The Prophetic Call to Love and Justice Arnold H. De Graaff,2025-06-20 Scripture s compelling message of love and justice is powerfully relevant for today The implications of the Amsterdam way of interpreting Scripture are evident throughout the book It is both a personal and timely way of speaking to our disintegrating society The Prophetic Call to Love and Justice provides a meaningful and radical yet simple way of re connecting with the Bible As one of the founders of the Amsterdam way of interpretation Karel Deurloo stated The opportunity to learn anew and understand the language of the Bible has been taken away Often the focus is on the assumed origin and history of a text a historical literary approach or a fundamentalist view creating a fragmented moralistic and doctrinaire emphasis which has alienated many from churches Instead Deurloo and others focused on the prophetic meaning that speaks to all of us as the living word of God today This alternative is rooted in the Hebrew Scriptures Its abiding prophetic message of love and justice is reiterated in the Gospels and apostolic letters Hence the choice of subtitle Rediscovering the Old Testament It is a joyful journey of discovery finding new meaning in the Bible for our lives Author-title Catalog University of California, Berkeley. Library,1963 **Classical Pasts** James I. Porter,2021-02-09 The term classical is used to describe everything from the poems of Homer to entire periods of Greek and Roman antiquity But just how did the concept evolve This collection of essays by leading classics scholars from the United States and Europe challenges the limits of the current understanding of the term The book seeks not to arrive at a final definition but rather to provide a cultural history of the concept by exploring how the meanings of classical have been created recreated and rejected over time The book asks questions that have been nearly absent from the scholarly literature Does classical refer to a specific period of history or to the artistic products of that time How has its definition changed Did those who lived in classical times have some understanding of what the term classical has meant How coherent consistent or even justified is the term The book s introduction provides a generous theoretical and historical overview It is followed by eleven chapters in which the contributors argue for the existence not of a single classical past but of multiple competing classical pasts The essays address a broad range of topics Homer and early Greek poetry and music Isocrate Hellenistic and Roman art Cicero and Greek philosophy the history of Latin literature imperial Greek literature and more The most up to date and challenging treatment of the topic available this collection will be of lasting interest to students and scholars of ancient and modern literature art and cultural history **Hymns and spiritual songs. 1st Worcester ed** Isaac Watts,1786 The Insider's Guide to Old Books, Magazines, Newspapers, Trade Catalogs Ronald S.
