In the Eye of the Storm Evangelist Larry C. Hence Sr.,2005-11-28 In The Eye of the Storm Genesis 10 24 29 Genesis tells us how the idea of slavery within the Americas first came about and how religion was used as a justification to bind and hold a group of people to a dieing system The impact of slavery on this nation was so horrendous it tore the fabric of America apart and set a nation on a course that all but doomed it The anger and resentment still hold two groups of people apart steeped in jealousy and distrust of one another Learn when slavery began and where it began and the nations involved that to this day have not relented nor apologized for the deaths and incarceration of more than 100 million people Learn how the history books carefully walked around the truth about slavery and taught you what they wanted you to know Slavery was not what you were taught the hypocrisy of those that were involved showed the mental struggle within that society for what was deemed immoral yet they fought on to continue on the course they had set We see in life we have but one goal to make it as bearable as possible We tend to gravitate to one existence and then settle on a mundane life style or existence As we continue into the void we maintain contact within a society whos attitude however primitive however chaotic however limited never ceases to exert itself upon a Nation with in a Nation Mans attempt to replace what he knows of himself and what he refuses to believe obscures the true meaning behind the idea of Slavery To him life has many meanings one of which is to control what you do not understand man should know that time is not on his side in this case it is a moment in the time clock of the very creator What is time to us is but a fleeting moment but to him who knows no bounds it is a time of reconciliation for the wrongs dealt To the very core of this universe time is a meaningless phenomenon He who is consumed with guilt is driven by guilt to the detriment of our very existence A world when taken and dissected is found absent of any warmth or any relevance to the creator in any way other than existence to the very people he created It is interesting to assume that life can be a rich and fulfilling endeavor when given a chance If we are to exist we first have to present ourselves as worthy to exist in a universe not conditioned for us

Bernard Brown,2016-02-03 This book is a resting place for the contrite heart the lost soul and those who have given up and are searching for answers For those who have come to the end of the road and find a wall they cannot cross For those who have lost their way and whose hope is in despair there is hope For those who have lost their will to win and want to dust themselves off and start all over again there is still time For those who have been tempest tossed and driven and feel they cannot get back there is a way For those who carry the weight of the world on their shoulders there is help For those whom life has passed by and cannot catch up its not over This book can help you find yourself That one thing you might need to take you the next mile the next step the next day or either save the next breath are within the contents of this book You can find yourself Read and reread every chapter every page every paragraph every line until you find yourself *A History of the Pharaohs* Arthur Edward Pearse Brome Weigall,1925 *Ancient Israel in Egypt* Daniel Tompsett,2023-02-07 This book looks back over thousands of years to explore the period in Egyptian history when the Bible identifies that Ancient Israel was resident in Egypt It asks and answers one very simple question What new things can we learn about this period of history if we treat the Bible as a valid historical document Whereas this topic is often approached from either the perspective of the Bible or Egyptology this work genuinely attempts to occupy the ground between the two It uses Scripture like a torch carried into the deepest recesses of the established historical facts and theories concerning the late Middle Kingdom period the Second Intermediate period and the early New Kingdom period in Egyptian history Along the way it considers some of the latest discoveries innovations and theories from the world of Egyptology and unearths a trove of tangible points of connection

As such the narrative forms a two way perspective where the biblical account illuminates stubbornly opaque moments in Egyptian history and chronology and where the meticulous work of Egyptologists provides appropriate additional background to the Bible The result is a sharper perspective of an ancient account that has a surprisingly current application for us all
