Republic of Dreams Ross Wetzsteon,2007-11-01 If the twentieth century was the American century it can be argued that it was more specifically the New York century and Greenwich Village was the incubator of every important writer artist and political movement of the period From the century s first decade through the era of beatniks and modern art in the 1950s and 60s Greenwich Village was the destination for rebellious men and women who flocked there from all over the country to fulfill their artistic political and personal dreams It has been called the most significant square mile in American cultural history for it holds the story of the rise and fall of American socialism women s suffrage and the commercialization of the avant garde One Villager went so far as to say that everything started in the Village except Prohibition and in the 1940s the young actress Lucille Ball said The Village is the greatest place in the world What other community could claim a spectrum ranging from Henry James to Marlon Brando from Marcel Duchamp to Bob Dylan from Gertrude Vanderbilt Whitney to Abbie Hoffman The story of the Village is in large part the stories old Villagers have told new Villagers about former Villagers and to tell its story is in large part to tell its legends Republic of Dreams presents the remarkable outrageous often interrelated biographies of the giants of American journalism poetry drama radical politics and art who flocked to the Village for nearly half a century among them Eugene O

Neill whose plays were first produced by the Provincetown Players on Macdougall Street for whom Edna St Vincent Millay also wrote Jackson Pollock who moved to the Village from Wyoming in 1930 and was soon part of the group of 8th Street painters who would revolutionize Western painting E E Cummings who lived for years on Patchin Place as did Djuna Barnes Max Eastman who edited the groundbreaking literary and political journal *The Masses* which introduced Freud to the American public and also published Sherwood Anderson Amy Lowell Upton Sinclair Maksim Gorky and John Reed's reporting on the Russian Revolution Republic of Dreams is beautifully researched outspoken wise hip exuberant a monumental definitive history that will endure for decades to come

American Protest Essay and National Belonging, The , *Russia in World History* Choi Chatterjee, 2022-01-27 *Russia in World History* uses a comparative framework to understand Russian history in a global context The book challenges the idea of Russia as an outlier of European civilization by examining select themes in modern Russian history alongside cases drawn from the British Empire Choi Chatterjee analyzes the concepts of nation and empire selfhood and subjectivity socialism and capitalism and revolution and the world order in the 19th 20th and 21st centuries In doing so she rethinks many historical narratives that bluntly posit a liberal West against a repressive authoritarian Russia Instead Chatterjee argues for a wider perspective which reveals that imperial practices relating to the appropriation of human and natural resources were shared across European empires both East and West Incorporating the stories of famous thinkers such as Leo Tolstoy Emma Goldman Wangari Maathai Arundhati Roy among others This unique interpretation of modern Russia is knitted together from the varied lives and experiences of those individuals who challenged the status quo and promoted a different way of thinking This is a ground breaking book with big and provocative ideas about the history of the modern world and will be vital reading for students of both modern Russian and world history

Anarchist Voices Paul Avrich, 2021-03-09 Through his many books on the history of anarchism Paul Avrich has done much to dispel the public's conception of the anarchists as mere terrorists In *Anarchist Voices* Avrich lets American anarchists speak for themselves This abridged edition contains fifty three interviews conducted by Avrich over a period of thirty years interviews that portray the human dimensions of a movement much maligned by the authorities and contemporary journalists Most of the interviewees anarchists as well as their friends and relatives were active during the heyday of the movement between the 1880s and the 1930s They represent all schools of anarchism and include both famous figures and minor ones previously overlooked by most historians Their stories provide a wealth of personal detail about such anarchist luminaries as Emma Goldman and Sacco and Vanzetti

Comparative Patriarchy and American Institutions Francis Feeley, 2010-02-19 As Claude Lévi Strauss wrote in his book *La pensée sauvage* Paris 1960 biographical and anecdotal history is low powered history which is not intelligible in itself and only becomes so when it is transferred en bloc to a form of history of a higher power than itself The historian's relative choice is always confined to the choice between history which teaches more and explains less and history which explains more and teaches less This book oscillates between analysis which tries to explain

what man is and anecdote which tries to teach what he is capable of becoming What better approach to understanding patriarchy beyond learning the formal dictionary definitions of this term than by examining the richly diverse descriptions of gender relationships found in the following chapters It is the hope of these authors that the recognition of national differences and gender differences will provide new vantage points from which we may gain wider perspectives on our own prejudices and thereby find fulfillment of our aspirations to become more fully human

How Not to Be Governed Jimmy Casas Klausen, James Martel, 2011-01-13 How Not to Be Governed explores the contemporary debates and questions concerning anarchism in our own time The authors address the political failures of earlier practices of anarchism and the claim that anarchism is impracticable by examining the anarchisms that have been theorized and practiced in the midst of these supposed failures The authors revive the possibility of anarchism even as they examine it with a critical lens Rather than breaking with prior anarchist practices this volume reveals the central values and tactics of anarchism that remain with us practiced even in the most unlikely and impossible contexts

Marriage Discourses Jowan A. Mohammed, Frank Jacob, 2021-11-22 Marriage was historically not only a romantic ideal but a tool of exploitation of women in many regards Women were often considered commodities and marriage was far away from the romantic stereotypes people relate to it today While marriages served as diplomatic tools or means of political legitimization in the past the discourses about marital relationships changed and women expressed their demands more openly Discourses about marriage in history and literature naturally became more and more heated especially during the long 19th century when marriages were contested by social reformers or political radicals male and female alike The present volume provides a discussion of the role of marriage and the discourses about in different chronological and geographical contexts and shows which arguments played an important role for the demand for more equality in marital relationships It focuses on marriage discourses may they have been legal or rather socio political ones In addition the disputes about marriage in literary works of the 19th and 20th centuries are presented to complement the historical debates
