

## Love Songs in Age

She kept her songs, they kept so little space,  
The covers pleased her:

One bleached from lying in a sunny place,  
One marked in circles by a vase of water,  
One mended, when a tidy fit had seized her,  
And coloured, by her daughter -  
So they had waited, till, in widowhood

She found them, looking for something else, and stood

Relearning how each frank submissive chord  
Had ushered in

Word after sprawling hyphenated word,  
And the unfailing sense of being young  
Spread out like a spring-woken tree, wherein  
That hidden freshness sung,  
That certainty of time laid up in store  
As when she played them first. But, even more,

The glare of that much-mentioned brilliance, love,  
Broke out, to show

Its bright incipience sailing above,  
Still promising to solve, and satisfy,  
And set unchangeably in order. So

To pile them back, to cry,  
Was hard, without lamely admitting how  
It had not done so then, and could not now.

mended & coloured  
represent older love.

coming of age.  
mended & marked

**There's a Place For Us: The Musical Theatre Works of Leonard Bernstein** Helen Smith, 2017-07-05 Leonard Bernstein was the quintessential American musician Through his careers as conductor pianist teacher and television personality he became known across the US and the world his flamboyance and theatricality making him a favourite with audiences if not with critics However he is perhaps best remembered as a composer particularly of the musical *West Side Story* and for songs such as *America Tonight* and *Somewhere* Dr Helen Smith takes an in depth look at all eight of Bernstein s musical theatre works from the early *On the Town* written by the 26 year old composer at the start of his career to his second and last opera *A Quiet Place* in 1983 In between these two pieces he composed music for *Trouble in Tahiti* *Wonderful*

Town Candide West Side Story Mass and 1600 Pennsylvania Avenue These works are analysed and considered against a background of musical and social context as well as looking at Bernstein's other orchestral choral and chamber works One important aspect examined is Bernstein's use of motifs in his theatre compositions which takes them out of the realms of Broadway and into the sphere of symphonic writing Smith provides an indispensable overview of the musical theatre works of an eclectic composer and shows what it is that constitutes the Bernstein sound *New Love Songs for an Age of Anxiety* Bradley R. **Littell's Living Age**, 1917 Some Love Songs of Petrarch Francesco Petrarca, 1915 The Age of Auden Aidan Wasley, 2010-12-28 How W H Auden's emigration to the United States changed the course of postwar American poetry W H Auden's emigration from England to the United States in 1939 marked more than a turning point in his own life and work it changed the course of American poetry itself The Age of Auden takes for the first time the full measure of Auden's influence

on American poetry Combining a broad survey of Auden s midcentury U S cultural presence with an account of his dramatic impact on a wide range of younger American poets from Allen Ginsberg to Sylvia Plath the book offers a new history of postwar American poetry For Auden facing private crisis and global catastrophe moving to the United States became in the famous words of his first American poem a new way of happening But his redefinition of his work had a significance that was felt far beyond the pages of his own books Aidan Wasley shows how Auden s signal role in the work and lives of an entire younger generation of American poets challenges conventional literary histories that place Auden outside the American poetic tradition In making his case Wasley pays special attention to three of Auden s most distinguished American inheritors presenting major new readings of James Merrill John Ashbery and Adrienne Rich The result is a persuasive and compelling demonstration of a novel claim In order to understand modern American poetry we need to understand Auden s central place within it

live performances at Somaliland's first postwar music venue where the author herself eventually takes the stage Woolner offers an account of love songs in motion that reveals the capacity of music to connect people and feelings across time and space creating new possibilities for relating to oneself and others      International Directory of Little Magazines & Small Presses Lenard V.
