Learn French - Quick / Easy / Efficient Pinhok Languages, 2022-05-01 A curated French word frequency list Are you looking for unconventional ways to speed up the process of learning French Then this book is exactly what you are looking for Following the Pareto principle 80 20 rule this book is built to streamline the learning process by concentrating on the core words and sentence structures that make up everyday conversations The result is a unique vocabulary book with 2000 of the most important French words and phrases ordered by their frequency of use Who this French learning book is for This book is for

beginners and intermediate learners of French who are self motivated and willing to spend 15 to 20 minutes a day on learning vocabularies The simple structure of this vocabulary book is the result of taking all unnecessary things out allowing the learning effort to solely be spent on the parts that help you make the biggest progress in the shortest amount of time If you are willing to put in 20 minutes of learning every day this book is very likely the single best investment you can make if you are at a beginner or intermediate level You will be amazed at the speed of progress within a matter of just weeks of daily practice Who this French frequency list is not for This book is not for you if you are an advanced learner of French In this case please go to our website or search for our French vocabulary book which comes with more vocabularies and is grouped by topic which is ideal for advanced learners who want to improve their language capabilities in certain fields Furthermore if you are looking for an all in one French learning book that guides you through the various steps of learning French this book is most likely also not what you are looking for This book contains vocabularies only and we expect buyers to learn things like grammar and pronunciation either from other sources or through language courses The strength of this book is its focus on quick acquisition of core vocabularies which comes at the expense of information many people might expect in a conventional language learning book Please be aware of this when making the purchase How to use this French workbook This book is ideally used on a daily basis reviewing a set number of pages in each session The book is split into sections of 50 vocabularies which allows you to step by step progress through the book Let s for example say you are currently reviewing vocabularies 101 to 200 Once you know vocabularies 101 to 150 very well you can start learning vocabularies 201 to 250 and on the next day skip 101 150 and continue reviewing vocabularies 151 to 250 This way step by step you will work your way through the book and your language skills will jump with each page you master Some final thoughts Like many language hacking methods this book is quite unconventional in its approach but for a driven person that uses it correctly it can significantly speed up the learning process Vocabulary books have been around for centuries and as with so many things that have been around for some time they are not very fashionable and a bit boring but they usually work quite well and that is what counts in the end [French Flashcards](#) Flashcardo Languages,2025-01-26 This ebook contains all flashcards from our website one every two pages It is ideal for beginners and intermediate learners to acquire some of the most important initial words that make up the majority of everyday conversation Various features like bidirectional listing make this flashcard ebook the perfect tool on your ebook reader to boost your language skills This ebook is split into 4 chapters and contains a total of around 2000 vocabularies which you can also find on our website Each of the words covers two pages Page one represents the question in the form of the vocabulary you should translate Page two delivers the answer with translation and additional information for that word if needed To learn the vocabularies simply go from page to page and study the words one by one The 4 chapters in the book contain 2 sets of vocabularies once learned from English to French chapter 1 and 2 and after that from French to English chapter 3 and 4 Within that the first chapter has vocabularies ordered by topic whilst the second

chapter has 1000 of the most common vocabularies you need to learn ordered by how often they are used in daily conversations In addition to using this ebook you can also go to our website and use the flashcards there to learn and test yourself The most important part of using flashcards successfully is to use them daily Studying 100 words a day every day of a week will have a much bigger impact than studying 700 words once a week Once you know most words in a chapter write down the ones you still have trouble with and concentrate on those few words several times a day Once you have moved on to a later chapter it is also good practice to come back to early chapters from time to time to make sure the easier words are still in your memory Over time you will figure out what works best for you Good luck
