Congress, *Living U.S.-China Relations* David M. Lampton,2024-01-05 This book addresses head on a core current critique of how the Sino American relationship was managed across eight administrations The essence of this critique is that naive U S elites confused their hopes for democracy and a globally responsible China with the actual prospects for those desirable ends and in the process unwisely traded away American interests competitive position and national security In short the U S bolstered the principal strategic threat that it now faces This book is a fact based challenge to that simplistic narrative Today developments in the U S China relationship are converging in a fashion that is setting off fire alarm bells At this moment in 2023 the underbrush is plentiful the winds unfavorable and the atmosphere parched The fire hazard between America and China is increasing unlike anything we have seen in a half century This volume describes our current condition and explains the last half century that has brought us to this perilous day The defining and unique characteristic of *Living U S China Relations* is that it tells the story of U S China ties as the relationship between two societies not just two states and it does so through the author s lived experience over nearly sixty years Surviving the Dragon Arjia Rinpoche,2010-03-02 On a peaceful summer day in 1952 ten monks on horseback arrived at a traditional nomad tent in northeastern Tibet where they offered the parents of a precocious toddler their white handloomed scarves and congratulations for having given birth to a holy child and future spiritual leader *Surviving the Dragon* is the remarkable life story of Arjia Rinpoche who was ordained as a reincarnate lama at the age of two and fled Tibet 46 years later In his gripping memoir Rinpoche relates the story of having been abandoned in his monastery as a young boy after witnessing the torture and arrest of his monastery family In the years to come Rinpoche survived under harsh Chinese rule as he was forced into hard labor and endured continual public humiliation as part of Mao s Communist reeducation By turns moving suspenseful historical and spiritual Rinpoche s unique experiences provide a rare window into a tumultuous period of Chinese history and offer readers an uncommon glimpse inside a Buddhist monastery in Tibet **The 1990s** Richard Alan Schwartz,2006 Traces the history of the United States during the 1990s through such primary sources as memoirs letters contemporary journalism and official documents **LIFE** ,1955-05-02 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *Daughters of the Flower Fragrant Garden* Zhuqing Li,2022-06-21 A BookBrowse Best Nonfiction for Book Clubs in 2024 Exceptional A gripping narrative of one family divided by the bamboo curtain Deirdre Mask New York Times Book Review Sisters separated by war forge new identities as they are

forced to choose between family nation and their own independence Jun and Hong were scions of a once great southern Chinese family Each other s best friend they grew up in the 1930s during the final days of Old China before the tumult of the twentieth century brought political revolution violence and a fractured national identity By a quirk of timing at the end of the Chinese Civil War Jun ended up on an island under Nationalist control and then settled in Taiwan married a Nationalist general and lived among fellow exiles at odds with everything the new Communist regime stood for on the mainland Hong found herself an ocean away on the mainland forced to publicly disavow both her own family background and her sister s decision to abandon the party A doctor by training to overcome the suspicion created by her family circumstances Hong endured two waves of re education and internal exile forced to work in some of the most desperately poor remote areas of the country Ambitious determined and resourceful both women faced morally fraught decisions as they forged careers and families in the midst of political and social upheaval Jun established one of U S allied Taiwan s most important trading companies Hong became one of the most celebrated doctors in China appearing on national media and honored for her dedication to medicine Niece to both sisters linguist and East Asian scholar Zhuqing Li tells her aunts story for the first time honoring her family s history with sympathy and grace Daughters of the Flower Fragrant Garden is a window into the lives of women in twentieth century China a time of traumatic change and unparalleled resilience In this riveting and deeply personal account Li confronts the bitter political rivals of mainland China and Taiwan with elegance and unique insight while celebrating her aunts remarkable legacies

Hearings United States. Congress. House. Committee on Un-American Activities,1962

America for Americans Lee Dobry,2020-02-21 America for Americans is Dobry s attempt to explain some of the basic concepts of America things that the schools are not allowed to teach nowadays Basic things like what is the idea of America What makes this country unique in the history of the world Where does money come from and who decides how much each country gets We hear about everyone s Constitutional Rights but what are they Why would anyone in their right mind want to destroy the Constitution the one document that guarantees our protections against a tyrannical government What is socialism at least today s version of it Can socialism really work long term in America What is the cost of socialism What is the socialist agenda What is the conservative agenda These are things that all Americans need to understand well what we have and what we stand to lose America is at a critical point right now What we do in the 2020 elections will not only determine what kind of life we will have but also what kind of life our children and grandchildren and their children will have and we need to be keenly aware of that Will they live free or will they live as subjects under an all controlling government We need to consider that very carefully because your freedom is like your life once you give it up you won t get it back We all need to be well informed with the truth before we make decisions that will have irreversible consequences for the future generations of Americans We have the right to throw away our own freedoms if we so choose We do not have the right to throw away theirs And it s not just about the 2020 elections It won t end there The fight to keep socialist forces from

taking away Americans freedom will go on until either they win or we defeat them There can be no compromise between freedom and slavery It s one or the other There is no middle ground The Emigrant George Baker,2008 This is the moving story of George his years in China from his birth in 1934 up to 1957 and his quest to be reunited with his family whom he had not seen for many years He drifted from one place to another and his unusual upbringing with distant relatives strangers and the time he spent alone in a charity run boarding school taught him that he had to fight to survive The images of what he saw would haunt him for the rest of his life but nothing could prepare him for the upheaval and upset ahead when his daring plan to escape from the wars being raged around him to freedom became reality Blinded by the passion of youth and his need to be wanted to belong and be loved his miraculous journey to find his family meant he had to grow up fast and leave behind the people who had meant so much to him including his first love This is my story and I hope that readers will forgive me for some of the language used but it was necessary in order to express the iniquity of the events that occurred
