Internet Activities Through the Year Mary Zinn Beiting, 2002-06 *Raising Spiritual Children: Cultivating a Revelatory Life* Patricia Mapes, Greg Mapes, 2009-10 *Raising Spiritual Children* is a practical resource for parents who want to raise their children to be whole, healthy, and capable of using their spiritual gifts with wisdom. What does it mean to have spiritual gifting? How can we help our spiritually gifted children stay on the right path? What do our children's dreams mean? This book answers these questions and many more. Book jacket *Teaching U.S. History Through Children's Literature* Wanda Miller, 1998-11-15 Similar to *U.S. History Through Children's Literature* From the Colonial Period to World War II in format and approach, historical fiction and nonfiction are integrated into modern U.S. History. For each of these topics, Miller suggests two or more titles, one for use with the entire class and one for use with small reading groups. Summaries of the books, author information, activities, and topics for discussion are supplemented with vocabulary lists and ideas for research topics and further reading. This integrated approach makes history more meaningful to students and helps them retain historical details and facts by immersing them in stories surrounding historical events. A well-researched and thorough resource *Explorers and Exploration*, 2005 Presents a comprehensive reference to explorers and topics related to exploration **One Giant Leap** Leon Wagener, 2024-06-04 Reveals a man of incredible bravery and extraordinary drive who overcame all obstacles in his path. New York Times bestselling author Nelson DeMille. On July 20, 1969, the whole world stopped. It was a day in which a man who grew up on a farm without electricity would announce: One small step for man, one giant leap for mankind. In this, the first ever biography of Neil Armstrong, journalist Leon Wagener explores the man whose walk on the moon is still compared to humankind's progenitor's crawl out of the primordial ooze. And whose retreat back to a farm in his native Ohio soon after the last ticker tape confetti fell has left him looked upon as a reclusive hermit ever since. This is the true story of a national hero whose lifelong quest to walk on the moon truly mirrors our best selves: an American who braved incredible danger daily over a long career, finally achieving what seemed impossible and broke free of the Earth's surly bonds, proving forever that man can reach for the stars and succeed. Relying on hundreds of interviews with family and friends of the astronaut, plus generous access to the NASA files, Leon Wagener explores the life of one of America's true heroes in a book filled with extraordinary adventure and even greater achievement. Neil Armstrong is a genuine American hero right up there in the pantheon with George Washington, Daniel Boone, and Charles Lindbergh, a man whose character, courage, and brains helped shape his age. Leon Wagener has captured the man inside the myth in this excellent biography. New York Times bestselling author Stephen Coonts **El primer hombre** James R. Hansen, 2018-09-20 La vida del primer hombre que pisó la Luna y la historia del hito que marcó la humanidad y la carrera espacial. Cuando el Apolo 11 aterrizó en la Luna en 1969, el primer hombre en dejar su huella en la superficie se convirtió en leyenda. Basado en material exclusivo.
