Contextualising Difficulties in Literacy

Development Gavin Reid, Janet Soler, Janice Wearmouth, 2014-06-03 This book provides a range of interdisciplinary and international perspectives on difficulties in literacy development. The high profile team of contributors provide ethical and policy discussions as well as contextualising individual and collective strategies to addressing difficulties in literacy development. The chapters break new ground by encompassing a wide range of perspectives related to critical literacy: socio-cultural, cognitive and psychological viewpoints to help inform practice, policy and research into literacy difficulties. Issues addressed include the different ways literacy can be conceptualised through social science based disciplinary perspectives; the issues at the centre of current public and professional debates surrounding literacy difficulties and how these have impacted upon pedagogical responses; the impact of these wider political and social issues on individual students. This reader forms the basis of the Open University's Difficulties in Literacy Development course but will also be of interest to postgraduate students, teachers, researchers, education professionals and policymakers who are keen to address difficulties in literacy development.

The SAGE Handbook of Dyslexia Gavin Reid, Angela Fawcett, Frank Manis, Linda Siegel, 2008-09-18 The SAGE Handbook of Dyslexia is a comprehensive overview of a complex field. It is a rich critical assessment of past and present theory and current research which also looks to the future. The editors have brought together key figures from the international academic world both researchers and practitioners to examine the relationships between theoretical paradigms, research and practice and to map new areas of research. The book has 5 main sections: neurological/genetic perspectives; cognitive and learning perspectives; educational influences beyond school; international perspectives.

Social Problem Solving Maurice J. Elias, Steven E. Tobias, 1996-03-08 This volume describes proven practical techniques for promoting key skills in students for everyday social, academic, familial and vocational success. Based on the work of a highly acclaimed 15 year ongoing multisite project, the approach is designed to help professionals encourage the development of enduring life tools and prevent substance abuse, HIV infection, violence and other behavior related problems. The program is directed toward children in primarily K-8 populations at high, moderate and low levels of risk in both regular and special education contexts.

Dyslexia: Advances in Theory and Practice I. Lundberg, Finn Egil Tønnessen, Ingolv Austad, 2012-12-06 A balanced view of recent research on reading disability is presented by leading international scholars representing various subdisciplines of psychology and allied sciences. The volume provides researchers, graduate students, educators and other professionals with up-to-date and practical useful knowledge of and insights into the latest theories and findings of the nature and causes of reading disability. Rational guidelines for assessment, prevention and intervention are also provided based on such concepts as phonological and orthographical processing, automaticity and metacognition. Several chapters are written without technical terminology yet with scientific rigor and should be readable by a wide audience.

Dyslexia Gavin Reid, 2013-04-02 The main purpose of this new edition is to incorporate the most recent theoretical and practical research in
