

A Traveler's Look at AUSTRALIA

The first harbor in the world "That did British Light," Arthur Phillip found the site where on January 26, 1788, he founded the continent's first European settlement, Sydney Cove. Thousands of special events throughout 1988 will celebrate the bicentennial of this beginning and the achievements of Australia: a nation of wide open spaces, outgoing people, and strange, marvelous animals. The bicentennial's theme, "Living Together," honors Australia's diverse ethnic groups, including its first inhabitants, the Aborigines.

Looking At Australia

John Hirst

Looking At Australia:

Looking for Australia John Hirst, 2010-09 What are the qualities at the heart of Australian culture How did they arise What distinguishes us from other nations beyond a fondness for calling each other mate And what do such national quirks reveal about our society our past and our attitudes towards it Looking for Australia is a fascinating collection of essays by historian John Hirst Together they form a multi faceted portrait of Australia as a distinctive nation with its own political culture character and style and particular ways of seeing itself Among other subjects Hirst considers the effects of convict origins on national character what drove the bushrangers to their daring deeds and why Australia has compulsory voting He examines whether Aborigines played a part in the origins of Australian Rules football and asks whether Curtin was indeed our greatest prime minister He discusses how best to tell Australia s history and after reflecting on our past as a British dependency makes a stirring case for a future fully independent republic *A Look at Australia* Helen Frost, 2002 Simple text and photographs provide an introduction to the geography animals culture and people of Australia Includes a map

The Rock: Looking into Australia's 'Heart of Darkness' from the edge of its wild frontier Aaron Smith , 2020-12-01 Journalist Aaron Smith s new memoir holds up a unique mirror to Australia What he sees is at once amazing disturbing and revealing The Rock explores the failings of our nation s character its unresolved past and its uncertain future from the vantage point of its most northerly outpost Thursday Island Smith was the last editor fearless journalist and the paperboy of Australia s most northerly newspaper the Torres News a small independent regional tabloid that until it folded in late 2019 was the voice of a predominantly Torres Strait Islander and Aboriginal readership for 63 years across some of the most remote and little understood communities in Australia The Rock is a story of self discovery where Smith grapples to understand a national identity marred by its racist underbelly where he is transplanted from his white boy privileged suburban life to being a racial and cultural minority and an outsider Peppered with his experiences Smith gradually and sensitively becomes embedded in island life while vividly capturing the endless and often farcical parade of personalities and politicians including Scott Morrison and Tony Abbott Smith pulls no punches while he reflects on the history of Terra Australis incognita dissecting what is truly Australia and its gaping cultural and moral divide A credit to regional journalism Aaron carried on the fine tradition of the Torres News holding governments to account and telling stories of everyday life in the Straits never shying away from controversies lifting all the rocks and even out foxing prime minister Tony Abbott on his visit to Mabo s grave Stefan Armbruster SBS Aaron Smith makes a huge and extremely valuable contribution to journalism in Australia With insight and committment he brings issues of national and international significance to audiences in Australia and beyond Dr Tess Newton Cain Griffith Asia Institute Aaron s journalism has provided a rare and valuable insight into issues affecting the Torres Strait Islander community Navigating cultural protocols and geographical challenges he has given a voice to some of Australia s most marginalised people and shared important stories that would otherwise have gone
