Wisp sets out to rescue Nick In the search for answers Nick discovers the country s infrastructure is teetering on the brink of collapse Angus predicts that the high mortality rate from flu could cause disruptions causing people to flee Tillie scrambles to plan for winter without train food They once more have to learn how to live in a changed world Book 3 Gleanings As starving people overrun High Meadow Tillie and Angus must do a delicate dance to keep the doors open Angus has set the new boundaries Martin works to keep it safe Tillie struggles to get everyone fed while keeping an eye on the stores for winter Within the flood of people not all are who they seem to be The people of High Meadow need to prepare for war or lose what they cherish most Book 4 Lessons Learned The president arrives at High Meadow with his entourage of bureaucrats and faux military Tillie and Angus don t have time for any distractions as a massive wildfire bears down on their settlement At a time when they most need to work together the outsiders are creating divisiveness It will take more than hard work and good intentions to get them through this catastrophe Book 5 Desperate Measures The stability of the Survivor s Alliance is still fragile They made it through the winter but now it s flu season Tillie and Angus try to prepare for every scenario even the possibility that they will be the first to go Nick works to bridge the gap until the spring crops come in But there are changes coming that no one expected
