Edward Howells, Mark A. McIntosh

Mysticism And The Two Catherines:

Mysticism and the Two Catherines Evelyn Underhill, 2005-12-01 *Mysticism and the Creed* William Frederick Cobb, William Frederick Geikie-Cobb, 1914 The Mystical Element of Religion as Studied in Saint Catherine of Genoa and her Friends (Complete) Baron Friedrich von Hügel, 2020-09-28

Amongst the apparent enigmas of life amongst the seemingly most radical and abiding of interior antinomies and conflicts experienced by the human race and by individuals there is one which everything tends to make us feel and see with an ever increasing keenness and clearness More and more we want a strong and interior a lasting yet voluntary bond of union between our own successive states of mind and between what is abiding in ourselves and what is permanent within our fellow men and more and more we seem to see that mere Reasoning Logic Abstraction all that appears as the necessary instrument and expression of the Universal and Abiding does not move or win the will either in ourselves or in others and that what does thus move and win it is Instinct Intuition Feeling the Concrete and Contingent all that seems to be of its very nature individual and evanescent Reasoning appears but capable at best of coordinating unifying explaining the material furnished to it by experience of all kinds at worst of explaining it away at best of stimulating the purveyance of a fresh supply of such experience at worst of stopping such purveyance as much as may be And yet the Reasoning would appear to be the transferable part in the process but not to move and the experience alone to have the moving power but not to be transmissible Experience indeed and its resultant feeling are always in the first instance coloured and conditioned by every kind of individual many sided circumstances of time and place of race and age and sex of education and temperament of antecedent and environment And it is this very particular combination just this one so conditioned and combined coming upon me just at this moment and on this spot just at this stage of my reach or growth at this turning of my way that carries with it this particular power to touch or startle to stimulate or convince It is just precisely through the but imperfectly analyzable indeed but dimly perceived individual connotation of general terms it is by the fringe of feeling woven out of the past doings and impressions workings and circumstances physical mental moral of my race and family and of my own individual life it is by the apparently slight apparently far away accompaniment of a perfectly individual music to the spoken or sung text of the common speech of man that I am it would seem really moved and won And this fringe of feeling this impression is strictly speaking not merely untransferable but also unrepeatable it is unique even for the same mind it never was before it never will be again Heraclitus if we understand that old Physicist in our own modern deeply subjective largely sentimental way would appear to be exactly right you cannot twice step into the same stream since never for two moments do the waters remain identical you yourself cannot twice step the same man into the same river for you have meanwhile changed as truly as itself has done _____ all things and states outward and inward appear indeed in flux only each moment seems to bring to each individual for that one moment his power to move and to convince **Jewish & Christian Mysticism** Dan Cohn-Sherbok, Lavinia Cohn-Sherbok, 1994 *The Mystical Element of Religion: Introduction and*

biographies Friedrich Freiherr von Hügel, 1909 **The Mystical Element of Religion** Baron Friedrich von Hügel, 2020-08-03 Reproduction of the original *The Mystical Element of Religion* by Baron Friedrich von Hügel *Christian Mystics* Ursula King, 2001 Ursula King's *Christian Mystics* offers a distinctive perspective on spirituality. The author presents the Christian mystical tradition through short biographies of its great figures, biographies which are highly readable without oversimplifying the ideas of these great figures. This is an outstanding entryway into the rich and deep world of Christian mysticism, recommended for readers of all backgrounds. Michael Sells, Professor of Comparative Religions, Haverford College.

The Oxford Handbook of Mystical Theology Edward Howells, Mark A. McIntosh, 2020-02-25 The *Oxford Handbook of Mystical Theology* provides a guide to the mystical element of Christianity as a theological phenomenon. It differs not only from psychological and anthropological studies of mysticism but from other theological studies such as more practical or pastorally oriented works that examine the patterns of spiritual progress and offer counsel for deeper understanding and spiritual development. It also differs from more explicitly historical studies tracing the theological and philosophical contexts and ideas of various key figures and schools as well as from literary studies of the linguistic tropes and expressive forms in mystical texts. None of these perspectives is absent, but the method here is more deliberately theological, working from within the fundamental interests of Christian mystical writers to the articulation of those interests in distinctively theological forms in order finally to permit a critical theological engagement with them for today. Divided into four parts, the first section introduces the approach to mystical theology and offers a historical overview. Part two attends to the concrete context of sources and practices of mystical theology. Part three moves to the fundamental conceptualities of mystical thought. The final section ends with the central contributions of mystical teaching to theology and metaphysics. Students and scholars with a variety of interests will find different pathways through the Handbook. **The Church Quarterly Review**, 1926

Church Quarterly Review, 1912 *Mystics of the Church* Evelyn Underhill, 2002-07-08 Evelyn Underhill's classic book on mysticism shows not only the historic development of Christian mysticism and its influence on the Church but gives a deep insight into the spiritual growth of the individual mystics, their struggles, achievements, and influence. Covering the whole development of the Christian Church from St Paul to the present century, the author illustrates the differing backgrounds and approach of many of the great mystics such as St Augustine of Hippo, whose writings helped to create the Church's understanding of its mystical character, and St Francis of Assisi, whose example proved an inspiration to many. The book gives much more than an opportunity to meet the great mystics; it also provides a framework for the analysis of true mysticism and false contrasting. Catherine of Siena, a girl of the people whose transcendental mysticism benefited many in an age of ecclesiastical degradation, with the well-born and beautiful Madame Guyon, whose excesses brought mysticism into disrepute. Evelyn Underhill illuminates the whole of her subject by drawing attention to the differences of approach that can bring mortals along the road to the divine, from the zealous militancy of a Loyola to the passivity of the Quietists. This absorbing

study by one of the great writers on mysticism covers every aspect of the subject and gives a clear understanding of the mystics world in writing that is both informative and stimulating **Western Mysticism** Cuthbert Butler,1924 *Christian Spirituality: Latter developments, pt. 1. From the Renaissance to Jansenism* Pierre Pourrat,1927 **The Princeton Theological Review** ,1922 Includes section Reviews of recent literature **The Mystical Element of Religion: Critical studies** Friedrich Freiherr von Hügel,1908 *Christian Mystics of the Middle Ages* Paul de Jaegher,2012-04-03

Inspirational compilation of classic essays includes meditations by the author of *The Cloud of Unknowing* Catherine of Siena Walter Hilton St Teresa St John of the Cross St Francis de Sales and others **Religion and the Body** Sarah Coakley,1997

This book aims to highlight the distinctive and unfamiliar ways in which diverse religious traditions understand the body and also in doing this to raise to greater consciousness some of the assumptions and problems of contemporary attitudes to it It brings together essays by established experts in the history of religion the social sciences and philosophy Part I is devoted to an analysis of current secularized discourses on the body and to exposing both their anti religious and their covertly religious content Parts II and III provide essays on traditional Western and Eastern religious attitudes to the body Each contributor focuses on some especially characteristic devotional practices or relevant texts each carefully outlines the total context in which a distinctive religious attitude to bodiliness occurs The result is a rich source for comparative studies of the body and of its relation to society and to the divine *A Spiritual Pilgrimage* Reginald John Campbell,1917 An account of the author s spiritual evolution explaining his change from Congregationalism to the Church of England *The Mystical Element of Religion* Friedrich von Hügel,2023-12-14 In *The Mystical Element of Religion* Friedrich von H ogel embarks on an extensive exploration of the interplay between mysticism and established religious doctrine Written at the turn of the 20th century the book offers a compelling synthesis of philosophy theology and spirituality advocating for a deeper understanding of how mystical experiences can enrich religious faith H ogel s literary style is both erudite and accessible employing rich language and intricate arguments that reflect the broader intellectual movements of his time particularly the tension between rationalism and mysticism in the face of modernity His dissection of the mystical element serves not only as a theological critique but also as an invitation for readers to engage with the transcendent aspects of faith that often elude strict doctrinal frameworks Friedrich von H ogel a prominent Austrian British philosopher and theologian was deeply influenced by his Catholic upbringing and experiences with various religious traditions His scholarly pursuits were marked by an inclination to reconcile faith with modern thinking which inspired his quest to articulate the essence of religious mysticism H ogel s multifaceted background included exposure to philosophy psychology and a range of spiritual practices which inform his analysis in this profound work I highly recommend *The Mystical Element of Religion* to anyone seeking a nuanced understanding of the spiritual dimensions of faith Whether you are a scholar of theology a practitioner of spirituality or simply an inquisitive reader this book challenges the reader to appreciate the often overlooked mystical currents that

underlie religious belief encouraging a holistic engagement with both the intellect and the spirit
