The Lost Art of Reading David L. Ulin, 2018-09-04 Reading is a revolutionary act an act of engagement in a culture that wants us to disengage In The Lost Art of Reading David L Ulin asks a number of timely questions why is literature important What does it offer especially now Blending commentary with memoir Ulin addresses the importance of the simple act of reading in an increasingly digital culture Reading a book flipping through hard pages or shuffling them on screen it doesn't matter The key is the act of reading and its seriousness and depth Ulin emphasizes the importance of reflection and pause allowed by stopping to read a book and the accompanying focus required to let the mind run free in a world that is not one's own Are we willing to risk our collective interest in contemplation nuanced thinking and empathy Far from preaching to the choir The Lost Art of Reading is a call to arms or rather to pages

Inseparable Emma Donoghue, 2010-05-25 From a writer of astonishing versatility and erudition the much admired literary critic novelist short story writer and scholar Dazzling The Washington Post One of those rare writers who seems to be able to work on any register any time any atmosphere and make it her own The Observer a book that explores the little known literary tradition of love between women in Western literature from Chaucer and Shakespeare to Charlotte Bront Dickens Agatha Christie and many more Emma Donoghue brings to bear all her knowledge and grasp to examine how desire between women in English literature has been portrayed from schoolgirls and vampires to runaway wives from cross dressing knights to contemporary murder stories Donoghue looks at the work of those writers who have addressed the unspeakable subject examining whether such desire between women is freakish or omnipresent holy or evil heartwarming or ridiculous as she excavates a long obscured tradition of inseparable friendship between women one that is surprisingly central to our cultural history Donoghue writes about the half dozen contrasting girl girl plots that have been told and retold over the centuries metamorphosing from generation to generation What interests the author are the twists and turns of the plots themselves and how these stories have changed or haven't over the centuries rather than how they reflect their time and society Donoghue explores the writing of Sade Diderot Balzac Thomas Hardy H Rider Haggard Elizabeth Bowen and others and the ways in which the woman who desires women has been cast as not quite human as ghost or vampire She writes about the ever present triangle found in novels and plays from the last three centuries in which a woman and man compete for the heroine's love about how and why same sex attraction is surprisingly ubiquitous in crime fiction from the work of Wilkie Collins and Dorothy L Sayers to P D James Finally Donoghue looks at the plotline that has dominated writings about desire between women since the late nineteenth century how a woman's life is turned upside down by the realization that she desires another woman whether she comes to terms with this discovery privately comes out of the closet or is publicly outed She shows how this narrative pattern has remained popular and how it has taken many forms in the works of George Moore Radclyffe Hall Patricia Highsmith and Rita Mae Brown from case history style stories and dramas in and out of the courtroom to schoolgirl love stories and rebellious picaresques A revelation of a centuries old literary tradition brilliant amusing and until now deliberately overlooked
