Handbook of Chinese Mythology Lihui Yang, Deming An,2008 Compiled from ancient and scattered texts and based on groundbreaking new research Handbook of Chinese Mythology is the most comprehensive English language work on the subject ever written from an exclusively Chinese perspective This work focuses on the Han Chinese people but ranges across the full spectrum of ancient and modern China showing how key myths endured and evolved over time A quick reference section covers all major deities spirits and demigods as well as important places mythical animals and plants and related items

Legends of People, Myths of State Bruce Kapferer,2011-12-01 The civil war in Sri Lanka and the part that nationalism seemed to play in it inspired the writing of this book some twenty three years ago The argument was developed through a comparative analysis of nationalism in Sri Lanka with the author's native Australia At the time this constituted an innovative approach to comparison in anthropology as well as to nationalism and its possibilities It was not based on differences but on the way in which perspectives from within the two nationalisms when seen side by side could present an understanding of their implication in producing the violence of war

racism and social exclusion The book has lost none of its importance and urgency as proven by the chapters in the Appendix written by top scholars working in Sri Lanka and in Australia These contributions bring together new material and critically explore the book's themes and their continued relevance to the various trajectories in nationalist processes since the first publication of the book

True Myth James W Menzies, 2015-02-26 True Myth examines the meaning and significance of myth as understood by C S Lewis and Joseph Campbell and its place in the Christian faith in a technological society C S Lewis defined Christianity and being truly human as a relationship between the personal Creator and his creation mediated through faith in his son Jesus The influential writer and mythologist Joseph Campbell had a different perspective understanding Christianity as composed of mythical themes similar to those in other religious and secular myths While accepting certain portions of the biblical record as historical Campbell taught the theological and miraculous aspects as symbolic as stories in which the reader discovers what it means to be human today In contrast Lewis presented the theological and the miraculous in a literal way Although Lewis understood how one could see symbolism and lessons for life in miraculous events he believed they were more than symbolic and indeed took place in human history In True Myth James W Menzies skilfully balances the two writers differing approaches to guide the reader through a complex interaction of myth with philosophy media ethics history literature art music and religion in a contemporary world

Cleansing the Cosmos E. Janet Warren, 2012-11-08 Understanding evil spiritual forces is essential for Christian theology yet discussion is almost always phrased in terms of spiritual warfare Warfare language is problematic being dualistic assigning a high degree of ontology to evil and poorly applicable to ministry This unique study proposes a biblically based model as the first alternative to a spiritual warfare framework for dealing with the demonic thus providing insights for preaching counseling and missiology Warren develops this model using metaphor theory and examining four biblical themes Creation Cult Christ and Church Metaphors of cleansing ordering and boundary setting are developed in contrast to battle imagery and relevant theological issues are engaged Boyd's warfare imagery Barth's ideas of evil as nothingness and Eliade's notion of the sacred and the profane The role of the Holy Spirit is emphasized and the ontology of evil minimized This model incorporates concentric circles evil being considered peripheral to divine reality and provides a refreshing alternative to current spiritual warfare models

The Gods of Olympus: Zeus, Hera and Poseidon in Greek Mythologies Christopher Drakos, 2025-01-21 Dive into the rich and timeless world of Greek mythology with The Gods of Olympus Zeus Hera and Poseidon in Greek Mythologies This comprehensive exploration goes beyond the myths to reveal their cultural symbolic and philosophical significance What you will discover Zeus The king of gods embodying authority justice and balance Hera The protector of family and relationships revealing themes of resilience and loyalty Poseidon The lord of the sea representing nature's power and the mysteries of the unknown Insights into how Greek myths influenced art psychology and modern media like films and video games A detailed analysis of mythology's relevance in today's society exploring timeless lessons of power love and

destiny Rediscover the wonder of Greek myths and their enduring influence on human thought art and culture Note The internal content of this edition focuses exclusively on text ensuring an uninterrupted and deep reading experience without any images

The History of Experience Wolfgang Leidhold, 2022-10-14 In a wide arc from the Paleolithic to the present day this book explores the changing structure of human experience and its impact on the dynamics of cultures civilizations and political ideas The main thesis is a paradigm shift the structure of human experience is not a universal constant but changes over time Looking at the entire range of human history there are a total of nine transformations beginning with conscious perception and imagination in the Paleolithic and ending for the time being in modern times with the discovery of the unconscious In between this book explores six more transformations that took place in different regions and at different times which include a sense of order self reflection the eye of reason spiritual experience as well as the experience of creativity and of consciousness As such The History of Experience presents both a cross cultural and comparative theory of experience and cultural dynamics and an exploration of rich materials from East and West This book is of great use to upper level undergraduates postgraduates and scholars interested in the relationship between history human experience culture and political order

Roman Mythology for Beginners Eleanor S. MacCormack, 2025-09-18

Unlock the fascinating world of ancient Rome's legendary stories and divine beings with this comprehensive introduction to Roman mythology. Perfect for newcomers and curious readers, this captivating guide explores the rich tapestry of myths that shaped Roman civilization for over a thousand years. Discover the powerful gods and goddesses who ruled Mount Olympus, from mighty Jupiter, king of the heavens, to wise Minerva, goddess of wisdom and warfare. Learn about Venus, the enchanting goddess of love, and Mars, the fierce god of war who gave his name to the month of March. Journey through epic tales of heroism and adventure as you explore legendary figures like Romulus and Remus, the twin brothers who founded Rome itself. Encounter mythical creatures that populate Roman folklore, from the wise phoenix to the fearsome Minotaur, each story revealing deeper truths about Roman values and beliefs. This accessible guide breaks down complex mythological concepts into engaging, easy-to-understand chapters. Explore famous legends, including the Aeneid, the story of Cupid and Psyche, and the tragic tale of Orpheus and Eurydice. Each chapter features clear explanations of mythological context, character relationships, and cultural significance. Perfect for students, history enthusiasts, or anyone curious about ancient cultures, this beginner-friendly resource includes family trees of the gods, pronunciation guides, and connections between Roman and Greek mythology. Understand how these ancient stories continue to influence modern literature, art, and culture today. Whether you're preparing for a course, researching for creative projects, or simply love a good story, this engaging introduction makes Roman mythology accessible and entertaining. Start your journey into the ancient world today and discover why these timeless tales continue to captivate readers across generations.

The Origins of Evil in Hindu Mythology Wendy Doniger, 1980-10-13 Presenting a subject rarely studied, the author shows there is a history of ideas about evil in Hinduism. **The Mythology of Kingship in Neo-Assyrian Art** Mehmet-Ali Ataç, 2010-02-08 In this book, Mehmet Ali Ataç argues that the palace reliefs of the Neo-Assyrian Empire hold a meaning deeper than simple imperial propaganda.
