New Mythos The Novel Of The Artist As Heroine 18771977:

A New Mythos Grace Stewart, 1979 *The Evolving Self in the Novels of Gail Godwin* Lihong Xie, 1995 As Xie leads us through these works we find Godwin's evolving heroines emerging out of lively intense sometimes painful dialogue with both the self past present and future and the social world of family birthplace culture and friendships **Artistic Individuality: A Study of Selected 20th Century Artist's Novels.** Zivile Gimbutas, 2012-09-21 In this study of a series of artist novels individuality is elucidated by childhood experiences sensuality and receptivity the urge for self expression relation to nature and creative work Individuality is essentially the recognition of one's self as a unique part of a whole which is apt to be discovered in kinship with nature and expressed in aesthetics that stem from an appreciation of nature The featured novels are Willa Cather's *The Song of the Lark* M Allen Cunningham's *Lost Son* James Joyce's *A Portrait of the Artist as a Young Man* W Somerset Maugham's *The Moon and Sixpence* Dodie Smith's *I Capture the Castle* John Updike's *Seek My Face* and Virginia Woolf's *To the Lighthouse* *Willa Cather* Janis P. Stout, 2000-12-29 Previous biographies of Willa Cather have either recycled the traditional view of a writer detached from social issues whose work supported a wholesome view of a vanished America or they have focused solely on revelations about her private life Challenging these narrow interpretations Janis P Stout presents a Cather whose life and quietly modernist work fully reflected the artistic and cultural tensions of her day A product of the South she was born in Virginia Cather went west with her family at an early age a participant in the aspirations of Manifest Destiny Known for her celebrations of immigrants on the prairie she in fact shared many of the ethnic suspicions of her contemporaries Loved by a popular audience for her pieties of family and religion she was in her youth a freethinker who resisted traditional patterns for women's lives cutting her hair like a boy's and dressing in men's clothing Seen by critics since the 1930s as a practitioner of an escapist formalism she was in Stout's view profoundly ambivalent about most of the important questions she faced Cather structured her writing to control her uncertainty and project a serenity she did not in fact feel Cather has at times been viewed as a writer preoccupied with the past whose literary project had little to do with the intellectual currents of her time On the contrary Stout argues Cather was a full participant in the doubts and conflicts of twentieth century modernity Only in recoil from her distress at these conflicts did she turn to overt celebrations of the past and construct a retiring crotchety persona The Cather that emerges from Stout's treatment is a modernist conservative in the mold of T S Eliot though more responsive to her time and simultaneously less assured in her pronouncements Cather's sexuality too is more complicated in Stout's version than previous biographers have allowed Willa Cather *The Writer and Her World* presents a woman and an artist who fully exemplifies the ambivalence the foreboding and above all the complexity that we associate with the twentieth century mind *Margaret Atwood* Neeru & Anshul Chandra Tandon, Neeru Tandon, Anshul Chandra, 2009 Study on the novels of Margaret Atwood b 1939 Canadian litterateur **Sylvia Plath** Linda Wagner-Martin, 2013-04-15 This set comprises 40 volumes covering 19th and 20th century European and

American authors These volumes will be available as a complete set mini boxed sets by theme or as individual volumes This second set compliments the first 68 volume set of Critical Heritage published by Routledge in October 1995 *Weeds* Edith Summers Kelley,1996 *Weeds* renders in decidedly feminist terms the harsh life of tobacco sharecroppers in Kentucky in the early 20th century *Comedy and the Woman Writer* Judy Little,2015-08-01 Recent critics have affirmed the difficulty perhaps the impossibility of defining modern comedy at the same time some feminist scholars are seeking to understand the special comedy often present in literature written by women *Comedy and the Woman Writer* responds to both these concerns of recent criticism feminist literary theory and theories of comedy Judy Little develops a critical apparatus for identifying feminist comedy in recent fiction especially the radical political and psychological implications of this comedy and then applies and tests her theory by examining the novels of Virginia Woolf and Muriel Spark Despite recent scholarly attention to Woolf the profound comedy of her work has been largely overlooked and the comic fiction of Spark has seldom had the responsible and attentive criticism that it deserves The introductory chapter draws upon anthropology and sociology as well as literary criticism and the fiction of feminist writers such as Woolf Doris Lessing and Monique Wittig to define a modern feminist comedy Four central chapters then explore the implications of this comedy in the novels of Woolf and Spark Little distinguishes between on the one hand several varieties of traditional comedy and satire and on the other the festive or liminal comedy to which feminist comedy belongs Both Woolf and Spark mock centuries old mythic patterns and behaviors deriving from basic social norms as well as the values emerging from these norms It is one thing the author points out to find manners amusing to scourge vices or to mock the follies of lovers it is a much more drastic act of the imagination to mock the very norms against which comedy has traditionally judged vices follies and eccentricities While the comedy of Woolf and Spark has some precedent in festive or liminal celebrations during which even basic values and behavior are abandoned feminist comedy displays its radical nature by implying that there is no resolution to the inverted overturned world the world in revolutionary transition The final chapter considers briefly in the light of the critical model of feminist comedy the work of several other twentieth century writers including Jean Rhys Penelope Moritmer and Margaret Drabble The presence of radical comedy in the fiction of these and other writers suggests the need for continuing attention to the theory of feminist comedy proposed in this study *Changing the Story* Gayle Greene,1992-01-22 *Changing the Story* gives an excellent and well informed account of the differences between the American Canadian British and French attitudes towards feminism and feminist fiction and literary theory a very readable book which reminds us that literature can change us and that through it we can change ourselves Margaret Drabble A distinctive contribution clear elegant precise and well read to the feminist discussion of narrative of Anglo Canadian white North American novelists and to contemporary fiction Greene tracks how feminist novelists draw upon and negotiate with traditional narrative patterns and how their critical approach implicates and provokes social change The book brings us to an intelligent post humanism which does not scant the social meanings of

metafictional critique And in addition this book remembers hope Rachel Blau DuPlessis Changing the Story is an invaluable guide to the feminist classics of the last three decades This is cultural criticism at its best engaged re visionary and politically astute Nancy K Miller Greene tells a very good tale about how feminist fiction emerged developed made changes in the world and now threatens to wane The Women s Review of Books Her probing analysis should captivate general readers as well as academics WLW Journal Changing the Story is an important work of feminist criticism certain to spark controversy within the feminist community American Literature The feminist fiction movement of the 1960s 1980s was and is as significant a movement as Modernism Gayle Greene focuses on the works of Doris Lessing Margaret Drabble Margaret Atwood and Margaret Laurence to trace the roots of this feminist literary explosion She also speculates on the future of feminist fiction in the current regressive period of post feminism

The Dual Artist Novel Orla Siobhán Flock, 2023-03-31 The artist novel occupies a prominent place in literary history Although research into this genre which is usually perceived as especially rigid may seem to be exhausted at a first glance a closer look at the development of the artist novel reveals its sheer incomparable malleability and resilience In this book Orla Flock turns her attention to those types of artist novels which she calls dual artist novels which depict the artistic and personal development of both a male and a female artist The juxtaposition of the male and the female artist narratives reveals both the rootedness of the genre in literary tradition and subverts established but outdated notions of genre and gender On both a structural and a narrative level the dual artist novel challenges established but confining views and demonstrates that even incremental nuanced development over time can ultimately lead to vast transformation By reshaping the formerly rigid genre of the artist novel to include numerous and diverse voices while staying true to the thematic tradition the dual artist novel subverts both the notion of static genre definitions as well as limiting conceptions of gender

War's Other Voices miriam cooke, 1996-08-01 This book challenges the assumption that men write of war women of the hearth The Lebanese war has seen the publication of many more works of fiction by women than by men Miriam Cooke has termed these women the Beirut Decentrists as they are decentered or excluded from both literary canon and social discourse Although they may not share religious or political affiliation they do share a perspective which holds them together Cooke traces the transformation in consciousness that has taken place among women who observed and recorded the progress towards chaos in Lebanon During the so called two year war of 1975 76 little comment was made about those usually men in search of economic security who left the saturnalia of violence but with time attitudes changed Women became aware that they had remained out of a sense of responsibility for others and that they had survived Consciousness of survival was catalytic the Beirut Decentrists began to describe a society that had gone beyond the masculinization normal in most wars and achieved an almost unprecedented feminization Emigration the expected behavior for men before 1975 became the sin qua non for Lebanese citizenship The writings of the Beirut Decentrists offer hope of an escape from the anarchy If men and women could espouse the Lebanese women s sense of responsibility the energy that had

fueled the unrelenting savagery could be turned to reconstruction But that was before the invasion of 1982 The New American Studies Philip Fisher,2023-11-15 In The New American Studies a new generation of Americanists reflects on a society of change and changing alliances American life is here valued for its capacity for compromise and negotiation its openness to new actors and fresh scripts In The New American Studies a new generation of Americanists reflects on a society of change and changing alliances American life is here valued for its capacity for compromise and negotiation its openness to new actors and fresh scripts *Writing the Woman Artist* Suzanne W.
