Lord Cockburn A Bicentenary Commemoration 1779 1979:

Lord Cockburn Alan S. Bell, 1979 **Lord Cockburn** Lord Henry Cockburn Cockburn, 2005 Born and educated in Edinburgh he became an advocate in 1800 and gained a reputation for persuasive handling of seemingly desperate cases most famously that of Helen MacDougall common law wife of the body snatcher William Burke in 1828 Like his compatriot and fellow judge Thomas Jeffrey Cockburn was converted to Whig principles contributing articles to Jeffrey's Edinburgh Review and writing his biography *Life of Lord Jeffrey* 1852 Although this was the only major work Cockburn published during his lifetime his reputation as a man of letters rests principally on his journals which were published posthumously as *Memorials of His Time* 1856 *The Journal of Henry Cockburn* 1874 and *Circuit Journeys* 1888 Together they present an enormously informative and valuable portrait of the period and many of its most significant personalities Cockburn became Rector of Glasgow University in the early 1830s and a Lord of Session in 1834 and was actively involved in the conservation of Edinburgh's historic buildings Cockburn's published works are complemented by his letters largely unpublished but preserved by many of his correspondents and their families This selection of 180 new letters provides much fresh information about his career as advocate judge Whig activist genial family man and pioneer in building conservation Together with the rest of his works they confirm him as a key figure in that generation of thinkers and artists who followed on from those who made the eighteenth century Scottish Enlightenment such a rich moment in Europe's cultural history It is destined to become another classic in the tradition of the *Memorials* Print Culture and the Blackwood Tradition David Finkelstein, 2006-12-15 In late 1804 William Blackwood established a small publishing and bookselling firm in Edinburgh Over the next 175 years William Blackwood in 1817 it founded the monthly *Blackwood's Magazine* which featured literary critical political and journalistic commentary and analysis and was a powerful force in British conservative politics Two hundred years after the founding of this significant influence on British literary political and social history this collection of essays reappraises the place of the Blackwood firm and its magazine in literary and print culture history Editor David Finkelstein brings together an array of eminent scholars and critics from the US Canada Scandinavia and the UK to examine Blackwoods from a variety of interdisciplinary perspectives The resulting collection covers an impressive range of subject areas including Romantic and Victorian literature print culture media history and New Journalism **Scotland and the French Revolutionary War, 1792-1802** Atle Wold, 2015-07-07 *Scotland and the French Revolutionary War 1792 1802* aims to provide an up dated discussion of the nature and extent of Scottish support for the British state in the 1790s **Enlightenment Tory in Victorian Scotland** Michael Michie, 1997-11-10 *An Enlightenment Tory in Victorian Scotland* is a political and intellectual biography of Sir Archibald Alison 1792 1867 historian social critic criminal lawyer and sheriff of Lanarkshire The first author to examine the full range of Alison's writings and activities Michael Michie reveals a significant link between the Scottish Enlightenment and Victorian conservatism Michie argues that Alison's conservative ideas were deeply influenced by the

social and political thought of the Scottish Enlightenment He contends that Alison was the embodiment of the High Tory appropriation of the legacy of Adam Smith particularly evident in the belief that commercial agrarian capitalist society was the most appropriate form for both the maintenance of order and the practice of virtue Developing the suggestion that a conservative interpretation of the enlightened legacy was possible for the succeeding century Michie's study offers a useful corrective to the received wisdom that Victorian Liberalism was the true heir of the Scottish Enlightenment **Lord Cockburn** Alan S. Bell, 1979 *Constitutional and International Law Perspectives* Gabriël Moens, 2000 Some of Australia's most highly regarded legal minds provide a timely examination of both the formation of the country's legal and constitutional foundations and the challenges which confront this framework as it continues to evolve **Elizabeth Gaskell** John Chapple, 1997-06-15 This absorbing study of Elizabeth Gaskell's early life up to her marriage in 1832 is based almost entirely on new evidence Also using parish records marriage settlements property transfers wills record office documents letters journals and private papers John Chapple has recreated the background of one of the nineteenth century's greatest novelists

Society and Sentiment Mark Salber Phillips, 2000-05-01 A deepening interest in both social and interior experience was a distinguishing feature of the cultural life of eighteenth century Britain influencing writers in all genres from fiction to philosophy Focusing on this interplay of ideas and genres Mark Phillips explores the ways in which writers and readers of history memoir biography and related literatures responded to the social and sentimental concerns of a modern commercial society He shows that the writing of history which once concentrated exclusively on political events widened its horizons in ways that often paralleled better known developments in the contemporary novel Ultimately Phillips proposes a new model for the study of historiographical narrative Countering tropological readings identified with Hayden White he offers a more historically nuanced approach that stresses questions of genre and reception as a guide to understanding how narratives were reshaped by new audiences and new social needs Drawing inspiration from both the social analysis of the Scottish Enlightenment and the sentimental aesthetics of the contemporary novel historical writing began to explore the areas of social experience and private life for which there was no place in classical historiography The consequence Phillips argues was a significant reframing of historical thought that expressed itself through new themes including the histories of commerce manners literature and women and through some lively experiments in narrative form This book offers a rich picture of historiography that will interest students of history and fiction alike **Liberty, Property and Popular Politics**

Gordon Pentland, 2015-12-11 This collection in honour of an internationally renowned scholar who had shaped both scholarly and popular understandings of the period comprises fourteen chapters written by specialists in the period and provides an appealing and illuminating cross section of current research **Cumulative Bibliography of Victorian Studies**, 1970
