star Wars all came away just as entertained but also with a college level education on how to become healthy prevent cancer and much more Now multiply that by thousands of authors and you end up with a smarter healthier less diseased and better world Dr Schroeter believes if we spread the word to the media movie studios and everyone else his new type of writing will become reality and make a better world for all in it
