literary exploration and discovery concerned with the recovery of lost works with those writers whose works were out of print or hard to find and whose names were somehow not fashionable in the current discourse but who are important nevertheless Edouard Roditi Barbara Barg and Tom Savage for example should be better known but their books are largely ignored This collection of essays highlights those works on the periphery such as Turkish poets Seyhan Er z elik and K k skender while it also includes several essays on better known queer authors like Pierre Guyotat and Pier Paolo Pasolini focusing on often overlooked qualities in their work that bear looking at closely These essays on works of literature are complemented by a number of texts on jazz again highlighting important and interesting figures in the world of jazz and free improvisation that may have fallen through the cracks such as the pianist Richard Twardzick and the Ganelin trio which recorded their great experimental work Ancora da Capo in 1980 behind the Iron Curtain Attention is also given to more popular figures such as Stan Getz The volume is completed with a series of essays reappraising Roman poets in the twenty first century offering fresh new translations and readings of authors such as Catullus and Callimachus A collection of essays like an anthology is by its nature incomplete Essays on the Peripheries is a kind of sketch rather than a finished portrait of the author s changing impressions on various subjects over the years
