Historical Association Pamphlets Historical Association (Great Britain),1909 **Louis XIV** Richard Wilkinson,2017-09-19 Louis XIV ruled France for more than half a century and is typically remembered for his absolutism his patronage of the arts and his lavish lifestyle culminating in the building of Versailles This original and lively biography focuses on Louis s personal life while keeping the needs of the history student at the forefront featuring analysis of Louis s wider significance in history and the surrounding historiography This book balances the undeniable cultural achievements of the reign against the realities of Louis s egotism and argues that when viewed critically Louis s rule 1643 1715 personified the disadvantages of absolute monarchy and inexorably led to social and political blunders resulting in the suffering of millions Richard Wilkinson demonstrates that while Louis excelled as a self publicist he fell far short of being a great monarch This second edition includes an up to date and accessible biography further sections on the women at Louis s court France in an international context and new material looking at Louis s involvement in ballet This book is essential reading for all history students and those with a general interest in one of history s most colourful rulers *Historical Association Leaflet* ,1924 **Louis XIV** J. Treasure,2018-10-24 Louis IV represents the apogee of French royal power and the Ancien Regime Having restored the nation s finances and rebuilt the army he embarked on a series of wars of conquest which made France universally feared and respected as the central power of continental Europe In the age of Moliere Corneille Racine et al French culture blossomed at the court of Versailles The counterpoint to these achievements was the emasculation of the political and legal institutions that might have limited the exercise of the royal will In this new history Geoffrey Treasure explores a unique combination of a personal philosophy moulded by absolutist thinking and propaganda and by Marzarin s deliberate training He examines the influences and traits which permitted the growth of this particular exercise of power and its descent into an absolutism that ultimately set France on the road to 1789 **Power and Politics in Old Regime France, 1720-1745** Peter Campbell,2003-10-04 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company
