best of literature in a whole new light with BrightSummaries.com *Abundance, A Novel of Marie Antoinette* Sena Jeter Naslund, 2006-10-03 From the author of *Ahab's Wife* and *Four Spirits* comes her most astonishing work yet a portrait of a young queen called Marie Antoinette **My Mother's Voice** Adrienne Kertzer, 2001-12-11 How do children's books represent the Holocaust How do such books negotiate the tension between the desire to protect children and the commitment to tell children the truth about the world If Holocaust representations in children's books respect the narrative conventions of hope and happy endings how do they differ if at all from popular representations intended for adult audiences And where does innocence lie if the children's fable of Roberto Benigni's *Life is Beautiful* is marketed for adults and far more troubling survivor memoirs such as Anita Lobel's *No Pretty Pictures* A Child of War are marketed for children How should Holocaust Studies integrate discourse about children's literature into its discussions In approaching these and other questions Kertzer uses the lens of children's literature to problematize the ways in which various adult discourses represent the Holocaust and continually challenges the conventional belief that children's literature is the place for easy answers and optimistic lessons **Not My Mother's Sister** Astrid Henry, 2004-09-07 No matter how wise a mother's advice is we listen to our peers At least that's writer Naomi Wolf's take on the differences between her generation of feminists the third wave and the feminists who came before her and developed in the late 60s and 70s the second wave In *Not My Mother's Sister* Astrid Henry agrees with Wolf that this has been the case with American feminism but says there are problems inherent in drawing generational lines Henry begins by examining texts written by women in the second wave and illustrates how that generation identified with yet also disassociated itself from its feminist foremothers Younger feminists now claim the movement as their own by distancing themselves from the past By focusing on feminism's debates about sexuality they are able to reject the so-called victim feminism of Catherine MacKinnon and Andrea Dworkin Rejecting the orthodoxies of the second wave younger feminists celebrate a woman's right to pleasure Henry asserts however that by ignoring diverse older voices the new generation has oversimplified generational conflict and has underestimated the contributions of earlier feminists to women's rights They have focused on issues relating to personal identity at the expense of collective political action Just as writers like Wolf Katie Roiphe and Rene Denfeld celebrate a new feminist heterosexuality posited in generational terms queer and lesbian feminists of the third wave similarly distance themselves from those who came before Henry shows how 1970s lesbian feminism is represented in ways that are remarkably similar to the puritanical portrait of feminism offered by straight third wavers She concludes by examining the central role played by feminists of color in the development of third wave feminism Indeed the term third wave itself was coined by Rebecca Walker daughter of Alice Walker *Not My Mother's Sister* is an important contribution to the exchange of ideas among feminists of all ages and persuasions **Curious Subjects** Hilary M. Schor, 2012-12-07 While nineteenth century literary scholars have long been interested in women's agency in the context of their legal status as objects *Curious Subjects* makes the striking and original

argument that what we find at the intersection between women subjects who choose and enter into contracts and women objects owned and defined by fathers husbands and the law is curiosity Women protagonists in the novel are always both curiosities strange objects worthy of our interest and actors who are themselves actively curious relentless askers of questions even and perhaps especially when they are commanded to be content and passive What kinds of curiosity are possible and desirable and what different kinds of knowledge do they yield What sort of subject asks questions seeks chooses Can a curious woman turn her curiosity on herself Curious Subjects takes seriously the persuasive force of the novel as a form that intervenes in our sense of what women want to know and how they can and should choose to act on that knowledge And it shows an astonishingly wide and subtly various range of answers to these questions in the British novel which far from simply punishing women for their curiosity theorized it shaped it and reworked it to give us characters as different as Alice in Wonderland and Dorothea Brooke Clarissa Harlowe and Louisa Gradgrind Schor's study provides thought provoking new readings of the most canonical novels of the nineteenth century Hard Times Bleak House Vanity Fair Daniel Deronda among others and pushes well beyond commonplace historicist accounts of British culture in the period as a monolithic ideological formation It will interest scholars of law and literature narratology and feminist theory as well as literary history more generally
