

Lifetime Of Experiences

Tangling melody's rhythms throughout intellect, feeling them spreading and touching particles of this brain, creating many sights, developing thoughts, images and portraits of prose.

All being written out, a lifetime of experiences and situations through many walks and avenues of life, finding extraordinary attitudes of positivism.

Enlightening and improving everything being found through coded rhythms, then formulated in mathematical formulas and equations, a treasure trove of joy and it's happiness.

Always ready to be accepted by intellect and written down in poetry journals for all of posterity, a future of gems and wisdom written to possibly fall back on when faced with decisions of what this world should be.
